

117TH CONGRESS
1ST SESSION

H. R. 838

To support children with disabilities during the COVID–19 pandemic.

IN THE HOUSE OF REPRESENTATIVES

FEBRUARY 4, 2021

Mr. SCHIFF (for himself and Ms. JOHNSON of Texas) introduced the following bill; which was referred to the Committee on Appropriations, and in addition to the Committee on the Budget, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned

A BILL

To support children with disabilities during the COVID–
19 pandemic.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Supporting Children
5 with Disabilities During COVID–19 Act”.

6 **SEC. 2. FINDINGS.**

7 Congress finds the following:

8 (1) A free appropriate public education is a
9 fundamental educational right of all children with

1 disabilities, guaranteed by the Rehabilitation Act of
2 1973 (29 U.S.C. 701 et seq.) and the Individuals
3 with Disabilities Education Act (20 U.S.C. 1400 et
4 seq.).

5 (2) More than 7,000,000 school-aged children
6 with disabilities, approximately 13 percent of the
7 total student enrollment, are currently entitled to in-
8 dividualized education and related services mandated
9 by the Individuals with Disabilities Education Act.

10 (3) Nearly 500,000 infants and toddlers, as
11 well as their families, receive supports and services
12 under the Individuals with Disabilities Education
13 Act and these early interventions have been proven
14 to improve education outcomes.

15 (4) Under the Individuals with Disabilities Edu-
16 cation Act, schools and lead agencies responsible for
17 the administration of funds under part C of the In-
18 dividuals with Disabilities Education Act (20 U.S.C.
19 1431 et seq.) (referred to in this Act as “lead agen-
20 cies”) are required to provide early intervention, spe-
21 cial education, and related services to children with
22 disabilities, an obligation that requires services out-
23 lined in a child’s individualized family service plan
24 (referred to as an “IFSP”) or individualized edu-
25 cation program (referred to as an “IEP”).

1 (5) Children with disabilities have been dis-
2 proportionately impacted by the disruptions to edu-
3 cation resulting from the COVID–19 pandemic, with
4 many children with disabilities needing additional
5 supports and services to meet their IEP and IFSP
6 goals as the delivery of education and services has
7 shifted from in-person to remote formats.

8 (6) Local educational agencies and lead agen-
9 cies face extra costs associated with adjusting serv-
10 ices and continuing to provide a free, appropriate
11 public education while children with disabilities are
12 receiving services through distance learning and re-
13 mote service delivery.

14 (7) Schools are facing unprecedented budget
15 challenges due to the rising costs of responding to
16 COVID–19, coupled with State and local revenue
17 shortfalls, as well as the severe and persistent under-
18 funding of the Individuals with Disabilities Edu-
19 cation Act.

20 (8) To ensure that schools and lead agencies
21 continue to meet the needs of children with disabil-
22 ities and their families, including providing trained
23 and certified special educators and education sup-
24 port specialists, emergency supplemental funding is

1 needed under the Individuals with Disabilities Edu-
2 cation Act.

3 (9) Emergency supplemental funding is also
4 needed under the Assistive Technology Act of 1998
5 (29 U.S.C. 3001 et seq.) because services provided
6 under that Act help ensure that students with dis-
7 abilities have the technology devices and services
8 they need to access equal educational opportunities.

9 **SEC. 3. SUPPLEMENTAL APPROPRIATIONS.**

11 priated, out of any money in the Treasury not otherwise
