A BILL

To establish the Office for the Equitable, Transparent, and Accountable Puerto Rico Reconstruction, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Community Driven Re-
5 covery for Puerto Rico Act”.

6 **SEC. 2. FINDINGS.**

7 Congress finds the following:

1 (1) Recovery from the devastation caused by
2 natural disasters should be agile, effective, and pro-
3 mote resiliency for future disasters. Other priorities
4 include promoting accountability and transparency
5 in the use of Federal funds that will be spent in
6 these efforts and implementing mechanisms to en-
7 sure those ends.

8 (2) The current systems of the agencies in
9 charge of recovery in Puerto Rico are over-central-
10 ized and do not serve the purpose of agile and effec-
11 tive planning and implementation or of effective
12 monitoring and accounting.

13 (3) The centralized system of Federal recovery
14 spending for Puerto Rico excludes most communities
15 from program design and program implementation
16 prioritization, does not take advantage of the local
17 historical and institutional knowledge on the use of
18 Federal recovery funds, and is not as flexible and re-
19 sponsive as the local implementation network.

20 (4) An Office for Equitable, Transparent, and
21 Accountable Puerto Rico Reconstruction should be
22 established so that diverse civil society leaders in
23 Puerto Rico are in positions to help ensure equi-
24 table, effective, transparent, and accountable recov-
25 ery and development of Puerto Rico.

1 (5) The work of the Office for Equitable,
2 Transparent, and Accountable Puerto Rico Recon-
3 struction should be guided by the following prin-
4 ciples:

5 (A) Equitable and resilient recovery and
6 development that is responsive to under-served
7 populations and vulnerable groups as well as
8 applies innovative and sustainable investments.

9 (B) An empowered civil society in Puerto
10 Rico that does not substitute State or local gov-
11 ernment, but that is protected from abuse and
12 that can participate in the decision making
13 processes through effective participation mecha-
14 nisms, as through their local organizations and
15 government representatives.

16 (C) Effective and agile spending of Federal
17 funds for the recovery and long-term resiliency
18 of families, communities, municipalities, and
19 local Puerto Rican businesses and organiza-
20 tions.

21 (D) Accountability of those executing and
22 implementing plans and programs, and trans-
23 parency before the Federal Government and the
24 people from Puerto Rico.

1 (E) Recovery efforts that feed on local
2 knowledge and visions on how to rebuild the is-
3 land.

4 (F) A regional approach to mitigation and
5 adaptation through the coordination of Federal,
6 State, local, and community efforts.

7 **SEC. 3. OFFICE FOR EQUITABLE, TRANSPARENT, AND AC-**
