2D SESSION

H. CON. RES. 110

Calling for urgent international intervention on behalf of Iraqi civilians facing a dire humanitarian crisis and severe persecution in the Nineveh Plain region of Iraq.

IN THE HOUSE OF REPRESENTATIVES

JULY 24, 2014

Mr. FORTENBERRY (for himself, Ms. ESHOO, Mr. WOLF, and Mr. VAN HOLLEN) submitted the following concurrent resolution; which was referred to the Committee on Foreign Affairs

CONCURRENT RESOLUTION

Calling for urgent international intervention on behalf of Iraqi civilians facing a dire humanitarian crisis and severe persecution in the Nineveh Plain region of Iraq.

Whereas the United Nations High Commissioner for Refugees reports as of January 2014 a total population of concern in Iraq numbering 1,522,855 people, including refugees and internally displaced persons, many of whom face grave deprivation and imminent threats to life, health, and safety;

Whereas recent extremist attacks on civilians have exacerbated the serious dislocations and pressures facing individuals within this population of concern, and have had a particularly severe effect on ethnic and religious minority communities in the region, where civilians require im-

mediate and urgent access to potable water, health care, fuel, electricity, and basic security;

Whereas the United Nations Security Council stated on July 22, 2014, “The members of the Security Council further recall that widespread or systematic attacks directed against any civilian populations because of their ethnic background, religious beliefs or faith may constitute a crime against humanity, for which those responsible must be held accountable,” and denounced the persecution of Iraqi Christians and other minorities, including Yizidis and Mandeans;

Whereas reports indicate that some 150,000 Iraqi people in the immediate region of the Nineveh Plain, whose families have a history in the region dating back hundreds and even thousands of years, are now facing ethnic and religious cleansing, persecution, harassment, intimidation, extortion, displacement from their homes, and have been targeted for retribution by extremist elements affiliated with the Islamic State of Iraq and Syria (ISIS);

Whereas the United Nations Security Council adopted Resolution 2165 (July 14, 2014), which can provide guidance for urgent action in Iraq, as it addresses similarly grave humanitarian needs in neighboring Syria;

Whereas Iraqi civilians in the Nineveh Plain region require immediate protection from armed militants and urgent humanitarian assistance; and

Whereas the grave humanitarian crisis in the Nineveh Plain region has serious potential implications for the broader stability of Iraq and other nations in the region: Now, therefore, be it
