22 **SEC. 504. SENSE OF SENATE ON UNDERUTILIZED FACILI-**
 23 **TIES OF THE NATIONAL AERONAUTICS AND**
 24 **SPACE ADMINISTRATION AND THEIR POTEN-**
 25 **TIAL USE.**

26 *(a) FINDINGS.—The Senate finds the following:*

1 (1) *The National Aeronautics and Space Admin-*
2 *istration (NASA) is the ninth largest real property*
3 *holder of the Federal Government, with more than*
4 *124,000 acres and more than 4,900 buildings and*
5 *other structures with a replacement value of more*
6 *than \$30,000,000,000.*

7 (2) *The annual operation and maintenance costs*
8 *of the National Aeronautics and Space Administra-*
9 *tion have increased steadily, and, as of 2012, the Ad-*
10 *ministration has more than \$2,300,000,000 in annual*
11 *deferred maintenance costs.*

12 (3) *According to Office of Inspector General*
13 *(OIG) of the National Aeronautics and Space Admin-*
14 *istration, the Administration continues to retain real*
15 *property that is underutilized, does not have identi-*
16 *fied future mission uses, or is duplicative of other as-*
17 *sets in its real property inventory.*

18 (4) *The Office of Inspector General, the Govern-*
19 *ment Accountability Office (GAO), and Congress have*
20 *identified the aging and duplicative infrastructure of*
21 *the National Aeronautics and Space Administration*
22 *as a high priority and longstanding management*
23 *challenge.*

24 (5) *In the NASA Authorization Act of 2010,*
25 *Congress directed the National Aeronautics and Space*

1 *Administration to examine its real property assets*
2 *and downsize to fit current and future missions and*
3 *expected funding levels, paying particular attention*
4 *to identifying and removing unneeded or duplicative*
5 *infrastructure.*

6 *(6) The Office of Inspector General found at least*
7 *33 facilities, including wind tunnels, test stands, air-*
8 *fields, and launch infrastructure, that were underuti-*
9 *lized or for which National Aeronautics and Space*
10 *Administration managers could not identify a future*
11 *mission use and that the need for these facilities have*
12 *declined in recent years as a result of changes in the*
13 *mission focus of the Administration, the condition*
14 *and obsolescence of some facilities, and the advent of*
15 *alternative testing methods.*

16 *(7) The Office of Inspector General found that*
17 *the National Aeronautics and Space Administration*
18 *has taken steps to minimize the costs of continuing to*
19 *maintain some of these facilities by placing them in*
20 *an inactive state or leasing them to other parties.*

21 *(8) The National Aeronautics and Space Admin-*
22 *istration has a series of initiatives underway that, in*
23 *the judgment of the Office of Inspector General, are*
24 *“positive steps towards ‘rightsizing’ its real property*
25 *footprint”, and the Office of Inspector General has*

1 concluded that “it is imperative that NASA move for-
2 ward aggressively with its infrastructure reduction ef-
3 forts”.

4 (9) Existing and emerging United States com-
5 mercial launch and exploration capabilities are pro-
6 viding cargo transportation to the International
7 Space Station and offer the potential for providing
8 crew support, access to the International Space Sta-
9 tion, and missions to low Earth orbit while the Na-
10 tional Aeronautics and Space Administration focuses
11 its efforts on heavy-lift capabilities and deep space
12 missions.

13 (10) National Aeronautics and Space Adminis-
14 tration facilities and property that are underutilized,
15 duplicative, or no longer needed for Administration
16 requirements could be utilized by commercial users
17 and State and local entities, resulting in savings for
18 the Administration and a reduction in the burden of
19 the Federal Government to fund space operations.

20 (b) SENSE OF SENATE.—It is the sense of the Senate
21 that the levels in this concurrent resolution assume—

22 (1) the National Aeronautics and Space Admin-
23 istration should move forward with plans to reduce
24 its infrastructure and, to the greatest extent prac-
25 ticable, make property available for lease to a govern-

1 *ment or private tenant or report the property to the*
2 *General Services Administration (GSA) for sale or*
3 *transfer to another entity;*

4 *(2) the National Aeronautics and Space Admin-*
5 *istration should pursue opportunities for streamlined*
6 *sale or lease of property and facilities, including for*
7 *exclusive use, to a private entity, or expedited convey-*
8 *ance or transfer to a State or political subdivision,*
9 *municipality, instrumentality of a State, or Depart-*
10 *ment of Transportation-licensed launch site operators*
11 *for the promotion of commercial or scientific space*
12 *activity and for developing and operating space*
13 *launch facilities; and*

14 *(3) leasing or transferring underutilized facili-*
15 *ties and properties to commercial space entities or*
16 *State or local governments will reduce operation and*
17 *maintenance costs for the National Aeronautics and*
18 *Space Administration, save money for the Federal*
19 *Government, and promote commercial space and the*
20 *exploration goals of the Administration and the*
21 *United States.*
