# CONCURRENT RESOLUTION

Supporting the goals and ideals of GLSEN's 2020 Day of Silence in bringing attention to anti-lesbian, gay, bisexual, transgender, and queer (LGBTQ) name-calling, bullying, and harassment faced by individuals in schools.

Whereas the National Day of Silence is a day in which students take a vow of silence to bring attention to the anti-lesbian, gay, bisexual, transgender, and queer name-calling, bullying, and harassment faced by individuals in schools;

Whereas GLSEN is a national nonprofit organization working to create safe and affirming learning environments in primary and secondary schools nationwide, regardless of sexual orientation, gender identity, or gender expression;

Whereas GLSEN designates one day of every April as the Day of Silence;

Whereas hundreds of thousands of students at thousands of schools have participated in the National Day of Silence in past years;

Whereas GLSEN's 2017 National School Climate Survey illustrates the pervasive harassment and victimization faced by lesbian, gay, bisexual, transgender, and queer students by documenting their experiences within the preceding academic year;

Whereas 70 percent of lesbian, gay, bisexual, transgender, and queer students reported being verbally harassed by their peers at school because of their sexual orientation, and 59 percent because of their gender expression;

Whereas 29 percent of lesbian, gay, bisexual, transgender, and queer students reported being physically harassed by

their peers at school because of their sexual orientation, and 24 percent because of their gender expression;

Whereas nearly 13 percent of lesbian, gay, bisexual, transgender, and queer students reported being physically assaulted by their peers at school because of their sexual orientation, and 11 percent because of their gender expression;

Whereas 60 percent of lesbian, gay, bisexual, transgender, and queer students reported that they felt unsafe in school because of their sexual orientation, and 35 percent reported missing at least one entire schoolday in the preceding month because of safety concerns;

Whereas transgender students were more likely than all other students to report feeling unsafe at school because of their gender expression;

Whereas according to the 2015 National Transgender Discrimination Survey, those who expressed a transgender identity or gender nonconformity while in grades K through 12 reported alarming rates of harassment, physical assault, and sexual violence so severe that 17 percent of those surveyed had to leave school;

Whereas according to the 2017 National School Climate Survey, student academic performance is affected such that lesbian, gay, bisexual, transgender, and queer students who experienced high levels of harassment and assault because of their sexual orientation or gender expression report a grade point average nearly a half grade lower than those of lesbian, gay, bisexual, transgender, and queer students who experienced low levels of such harassment and assault;

Whereas the presence of supportive staff contributed to a range of positive indicators including fewer reports of missing school, fewer reports of feeling unsafe, greater academic achievement, higher educational aspirations, and a greater sense of school belonging;

Whereas a growing number of States, cities, and local education authorities are adopting laws and policies to prohibit name-calling, bullying, harassment, and discrimination against students on the basis of their sexual orientation and gender identity or expression; and

Whereas every child should be guaranteed an education free from name-calling, bullying, harassment, and discrimination regardless of his or her sexual orientation and gender identity or expression: Now, therefore, be it

1        *Resolved by the House of Representatives (the Senate*  
2 *concurring), That Congress—*

3            (1) supports the goals and ideals of the Na-
