## RESOLUTION

Condemning campus protest backers.

Whereas violent protesters have taken over dozens of spaces on college campuses across the country, impacting the education of thousands of tuition-paying students;

Whereas these protesters have called for “Death to America” and “Death to Israel”, a United States ally;

Whereas these protesters have threatened and targeted other students with racist and antisemitic rhetoric and blocked students from attending their classes;

Whereas protesters have torn down and desecrated flags of the United States and replaced them with Palestinian flags;

Whereas Hamas, a radically violent terrorist organization responsible for countless murders and rapes, runs the Palestinian Government;

Whereas terrorist groups in Iran have praised and shown solidarity with these protesters;

Whereas protesters at George Washington University defaced and desecrated a statue of its namesake, the first President of the United States, and a former professor of the school sympathetic to the protesters accosted a Member of this body with racist language;

Whereas protesters at Columbia University took over and occupied a campus building, requiring the New York Police Department to restore order;

Whereas, at Columbia University and the University of Southern California, protester behavior forced the cancellation of commencement ceremonies for graduating students;

Whereas these protests have been funded and organized by leftist groups like Students for Justice in Palestine, IfNotNow, and Within Our Lifetime, all of which received funding from George Soros;

Whereas Students for Justice in Palestine called the deadly attacks on Israeli civilians on October 7, 2023, a “historic win”; and

Whereas David Rockefeller, Jr., and the Rockefeller Brothers Fund gave to Jewish Voice for Peace, which blames the October 7 attacks on Israel and the United States rather than Hamas: Now, therefore, be it
