Whereas drowning is a problem we can solve, teaching adults to swim is the central cause of the Swimming Saves Lives Foundation, the charitable arm of USMS, and its foundation partners;

Whereas the grants and resources are privately provided by the charitable and generous contributions of 60,000 USMS members and supporters;

Whereas April is the ideal month for this designation as pools and other bodies of water open for the spring and summer seasons; and

Whereas nationally, April is being recognized as Learn to Swim Month, and with the help of State governments throughout the Nation highlighting this lifesaving effort, the commendable goal of making water available for fun, fitness and health to our fellow non-swimming neighbors can be attained: Now, therefore, be it
