

117TH CONGRESS
1ST SESSION

H. RES. 284

Affirming that all men and women are created equal.

IN THE HOUSE OF REPRESENTATIVES

MARCH 29, 2021

Mrs. LAWRENCE (for herself, Ms. SPEIER, Ms. DEAN, and Mrs. DEMINGS)
submitted the following resolution; which was referred to the Committee

RESOLUTION

Affirming that all men and women are created equal.

Whereas the advancement of gender equality is fundamental
to the democracy of the United States;

Whereas the Declaration of Independence states, “We hold
these truths to be self-evident, that all men are created
equal, that they are endowed by their Creator with cer-
tain unalienable Rights, that among these are Life, Lib-
erty and the pursuit of Happiness”;

Whereas the Declaration of Sentiments and Resolutions,
drafted by Elizabeth Cady Stanton at Seneca Falls, New
York, in 1848, and based on the Declaration of Inde-
pendence, reiterates that both genders are endowed with
unalienable rights to life, liberty, and the pursuit of hap-
piness;

Whereas, in 1919, the 66th Congress of the United States passed a resolution proposing an amendment to the Constitution extending the right of suffrage to women;

Whereas, in 1920, the 19th Amendment was adopted to the Constitution of the United States, guaranteeing all women the right to vote in elections throughout the country;

Whereas the resolution proposing the Equal Rights Amendment to the States for ratification, which was first introduced in Congress in 1923 and agreed to with bipartisan support in 1972, provides that “Equality of rights under the law shall not be denied or abridged by the United States or by any State on account of sex”, thereby ensuring the same constitutional protections for both men and women;

Whereas women have served in the labor movements, civil rights movements, and other causes to create a more fair and just society for all; and

Whereas, while there has been exceptional progress toward gender equality and parity in the United States since the drafting of the Declaration of Sentiments and Resolutions in 1848, women continue to experience institutionalized discrimination, gender-based violence, and systematic barriers to equality: Now, therefore, be it
