RESOLUTION

Commemorating the anniversary of the invasion of Poland and recognizing the importance of the United States alliance with the Republic of Poland.

Whereas, on September 1, 1939, German forces led by Adolf Hitler attacked the Republic of Poland;

Whereas, on September 17, 1939, Soviet forces led by Joseph Stalin attacked the Republic of Poland;

Whereas, subsequent to the completion of the invasion, the Republic of Poland was divided under the terms of the Secret Protocol of the Molotov–Ribbentrop Pact, which was signed on August 23, 1939;

Whereas Adolf Hitler issued the command to invade with orders “to send to death mercilessly and without compas-

sion, men, women, and children of Polish derivation and language”;

Whereas, in Poland, a traditionally tolerant country that was home to Europe’s largest Jewish population, German occupying forces established death camps where millions were murdered;

Whereas Poland lost a higher percentage of its population than any other nation in World War II due to the genocide perpetrated by occupying forces;

Whereas an estimated 6,000,000 Poles were killed, roughly half of whom were Jewish;

Whereas relations between the United States and Poland date back several centuries;

Whereas Polish settlers first arrived in Jamestown in 1608;

Whereas the current relationship between the United States and the Republic of Poland is deep and mutually beneficial to both countries;

Whereas, since the collapse of communism in Europe, the Republic of Poland’s prosperity and integration into Western institutions has provided a model for other countries in the region;

Whereas the addition of the Republic of Poland to the North Atlantic Treaty Organization (NATO) in 1999 has strengthened the alliance and provided a crucial bulwark against aggression by Russia; and

Whereas the Department of State describes the Republic of Poland as “a stalwart ally in Central Europe and one of the United States’ strongest partners in fostering security and prosperity regionally, throughout Europe, and the world”: Now, therefore, be it
