

111TH CONGRESS
1ST SESSION

S. 1734

To reduce the cost of health care and ensure patient access to doctors by ending excessive malpractice verdicts through common-sense lawsuit reform.

IN THE SENATE OF THE UNITED STATES

SEPTEMBER 30, 2009

Mr. KYL (for himself and Mr. CORNYN) introduced the following bill; which was read twice and referred to the Committee on the Judiciary

A BILL

To reduce the cost of health care and ensure patient access to doctors by ending excessive malpractice verdicts through common-sense lawsuit reform.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Medical Liability Re-
5 form Act of 2009”.

6 **SEC. 2. FINDINGS.**

7 Congress makes the following findings:

1 (1) Medical liability laws create a significant
2 portion of the overall costs of health care, and con-
3 tribute to Americans' lack of access to health care.

4 (2) A 2006 study by PriceWaterhouse Coopers
5 found that medical liability laws and the practice of
6 defensive medicine contribute to 10 percent of all
7 health care costs.

8 (3) The non-partisan Congressional Budget Of-
9 fice estimated that the Federal Government could di-
10 rectly save about \$5,600,000,000 by enacting certain
11 medical liability reforms, and that total health care
12 spending could be reduced even further if these re-
13 forms reduced the practice of defensive medicine.

14 (4) According to economists Daniel P. Kessler
15 and Mark B. McClellan, defensive medicine alone
16 costs Americans more than \$100,000,000,000 every
17 year.

18 (5) Medicaid and Medicare costs must be low-
19 ered to keep these crucial programs solvent.

20 (6) In part because of the costs of medical li-
21 ability, 40 percent of physicians refuse to see new
22 Medicaid patients.

23 (7) Reform of the medical liability laws has
24 been proven to increase access to doctors and spe-
25 cialists while lowering health care costs.

1 (8) In 2003, Texas adopted medical liability re-
2 forms that placed a cap on non-economic damages in
3 medical liability cases and combated junk science by
4 raising the standards of qualification for expert wit-
5 nesses.

6 (9) After Texas passed this reform, premiums
7 for medical malpractice liability insurance fell by 27
8 percent on average, and in some cases, by more than
9 50 percent.

10 (10) Because the Texas reforms led to more af-
11 fordable health insurance premiums, more than
12 400,000 additional Texans are covered by health in-
13 surance than if reform had not passed.

14 (11) Because of the Texas reforms, Texas saw
15 an overall growth rate of 31 percent in the number
16 of new physicians.

17 (12) The growth rate in the number of physi-
18 cians in Texas was particularly pronounced in long-
19 underserved geographic areas such as the rural and
20 border regions, and in key specialties such as obstet-
21 rics, neurosurgery, and orthopedic surgery.

22 (13) Arizona adopted medical liability reforms
23 that deterred frivolous litigation by requiring expert
24 opinion testimony at the threshold of medical liabil-

1 ity suits and by raising the standards of qualifica-
2 tion for expert witnesses.

3 (14) The health care and insurance industries
4 are industries affecting interstate commerce and the
5 health care liability litigation systems existing
6 throughout the United States are activities that af-
7 fect interstate commerce by contributing to the high
8 costs of health care and premiums for health care li-
9 ability insurance purchased by health care system
10 providers.

11 (15) The health care liability litigation systems
12 existing throughout the United States have a signifi-
13 cant effect on the amount, distribution, and use of
14 Federal funds because of—

15 (A) the large number of individuals who
16 receive health care benefits under programs op-
17 erated or financed by the Federal Government;

18 (B) the large number of individuals who
19 benefit because of the exclusion from Federal
20 taxes of the amounts spent to provide them
21 with health insurance benefits; and

22 (C) the large number of health care pro-
23 viders who provide items or services for which
24 the Federal Government makes payments.

24 number of parties other than a health care institu-
25 tion against whom the action is brought or the num-

1 ber of separate claims or actions brought with re-
2 spect to the same occurrence.

3 (2) HEALTH CARE INSTITUTIONS.—

15 health professional were the party or defendant
16 against whom or on whose behalf the testimony is
17 offered.

18 (3) POWER OF COURT.—Nothing in this sub-
19 section shall limit the power of the trial court in a
20 health care lawsuit to disqualify an expert witness
21 on grounds other than the qualifications set forth

8 care professional's acts, errors, or omis-
9 sions caused or contributed to the damages
10 or other relief sought by the claimant.

11 (3) DISPUTES.—If the claimant in any health
12 care lawsuit or its attorney certifies that expert tes-
13 timony is not required for the claim and the defend-
14 ant disputes that certification in good faith, the de-
15 fendant may apply by motion to the court for an
16 order requiring the claimant to obtain and serve a

4 Act;

5 (B) preempt or supercede any State law

15 **SEC. 8. APPLICABILITY; EFFECTIVE DATE.**

16 This Act shall apply to any health care lawsuit
17 brought in a Federal or State court, or subject to an alter-
18 native dispute resolution system, that is initiated on or
19 after the date of the enactment of this Act.
