1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

**3 SECTION 1. SHORT TITLE.**

4       This Act may be cited as the “Supporting Kinship  
5       Connections Act”.

**6 SEC. 2. FINDINGS.**

7       Congress makes the following findings:

1                         (1) 2,500,000 children in the United States are  
2 living in kinship care with grandparents or other rel-  
3 atives.

4                         (2) With the rise of heroin and other opioid-use,  
5 more kin caregivers are stepping up to raise children  
6 who are in need of foster care and permanent  
7 homes.

8                         (3) Grandparents and relatives residing in  
9 urban, rural, and suburban households in every  
10 county of the United States have stepped forward  
11 out of love and loyalty to care for children during  
12 times in which parents are unable to do so.

13                         (4) Kinship caregivers provide safety, promote  
14 well-being, and establish stable households for vul-  
15 nerable children.

16                         (5) Kinship care enables a child to maintain  
17 family relationships and cultural heritage and re-  
18 main in the community of the child.

19                         (6) Kinship care is a national resource that pro-  
20 vides loving homes for children at risk.

21                         (7) Kinship caregivers face daunting challenges  
22 to keep countless children from entering foster care.

23                         (8) Kinship navigator programs have been  
24 shown to proactively provide support to kinship care-

1       givers in an effort to avert crises and potentially  
2       prevent more costly services.

3   **SEC. 3. GRANTS TO DEVELOP, ENHANCE, OR EVALUATE**
