

113TH CONGRESS
2D SESSION

S. 2753

To increase the recruitment and retention of school counselors, school social workers, and school psychologists by low-income local educational agencies.

IN THE SENATE OF THE UNITED STATES

JULY 31, 2014

Mr. TESTER introduced the following bill; which was read twice and referred to the Committee on Health, Education, Labor, and Pensions

A BILL

To increase the recruitment and retention of school counselors, school social workers, and school psychologists by low-income local educational agencies.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Increasing Student
5 Achievement by Increasing Student Support Act”.

6 **SEC. 2. FINDINGS.**

7 Congress finds the following:

8 (1) Research shows that socioeconomic status
9 and family background characteristics are highly
10 correlated with educational outcomes, with a con-

1 centration of low-performing schools in low-income
2 and under-served communities.

3 (2) Teachers cite poor working conditions, stu-
4 dent behavior, lack of student motivation, and lack
5 of administrative support as key reasons why they
6 choose to leave the teaching profession.

7 (3) Teachers and principals working for low-in-
8 come local educational agencies are increasingly
9 tasked with addressing not only the academic needs
10 of a child, but also the social, emotional, and behav-
11 ioral needs of a child that require the services of a
12 school counselor, school social worker, and school
13 psychologist, and these needs often interfere with de-
14 livering quality instruction and raising student
15 achievement.

16 (4) Only 16 percent of children who need men-
17 tal health services receive such services. 70 to 80
18 percent of these children access mental health serv-
19 ices at school.

20 (5) Students are more likely to seek help when
21 they need it if school-based mental health services
22 are available.

23 (6) Rates of abuse and neglect of young chil-
24 dren in military families have doubled with the in-
25 creased military involvement of the United States

1 abroad since October 2002; likewise, adolescents
2 with deployed parents report increased perceptions
3 of uncertainty and loss, role ambiguity, negative
4 changes in mental and behavioral health, and in-
5 creased relationship conflict, raising concerns about
6 the impact of deployment on military personnel and
7 their families and whether schools that serve a large
8 number of children with deployed parents have suffi-
9 cient staff and expertise to meet these challenges.

10 (7) Children of military families in rural com-
11 munities are often geographically isolated, and
12 schools that were already experiencing understaffing
13 of school counselors, school social workers, and
14 school psychologists face even greater challenges
15 meeting the increased needs of students enduring
16 the stress that comes along with having a deployed
17 parent or parents.

18 (8) Schools served by low-income local edu-
19 cational agencies suffer disproportionately from a
20 lack of services, with many schools sharing a single
21 school counselor, school social worker, or school psy-
22 chologist with neighboring schools.

23 (9) Too few school counselors, school social
24 workers, and school psychologists per student means

1 that such personnel are often unable to effectively
2 address the needs of students.

3 (10) The American School Counselor Associa-
4 tion and American Counseling Association rec-
5 ommend having at least 1 school counselor for every
6 250 students.

7 (11) The School Social Work Association of
8 America recommends having at least 1 school social
9 worker for every 400 students.

10 (12) The National Association of School Psy-
11 chologists recommends having at least 1 school psy-
12 chologist for every 500–700 students.

13 (13) Recent research of victimization of chil-
14 dren ages 2 to 17 suggests that more than one-half
15 of the children experienced a physical assault in the
16 study year. More than 1 in 4 experienced a property
17 offense, more than 1 in 8 experienced a form of
18 child maltreatment, 1 in 12 experienced a sexual vic-
19 timization, and more than 1 in 3 had been a witness
20 to violence or experienced another form of indirect
21 victimization. Only 29 percent of the children had no
22 direct or indirect victimization.

23 (14) Principals and teachers see signs of trau-
24 ma-related stress in many students including hostile

1 outbursts, sliding grades, poor test performance, and
2 the inability to pay attention.

3 (15) There were more than 423,000 children in
4 foster care in 2009, and studies have revealed these
5 children to have higher rates of placement in special
6 education, dropping out of school, discipline prob-
7 lems, and poorer academic skills than their non-fos-
8 ter care peers.

9 **SEC. 3. PURPOSE.**

10 The purpose of this Act is to increase the recruitment
11 and retention of school counselors, school social workers,
12 and school psychologists by low-income local educational
13 agencies in order to—

14 (1) support all students who are at risk of neg-
15 ative educational outcomes;

16 (2) improve student achievement, which may be
17 measured by growth in academic achievement on
18 tests required by the applicable State educational
19 agency, persistence rates, graduation rates, and
20 other appropriate measures;

21 (3) improve retention of teachers who are high-
22 ly qualified;

23 (4) increase and improve outreach and collabo-
24 ration between school counselors, school social work-

1 ers, and school psychologists and parents and fami-
 2 lies served by low-income local educational agencies;

3 (5) increase and improve collaboration among
 4 teachers, principals, school counselors, school social
 5 workers, and school psychologists and improve pro-
 6 fessional development opportunities for teachers and
 7 principals in the area of strategies related to improv-
 8 ing classroom climate and classroom management;
 9 and

10 (6) improve working conditions for all school
 11 personnel.

12 **SEC. 4. GRANT PROGRAM TO INCREASE THE NUMBER OF**
 13 **SCHOOL COUNSELORS, SCHOOL SOCIAL**
 14 **WORKERS, AND SCHOOL PSYCHOLOGISTS EM-**
