

112TH CONGRESS
2D SESSION

S. 3291

To prohibit unauthorized third-party charges on wireline telephone bills, and for other purposes.

IN THE SENATE OF THE UNITED STATES

JUNE 13, 2012

Mr. ROCKEFELLER introduced the following bill; which was read twice and referred to the Committee on Commerce, Science, and Transportation

A BILL

To prohibit unauthorized third-party charges on wireline telephone bills, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Fair Telephone Billing
5 Act of 2012”.

6 **SEC. 2. FINDINGS.**

7 Congress makes the following findings:

8 (1) For years, telephone users have complained
9 that their wireline telephone bills included unauthor-
10 ized third-party charges.

1 (2) This problem, commonly referred to as
2 “cramming”, first appeared in the 1990s, after
3 wireline telephone companies opened their billing
4 platforms to an array of third-party vendors offering
5 a variety of services.

6 (3) Since the 1990s, the Federal Communica-
7 tions Commission, the Federal Trade Commission,
8 and State attorneys general have brought multiple
9 enforcement actions against dozens of individuals
10 and companies for engaging in cramming.

11 (4) An investigation by the Committee on Com-
12 merce, Science, and Transportation of the Senate
13 confirmed that cramming is a problem of massive
14 proportions and has affected millions of telephone
15 users, costing them billions of dollars in unauthor-
16 ized third-party charges over the past decade.

17 (5) The Committee showed that third-party bill-
18 ing through wireline telephone numbers has largely
19 failed to become a reliable method of payment that
20 consumers and businesses can use to conduct legiti-
21 mate commerce.

22 (6) Telephone companies regularly placed third-
23 party charges on their customers’ telephone bills
24 without their customers’ authorization.

1 (7) Many companies engaged in third-party bill-
2 ing were illegitimate and created solely to exploit the
3 weaknesses in the third-party billing platforms es-
4 tablished by telephone companies.

5 (8) In the last decade, millions of business and
6 residential consumers have transitioned from
7 wireline telephone service to interconnected VoIP
8 service.

9 (9) Users of interconnected VoIP service often
10 use the service as the primary telephone line for
11 their residences and businesses.

12 (10) Users of interconnected VoIP service that
13 have telephone numbers through the service should
14 be protected from the same vulnerabilities that af-
15 fected third-party billing through wireline telephone
16 numbers.

17 (11) In increasing numbers, wireless users are
18 making the same complaints that wireline telephone
19 users have been making since the 1990s.

20 (12) Wireless users are reporting unauthorized
21 third-party charges on their wireless bills for services
22 they did not enroll in.

23 **SEC. 3. UNAUTHORIZED THIRD-PARTY CHARGES.**

24 (a) IN GENERAL.—Section 258 of the Communica-
25 tions Act of 1934 (47 U.S.C. 258) is amended—

13 **tified third-party vendor;**

14 **“(B) the third-party charge is for a prod-**
15 **uct or service that a local exchange carrier or**
16 **provider of interconnected VoIP service jointly**
17 **markets or jointly sells with its own service;**

18 **“(C) the customer affirmatively consented**
19 **to the placement of the third-party charge on**
20 **the bill; and**

21 **“(D) the local exchange carrier or provider**
22 **of interconnected VoIP service has a good faith**
23 **reason to believe that the third-party charge is**
24 **for a product or service requested by the cus-**

1 “(2) FORFEITURE.—Any person who commits a
2 violation under paragraph (1) shall be subject to a
3 civil forfeiture, which shall be determined in accord-

5 penalty shall be double the otherwise applicable
6 amount of the penalty under section 503.

7 “(3) DEFINITIONS.—In this subsection:

8 “(A) CERTIFIED THIRD-PARTY VENDOR.—

9 The term ‘certified third-party vendor’ means a
10 person that has a contractual right to receive
11 billing and collection services from a local ex-
12 change carrier or a provider of interconnected
13 VoIP service.

14 “(B) THIRD-PARTY CHARGE.—The term

23 customer to seek and receive, directly from the pro-

- 1 vider of wireless services, reimbursement for any un-
- 2 authorized third-party charges in a timely manner.
