S. 3673

To investigate the role of the Chinese Communist Party in the novel coronavirus global pandemic and to secure damages on behalf of victims in the United States and abroad.

IN THE SENATE OF THE UNITED STATES

MAY 11, 2020

Mr. HAWLEY introduced the following bill; which was read twice and referred to the Committee on Foreign Relations

A BILL

To investigate the role of the Chinese Communist Party in the novel coronavirus global pandemic and to secure damages on behalf of victims in the United States and abroad.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Justice for Victims
5 of Coronavirus Around the World Act”.

6 **SEC. 2. SENSE OF CONGRESS.**

7 It is the sense of Congress that—

1 (1) beginning in December 2019, if not earlier,
2 the Government of the People’s Republic of China
3 concealed the emergence and spread of the novel
4 coronavirus (referred to in this Act as “COVID–
5 19”) by, among other things—

6 (A) silencing medical professionals, jour-
7 nalists, and academic researchers;

8 (B) halting research and destroying or oth-
9 erwise denying access by Chinese and inter-
10 national public health authorities to COVID–19
11 viral samples and relevant medical information
12 and research;

13 (C) obstructing access by international
14 public health authorities to parts of the
15 COVID–19 outbreak epicenter;

16 (D) releasing partial or incorrect data
17 about the number of COVID–19 cases and
18 deaths in the People’s Republic of China and
19 COVID–19 modes of transmission;

20 (E) using the World Health Organization
21 to amplify its false messaging; and

22 (F) waging a global propaganda offensive
23 to deflect attention away from its mishandling
24 of the COVID–19 outbreak and create un-
25 founded accounts of the origins of the virus;

1 (2) since December 2019, COVID–19 has
2 transformed from a local disease outbreak in
3 Wuhan, China, into a global pandemic, as declared
4 by the World Health Organization on March 11,
5 2020, that is infecting millions, killing hundreds of
6 thousands, and imposing severe economic hardship
7 on billions of people worldwide;

8 (3) initial actions or omissions by the Govern-
9 ment of the People’s Republic of China to conceal
10 the emergence and spread of COVID–19 facilitated
11 the transformation of COVID–19 from a local dis-
12 ease outbreak into a global pandemic by obstructing
13 the timely and effective containment of the virus
14 within the Chinese mainland and limiting the avail-
15 ability of information that other nations needed to
16 prevent or control the spread of the virus into their
17 territories;

18 (4) the failure by the Government of the Peo-
19 ple’s Republic of China to fully disclose information
20 on the COVID–19 outbreak in a timely manner to
21 the World Health Organization and other nations
22 appears to constitute a violation of the International
23 Health Regulations (2005), a legally binding agree-
24 ment among 196 countries, including the People’s
25 Republic of China;

1 (5) the Government of the People’s Republic of
2 China should be held accountable for the harm in-
3 flicted upon the lives and livelihoods of the people of
4 the United States and other nations due to its ef-
5 forts to conceal the emergence and spread of
6 COVID–19;

7 (6) the United States Government should there-
8 fore establish and lead an international commission
9 to determine fully how actions or omissions by the
10 Government of the People’s Republic of China to
11 conceal the emergence and spread of COVID–19
12 contributed to the transformation of COVID–19
13 from a local disease outbreak into a global pan-
14 demic; and

15 (7) if the international investigation establishes
16 that actions or omissions by the Government of the
17 People’s Republic of China to conceal the emergence
18 and spread of COVID–19 caused or substantially
19 aggravated the transformation of COVID–19 from a
20 local disease outbreak into a global pandemic, or if
21 the Government of the People’s Republic of China
22 refuses to cooperate fully with the international in-
23 vestigation, then the United States Government
24 should lead international efforts—

1 (A) to quantify the harm caused or sub-
2 stantially aggravated by actions or omissions by
3 the Government of the People’s Republic of
4 China to conceal the emergence and spread of
5 COVID–19 to the health and economic well-
6 being of the people of the United States and
7 other nations; and

8 (B) to secure damages from the Govern-
9 ment of the People’s Republic of China, espe-
10 cially by identifying ways to compel the Govern-
11 ment of the People’s Republic of China to pay
12 damages.

13 **SEC. 3. JUSTICE FOR VICTIMS OF CORONAVIRUS TASK**
