115TH CONGRESS 1ST SESSION S. 581

AN ACT

To include information concerning a patient's opioid addiction in certain medical records.

- 1 Be it enacted by the Senate and House of Representa-
- 2 tives of the United States of America in Congress assembled,

1	SECTION 1. SHORT TITLE.
2	This Act may be cited as "Jessie's Law".
3	SEC. 2. INCLUSION OF OPIOID ADDICTION HISTORY IN PA-
4	TIENT RECORDS.
5	(a) Best Practices.—
6	(1) In general.—Not later than 1 year after
7	the date of enactment of this Act, the Secretary of
8	Health and Human Services, in consultation with
9	appropriate stakeholders, including a patient with a
10	history of opioid use disorder, an expert in electronic
11	health records, an expert in the confidentiality of pa-
12	tient health information and records, and a health
13	care provider, shall identify or facilitate the develop-
14	ment of best practices regarding—
15	(A) the circumstances under which infor-
16	mation that a patient has provided to a health
17	care provider regarding such patient's history of
18	opioid use disorder should, only at the patient's
19	request, be prominently displayed in the med-
20	ical records (including electronic health records)
21	of such patient;
22	(B) what constitutes the patient's request
23	for the purpose described in subparagraph (A);
24	and
25	(C) the process and methods by which the
26	information should be so displayed.

- 1 (2) DISSEMINATION.—The Secretary shall dis-2 seminate the best practices developed under para-3 graph (1) to health care providers and State agen-4 cies.
- 5 (b) REQUIREMENTS.—In identifying or facilitating 6 the development of best practices under subsection (a), as 7 applicable, the Secretary, in consultation with appropriate 8 stakeholders, shall consider the following:
 - (1) The potential for addiction relapse or overdose, including overdose death, when opioid medications are prescribed to a patient recovering from opioid use disorder.
 - (2) The benefits of displaying information about a patient's opioid use disorder history in a manner similar to other potentially lethal medical concerns, including drug allergies and contraindications.
 - (3) The importance of prominently displaying information about a patient's opioid use disorder when a physician or medical professional is prescribing medication, including methods for avoiding alert fatigue in providers.
 - (4) The importance of a variety of appropriate medical professionals, including physicians, nurses, and pharmacists, to have access to information de-
