

115TH CONGRESS
1ST SESSION

S. RES. 187

Congratulating and honoring Fermi National Accelerator Laboratory on 50 years of groundbreaking discoveries.

IN THE SENATE OF THE UNITED STATES

JUNE 7, 2017

Ms. DUCKWORTH (for herself and Mr. DURBIN) submitted the following resolution; which was considered and agreed to

RESOLUTION

Congratulating and honoring Fermi National Accelerator Laboratory on 50 years of groundbreaking discoveries.

Whereas, in 2017, Fermi National Accelerator Laboratory (referred to in this preamble as “Fermilab”) celebrates the 50th anniversary of the date on which the first employees of Fermilab started work in Illinois, June 15, 1967;

Whereas Fermilab drives scientific discovery by building and operating world-leading particle accelerator and detector facilities, performing pioneering research with national and global partners, and developing new technologies for science that support the industrial competitiveness of the United States;

Whereas Fermilab provides research facilities for 4,500 scientists from 50 countries;

Whereas research at Fermilab led to the discovery of the 3 building blocks of the universe, the bottom quark in 1977, the top quark in 1995, and the tau neutrino in 2000;

Whereas superconducting magnets developed at Fermilab led to the advancement of magnetic resonance imaging medical diagnostics;

Whereas Fermilab contributed critical components, computing capabilities, and scientific expertise to the 2012 discovery of the Higgs boson in Geneva, Switzerland;

Whereas Fermilab continues to lead scientific discoveries, including planning construction for the Long-Baseline Neutrino Facility to power the Deep Underground Neutrino Experiment; and

Whereas Fermilab demonstrates its strong commitment to developing a diverse workforce for the future in the fields of science, technology, engineering, and mathematics through educational programs that bring more than 15,000 K-12 students to visit Fermilab each year: Now, therefore, be it

1 *Resolved*, That the Senate—

2 (1) congratulates and honors the Fermi Na-
3 tional Accelerator Laboratory on the semicentennial
4 of the Laboratory; and

5 (2) wishes the Laboratory success in continuing
6 to help the people of the United States understand
7 the mysteries of matter, energy, space, and time.
