Enactment of this legislation could impact the Utah Board of Higher Education in three ways. Enactment of this legislation could cost the Board \$50,000 one-time in FY 2025 and \$175,000 ongoing beginning in FY 2025 to conduct a biennial review of all institutions related to compliance of this bill. The Board has indicated that they can absorb these costs as part of their regular review process of institutions. Enactment of this legislation could also cost the Board \$420,000 one-time in FY 2025 and \$140,000 ongoing beginning in FY 2026 to contract with a company to develop a campus climate survey. Additionally, enactment of this legislation could lead to a cost saving for the Board of \$163,000 beginning in FY 2025 to reduce personnel expenditures currently related to issues prohibited by this bill. Inasmuch as institutions of higher education transition funding from prohibited items listed within this bill to spending on student success activities and offices, their spending could change but ultimately result in cost neutral spending.

Notes on Notes

Fiscal notes estimate the direct costs or revenues of enacting a bill. The Legislature uses them to balance the budget. They do not measure a bill's benefits or non-fiscal impacts like opportunity costs, wait times, or inconvenience. A fiscal note is not an appropriation. The Legislature decides appropriations separately.
