Local Government

UCA 36-12-13(2)(c)

This bill has no direct impact on retirement rates. Should local government employers opt to pay the 45% surcharge to hire an employee covered by the bill, and presuming the rehired wage is \$65,000 for up to 260 individuals annually, then local governments may incur a cost of up to \$7.6 million annually.

Individuals & Businesses

UCA 36-12-13(2)(d)

For eligible individuals, this bill expands the options for reemployment following retirement. For an individual with an average final compensation of \$65,000 and 30 years of service at age 55, and presuming the individual works an additional 5 years after retirement, this bill represents a potential increase in the present value of lifetime compensation of \$66,000. An estimated up to 260 individuals may seek to take advantage of the benefit.

Regulatory Impact

UCA 36-12-13(2)(e)

Enactment of this legislation likely will not change the regulatory burden for Utah residents or businesses.

Performance Note

JR4-2-404

No performance note required for this bill

Notes on Notes

Fiscal notes estimate the direct costs or revenues of enacting a bill. The Legislature uses them to balance the budget. They do not measure a bill's benefits or non-fiscal impacts like opportunity costs, wait times, or inconvenience. A fiscal note is not an appropriation. The Legislature decides appropriations separately.
