165 **benefitted government property.**

166 (1) (a) Each local entity that levies an assessment under this chapter:

167 (i) except for an appropriate allocation for an unassessed benefitted government
168 property, may not assess a property for more than the amount that the property benefits by the
169 improvement, operation and maintenance, or economic promotion activities;

170 (ii) may levy an assessment only for the actual costs that are reasonable; and
171 (iii) shall levy an assessment on a benefitted property in an amount that reflects an
172 equitable portion, subject to Subsection (1)(b), of the benefit the property will receive from an
173 improvement, operation and maintenance, or economic promotion activities for which the
174 assessment is levied.

175 (b) The local entity, in accounting for a property's benefit or portion of a benefit
176 received from an improvement, operation and maintenance, or economic promotion activities,
177 shall consider:

178 (i) any benefit that can be directly identified with the property; and
179 (ii) the property's roughly equivalent portion of the benefit that is collectively shared by
180 all the assessed properties in the entire assessment area or classification.

181 (c) The validity of an otherwise valid assessment is not affected by the fact that the
182 benefit to the property from the improvement does not increase the fair market value of the
183 property.

184 (2) ~~[The]~~ Subject to Subsection (4), the assessment method a governing body uses to
185 calculate an assessment may be according to frontage, area, taxable value, fair market value,

187 methods, or any other method as the governing body considers appropriate to comply with
188 Subsections (1)(a) and (b).

190 (a) shall:

191 (i) (A) levy the assessment on each block, lot, tract, or parcel of property that benefits
192 from the improvement; and

193 (B) to whatever depth, including full depth, on the parcel of property that the governing
194 body determines but that still complies with Subsections (1)(a) and (b);

195 (ii) make an allowance for each corner lot receiving the same improvement on both
196 sides so that the property is not assessed at the full rate on both sides; and

197 (iii) pay for any increase in size or capacity that serves property outside of the

198 assessment area with funds other than those levied by an assessment;

199 (b) may:

200 (i) use different methods for different improvements in an assessment area;

201 (ii) assess different amounts in different classifications, even when using the same
202 method, if acquisition or construction costs differ from classification to classification;

203 (iii) allocate a corner lot allowance under Subsection (3)(a)(ii) to all other benefitted
204 property within the assessment area by increasing the assessment levied against the other
205 assessed property in the same proportion as the improvement is assessed;

206 (iv) to comply with Subsection (1)(a), levy an assessment within classifications; and

207 (v) assess property to replace improvements that are approaching or have exceeded
208 their useful life or to increase the level of service of an existing improvement; and

209 (c) may not:

210 (i) consider the costs of the additional size or capacity of an improvement that will be
211 increased in size or capacity to serve property outside of the assessment area when calculating
212 an assessment or determining an assessment method; or

213 (ii) except for in a voluntary assessment area or as provided in Subsection (3)(b)(v),
214 assess a property for an improvement that would duplicate or provide a reasonably similar
215 service that is already provided to the property.

216 (4) A local entity that levies an assessment under this chapter for economic promotion
217 activities:

218 (a) shall:

219 (i) subject to Section [11-42-408](#), levy the assessment on each benefitted property; and

220 (ii) subject to Subsection (4)(d), use an assessment method that, when applied to a
221 benefitted property, meets the requirements of Subsection (1)(a);

222 [~~(a)~~] (b) may:

223 (i) levy an assessment only on commercial or industrial real property; and

224 (ii) create classifications based on property use, or other distinguishing factors, to
225 determine the estimated benefit to the assessed property;

226 ~~[(b)]~~ (c) subject to Subsection (4)(d), may rely on, in addition to the assessment
227 methods described in Subsection (2), estimated benefits from an increase in:

- 228 (i) office lease rates;
- 229 (ii) retail sales rates;
- 230 (iii) customer base;
- 231 (iv) public perception;
- 232 (v) hotel room rates and occupancy levels;
- 233 (vi) property values;
- 234 (vii) the commercial environment from enhanced services;
- 235 (viii) another articulable method of estimating benefits; or
- 236 (ix) a combination of the methods described in Subsections (4)~~[(b)]~~(c)(i) through (viii);

237 and

238 ~~[(c) subject to Subsection (4)(d), shall use an assessment method that, when applied to~~
239 ~~a benefitted property, meets the requirements of Subsection (1)(a); and]~~

240 (d) may not use taxable value, fair market value, or any other assessment method based
241 on the value of the property as the sole assessment method.

242 (5) A local entity may levy an assessment that would otherwise violate a provision of
243 this chapter if the owners of all property to be assessed voluntarily enter into a written
244 agreement with the local entity consenting to the assessment.

245 (6) A local entity may allocate the cost of a benefit received by an unassessed
246 benefitted government property to all other benefitted property within the assessment area by
247 increasing the assessment levied against the other assessed property in the same proportion as
248 the improvement, operation and maintenance, or economic promotion activities are assessed.
