338 (2) The number of units is computed by adding the average daily membership of all pupils of the school district enrolled in kindergarten and multiplying the total by .55.
339 (a) In those school districts that do not hold kindergarten for a full nine-month term, the local school board or charter school governing board may approve a shorter term of nine weeks' duration.
340 (b) Upon local school board approval, the number of pupils in average daily membership at the short-term kindergarten shall be counted for the purpose of determining the number of units allowed in the same ratio as the number of days the short-term kindergarten is held, not exceeding nine weeks, compared to the total number of days schools are held in that school district in the regular school year.

349 (c) The growth factor is the percentage increase in total average daily membership on the first school day of October in the current year as compared to the total average daily membership on the first school day of October of the previous year.

(b) An application must be submitted to the board before April 2, and the board must report a decision to a [school district] local school board before June 2.

(3) The board shall adopt standards and make rules, in accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act, to:

(a) govern the approval of necessarily existent small schools consistent with principles of efficiency and economy [and which shall] that serve the purpose of eliminating schools where consolidation is feasible by participation in special school units; and

(4) A one or two-year secondary school that has received necessarily existent small school money under this section prior to July 1, 2000, may continue to receive such money in subsequent years [under board rule].

(5) The board shall prepare and publish objective standards and guidelines for determining which small schools are necessarily existent after consultation with local school boards.

(6) (a) Additional weighted pupil units for schools classified as necessarily existent small schools shall be computed using regression formulas adopted by the board.

(b) The additional weighted pupil units may not exceed the difference between what the school district receives for a consolidated school and what the school district would have received for the small schools had they not been consolidated.

(8) (a) Subject to Subsection (8)(b), the board may distribute a portion of necessarily existent small schools funding in accordance with a formula adopted by the board that considers the tax effort of a local school board.

(b) The amount distributed in accordance with Subsection (8)(a) may not exceed the necessarily existent small schools fund in balance of the prior fiscal year.

(9) A local school board may use the money allocated under this section for maintenance and operation of school programs or for other school purposes as approved by the board.

(b) Except as provided in Subsection (3)(c), in order to receive state support the first
year, a school district shall receive voter approval no later than December 1 of the year

board of authority to continue the levy.

(c) If adoption of a voted local levy is contingent upon an offset reducing other local
school board levies, the local school board [must] shall allow the electors, in an election, to
consider modifying or discontinuing the imposition of the levy prior to a subsequent increase in other levies that would increase the total local school board levy.

(d) Nothing contained in this section terminates, without an election, the authority of a [school district] local school board to continue imposing an existing voted local levy previously authorized by the voters as a voted leeway program.

(6) Notwithstanding Section 59-2-919, a [school district] local school board may budget an increased amount of ad valorem property tax revenue derived from a voted local levy imposed under this section in addition to revenue from eligible new growth as defined in Section 59-2-924, without having to comply with the notice requirements of Section 59-2-919, if:

   (i) in accordance with Subsections (9) and (10) on or after January 1, 2003; and

(7) Notwithstanding Section 59-2-919, a [school district] local school board may levy a tax rate under this section that exceeds the certified tax rate without having to comply with the notice requirements of Section 59-2-919 if:

(a) the levy exceeds the certified tax rate as the result of a [school district] local school board budgeting an increased amount of ad valorem property tax revenue derived from a voted local levy imposed under this section;

(b) the voted local levy was approved:
   (i) in accordance with Subsections (9) and (10) on or after January 1, 2003; and

maintenance under the state minimum school finance law.

(3) During that year the next succeeding fiscal year described in Subsection (2), the
school district's required tax rate for the basic program shall be reduced so that the yield from
