29 *Be it enacted by the Legislature of the state of Utah:*

30 Section 1. Section **53E-6-103** is amended to read:

31 **53E-6-103. Legislative findings on teacher quality -- Declaration of education as a**
32 **profession.**

33 (1) (a) The Legislature acknowledges that education is perhaps the most important
34 function of state and local governments, recognizing that the future success of our state and
35 nation depend in large part upon the existence of a responsible and educated citizenry.

36 (b) The Legislature further acknowledges that the primary responsibility for the
37 education of children within the state resides with their parents and that the role of state and
38 local governments is to support and assist parents in fulfilling that responsibility.

39 (2) (a) The Legislature finds that:

40 (i) quality teaching is the basic building block of successful schools and, outside of
41 home and family circumstances, the essential component of student achievement;

42 (ii) the high quality of teachers is absolutely essential to enhance student achievement
43 and to assure educational excellence in each classroom in the state's public schools; and

44 (iii) the implementation of a comprehensive continuum of data-driven strategies
45 regarding recruitment, preservice, licensure, induction, professional development, and
46 evaluation is essential if the state and its citizens expect every classroom to be staffed by a
47 skilled, caring, and effective teacher.

48 (b) In providing for the safe and effective performance of the function of educating
49 Utah's children, the Legislature further finds it to be of critical importance that education,
50 including instruction, administrative, and supervisory services, be recognized as a profession,
51 and that those who are licensed or seek to become licensed and to serve as educators:

52 (i) meet high standards both as to qualifications and fitness for service as educators
53 through quality recruitment and preservice programs [~~before assuming their responsibilities in~~
54 ~~the schools~~] designed to provide opportunities to demonstrate competency in a school
55 classroom setting;

56 (ii) maintain those standards in the performance of their duties while holding licenses,
57 in large part through participating in induction and ongoing professional development
58 programs focused on instructional improvement;

59 (iii) receive fair, systematic evaluations of their performance at school for the purpose
60 of enhancing the quality of public education and student achievement; and

61 (iv) have access to a process for fair examination and review of allegations made
62 against them and for the administration of appropriate sanctions against those found, in
63 accordance with due process, to have failed to conduct themselves in a manner commensurate
64 with their authority and responsibility to provide appropriate professional services to the
65 children of the state.
