42 in this part is effective only after no fewer than 50 states have agreed to enter into a compact  
43 substantially in the form of this part.

44 Section 2. Section [63N-2-902](#) is enacted to read:

45 **[63N-2-902](#). Definitions.**

46 As used in this part:

47 (1) "Commission" means the Interstate Economic Development Commission created in  
48 Section [63N-2-904](#).

49 (2) "Compact" means the Interstate Compact for Mutually Beneficial Economic  
50 Development described in this part.

51 (3) "Compacting state" means a state that has enacted enabling legislation for the  
52 compact.

53 (4) "Council" means the Interstate Economic Development Council created for each  
54 compacting state in Section [63N-2-905](#).

55 (5) "State" means a state of the United States, the District of Columbia, or any other  
56 territorial possession of the United States.

57 (6) (a) "Targeted subsidy" means an economic benefit, direct or indirect, granted by the  
58 government of a state, any agency or subdivision of the government of the state, or by a private

59 party on behalf of the government of the state to a specific commercial venture or specific class  
60 of commercial ventures to encourage or maintain within the state's borders a specific  
61 commercial venture or specific class of commercial ventures in which private persons have a  
62 substantial financial or ownership interest.

63 (b) "Targeted subsidy" includes any of the following granted or disbursed to a specific  
64 company, venture, or private enterprise that is not offered uniformly to all companies, ventures,  
65 or commercial enterprises in a state:

66 (i) money, property, or other assets;

67 (ii) tax reductions or tax credits, fee reductions, deferred tax liability, or general tax  
68 rate changes or valuation changes with the purpose of lowering tax liability;

69 (iii) debt bailouts, loan guarantees, reduced-cost loans, reduced-cost leases, and the  
70 provision of favorable bonding status; or

71 (iv) the provision of project-specific or project-supporting infrastructure.

72 (c) "Targeted subsidy" does not include:

73 (i) a benefit provided from the government's performance of essential government  
74 functions, including:

75 (A) the provision and maintenance of public infrastructure for general public benefit  
76 and public use;

77 (B) the performance of functions without which the state or political subdivision would  
78 cease to exist as a governmental body;

79 (C) the retention of private enterprise to perform functions of the type without which  
80 the state or political subdivision would cease to exist as a government body; and

81 (D) the procurement of supplies and services from private enterprise for the state's or  
82 political subdivision's ordinary business operations;

83 (ii) a benefit provided by the government to generally lower taxes or reduce  
84 regulations, including:

85 (A) the general and uniform reduction or repeal of regulations;

86 (B) the general and uniform reduction or repeal of taxes, assessments, or fees;

87 (C) the relaxation or repeal of special regulations that, if not relaxed or repealed, would  
88 otherwise subject specific individuals, entities, or classes of individuals or entities to regulatory  
89 burdens in excess of those imposed generally and uniformly; and

90 (D) the reduction or repeal of special taxes, assessments, or fees that, if not reduced or  
91 repealed, would otherwise subject specific individuals, entities, or classes of individuals or  
92 entities to taxation, assessments, or fees in excess of those imposed generally and uniformly; or  
93 (iii) a workforce development grant.

94 (7) "Workforce development grant" means a disbursement of money by a state or any  
95 agency or subdivision of the government of the state where the money will be used for training

102 subsidy to any company, commercial entity, or private enterprise for any headquarters,  
103 facilities, property, assets, or operations.

104 (2) Each compacting state shall enforce this compact and take all actions necessary and  
105 appropriate to effectuate this compact's purposes and intent.

106 (3) Because this compact is not retroactive, no existing targeted subsidy is impacted by  
107 this agreement, except that a change to the terms, including a renewal or reenactment, of an  
108 existing targeted subsidy is considered a new targeted subsidy and is not permitted under this  
109 compact.

110 (4) A workforce development grant is not subject to this compact.

111 (5) A compacting state may only withdraw from this compact four years after written  
112 notice is provided by the compacting state to the governor of every other compacting state.

113 Section 4. Section **63N-2-904** is enacted to read:

118 state chosen by the compacting state's council created in Section [63N-2-905](#).

119 (4) Each member of the commission attending any meeting of the commission is

122 business.

129 and fair interstate economic development policies, including successfully ending all targeted  
130 subsidies within compacting states;

- 132 (d) until such recognition is granted, annually petition the United States Congress for

135 such individuals appropriate authority to carry out the purposes of this compact; and
- 136 (f) establish a website that includes information regarding meetings of the commission  
137 and the bylaws of the commission.
- 138 (9) In fulfilling the commission's duties, the commission shall by a majority vote of  
139 commission members prescribe bylaws to govern the commission's conduct as may be  
140 necessary to carry out the purposes of this compact, including:
- 141 (a) establishing titles, duties and authority, and reasonable procedures for the election  
142 of officers of the commission;

152           (10) The commission, in the reasonable exercise of the commission's discretion, shall  
153 enforce the provisions of this compact and may:

154           (a) by majority vote, initiate legal action against a compacting state that is in violation  
155 of the terms of the compact in the U.S. District Court for the District of Columbia, the federal  
156 district in which the commission has its principal offices, or a federal district court where the  
157 compacting state is located; and

158           (b) seek injunctive relief and damages.
