	WHEREAS, millions of Americans are impacted by the hepatitis A virus (HAV),
• • • • • • • • • • • • • • • • • • • •	hepatitis B virus (HBV), and hepatitis C virus (HCV), which cause infection to the liver;

WHEREAS, an estimated 29,000 people in Utah live with HCV and an average of 272

27

H.C.R. 9 01-25-22 1:45 PM

28	HBV cases are reported to the state every year;
29	WHEREAS, more than half of people living with viral hepatitis are unaware they are
30	infected, thereby increasing their risk for severe health problems including cirrhosis, liver
31	cancer, liver transplant, and death;
32	WHEREAS, with immunizations, access to unused syringes and harm reduction
33	supplies, and early detection, hepatitis A, B, and C can be prevented, hepatitis B can be treated,
34	hepatitis C can be cured, and lives can be saved;
35	WHEREAS, the current epidemic of opioid and other substance use in the state is
36	increasing transmission of these viruses that are spread through blood, primarily through
37	injection but also through intranasal drug use;
38	WHEREAS, the Centers for Disease Control and Prevention recommends that:
39	(1) all individuals over 18 years old and pregnant women be screened for hepatitis C
40	virus;
41	(2) at-risk populations and all people born in regions of the world where HBV is
42	common be screened for hepatitis B virus; and
43	(3) eligible individuals receive routine vaccination against hepatitis A and B; and
44	WHEREAS, the Centers for Disease Control and Prevention recommends:
45	(1) education of the public and professionals on hepatitis prevention, testing, and
46	treatment;
47	(2) treatment of all persons living with chronic hepatitis; and
48	(3) the development of systems to conduct viral hepatitis surveillance:
49	NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the
50	Governor concurring therein, recognizes July 28 as National Hepatitis Day, and the month of
51	May as Hepatitis Awareness Month, joining the nationwide movement to raise awareness of
52	hepatitis infection.
53	BE IT FURTHER RESOLVED that the Legislature and the Governor urge all citizens
54	to screen for and learn about hepatitis infection in consultation with their primary health care
55	professional and in accordance with CDC guidelines.
