41 **requirements.**

42 (1) With the agreement of the prosecutor, a plea to a class B misdemeanor violation of
43 Section **41-6a-502** committed on or after July 1, 2008, may be entered as a conviction of
44 impaired driving under this section if:

45 (a) the defendant completes court ordered probation requirements; or

46 (b) (i) the prosecutor agrees as part of a negotiated plea; and

47 (ii) the court finds the plea to be in the interest of justice.

48 (2) A conviction entered under this section is a class B misdemeanor.

49 (3) (a) (i) If the entry of an impaired driving plea is based on successful completion of
50 probation under Subsection (1)(a), the court shall enter the conviction at the time of the plea.

51 (ii) If the defendant fails to appear before the court and establish successful completion
52 of the court ordered probation requirements under Subsection (1)(a), the court shall enter an
53 amended conviction of Section **41-6a-502**.

54 (iii) The date of entry of the amended order under Subsection (3)(a)(ii) is the date of
55 conviction.

56 (b) The court may enter a conviction of impaired driving immediately under
57 Subsection (1)(b).

58 (4) For purposes of Section **76-3-402**, the entry of a plea to a class B misdemeanor

65 name, case number, and, if known, the date of birth of each person convicted during the
66 preceding month of a violation of this section for whom there is evidence that the person was
67 driving while impaired, in whole or in part, by a prescribed controlled substance.

68 (6) (a) The provisions in Subsections 41-6a-505(1), (2), and [~~(3)~~] (4) that require a
69 sentencing court to order a convicted person to participate in a screening, an assessment, or an

72 (b) The court shall render the same order regarding screening, assessment, an

77 (7) (a) Except as provided in Subsection (7)(b), a report authorized by Section

159 (1) (a) The prosecution shall state for the record a factual basis for a plea, including
160 whether or not there had been consumption of alcohol, drugs, or a combination of both, by the
161 defendant in connection with the violation when the prosecution agrees to a plea of guilty or no
162 contest to a charge of a violation of the following in satisfaction of, or as a substitute for, an
163 original charge of a violation of Section 41-6a-502 for an offense committed before July 1,

191 (c) "Probation provider" means the supervisor and monitor of the ignition interlock
192 system required as a condition of probation who contracts with the court in accordance with
193 Subsections [41-6a-507\(2\)](#) and (3).

194 (2) (a) In addition to any other penalties imposed under Sections [41-6a-503](#) and
195 [41-6a-505](#), and in addition to any requirements imposed as a condition of probation, the court
196 may require that any person who is convicted of violating Section [41-6a-502](#) and who is
197 granted probation may not operate a motor vehicle during the period of probation unless that
198 motor vehicle is equipped with a functioning, certified ignition interlock system installed and
199 calibrated so that the motor vehicle will not start or continuously operate if the operator's blood
200 alcohol concentration exceeds a level ordered by the court.

201 (b) If a person convicted of violating Section [41-6a-502](#) was under the age of 21 when
202 the violation occurred, the court shall order the installation of the ignition interlock system as a
203 condition of probation.

204 (c) (i) If a person is convicted of a violation of Section [41-6a-502](#) within 10 years of a
205 prior conviction as defined in Subsection [41-6a-501\(2\)](#), the court shall order the installation of
206 the ignition interlock system, at the person's expense, for all motor vehicles registered to that
207 person and all motor vehicles operated by that person.

208 (ii) A person who operates a motor vehicle without an ignition interlock device as
209 required under this Subsection (2)(c) is in violation of Section [41-6a-518.2](#).

210 ~~(c)~~ (d) The division shall post the ignition interlock restriction on the electronic

214 (3) If the court imposes the use of an ignition interlock system as a condition of
215 probation, the court shall:

216 (a) stipulate on the record the requirement for and the period of the use of an ignition
217 interlock system;

223 probation provider within 30 days of the order.

224 (4) (a) The probationer shall provide timely proof of installation within 30 days of an
225 order imposing the use of a system or show cause why the order was not complied with to the
226 court or to the probationer's probation provider.

227 (b) The probation provider shall notify the court of failure to comply under Subsection
228 (4)(a).

229 (c) For failure to comply under Subsection (4)(a) or upon receiving the notification
230 under Subsection (4)(b), the court shall order the Driver License Division to suspend the
231 probationer's driving privileges for the remaining period during which the compliance was
232 imposed.

233 (d) Cause for failure to comply means any reason the court finds sufficiently justifiable
234 to excuse the probationer's failure to comply with the court's order.

235 (5) (a) Any probationer required to install an ignition interlock system shall have the
236 system monitored by the manufacturer or dealer of the system for proper use and accuracy at
237 least semiannually and more frequently as the court may order.

238 (b) (i) A report of the monitoring shall be issued by the manufacturer or dealer to the
239 court or the person's probation provider.

240 (ii) The report shall be issued within 14 days following each monitoring.

241 (6) (a) If an ignition interlock system is ordered installed, the probationer shall pay the
242 reasonable costs of leasing or buying and installing and maintaining the system.

243 (b) A probationer may not be excluded from this section for inability to pay the costs,
244 unless:

- 245 (i) the probationer files an affidavit of impecuniosity; and
- 246 (ii) the court enters a finding that the probationer is impecunious.
- 247 (c) In lieu of waiver of the entire amount of the cost, the court may direct the
- 248 probationer to make partial or installment payments of costs when appropriate.
- 249 (d) The ignition interlock provider shall cover the costs of waivers by the court under
- 250 this Subsection (6).

251 (7) (a) If a probationer is required in the course and scope of employment to operate a

252 motor vehicle owned by the probationer's employer, the probationer may operate that motor

253 vehicle without installation of an ignition interlock system only if:

- 254 (i) the motor vehicle is used in the course and scope of employment;
- 255 (ii) the employer has been notified that the employee is restricted; and
- 256 (iii) the employee has proof of the notification in the employee's possession while
- 257 operating the employer's motor vehicle.

258 (b) (i) To the extent that an employer-owned motor vehicle is made available to a

259 probationer subject to this section for personal use, no exemption under this section shall apply.

260 (ii) A probationer intending to operate an employer-owned motor vehicle for personal

261 use and who is restricted to the operation of a motor vehicle equipped with an ignition interlock

262 system shall notify the employer and obtain consent in writing from the employer to install a

263 system in the employer-owned motor vehicle.

264 (c) A motor vehicle owned by a business entity that is all or partly owned or controlled

265 by a probationer subject to this section is not a motor vehicle owned by the employer and does

266 not qualify for an exemption under this Subsection (7).

267 (8) (a) In accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act,

268 the commissioner shall make rules setting standards for the certification of ignition interlock

269 systems.

- 270 (b) The standards under Subsection (8)(a) shall require that the system:

- 272 (ii) have features that make circumventing difficult and that do not interfere with the
- 273 normal use of the motor vehicle;
- 274 (iii) require a deep lung breath sample as a measure of breath alcohol concentration;
- 275 (iv) prevent the motor vehicle from being started if the driver's breath alcohol

276 concentration exceeds a specified level;

277 (v) work accurately and reliably in an unsupervised environment;

278 (vi) resist tampering and give evidence if tampering is attempted;

279 (vii) operate reliably over the range of motor vehicle environments; and

280 (viii) be manufactured by a party who will provide liability insurance.

281 (c) The commissioner may adopt in whole or in part, the guidelines, rules, studies, or
282 independent laboratory tests relied upon in certification of ignition interlock systems by other
283 states.

284 (d) A list of certified systems shall be published by the commissioner and the cost of
285 certification shall be borne by the manufacturers or dealers of ignition interlock systems
286 seeking to sell, offer for sale, or lease the systems.

287 (e) (i) In accordance with Section [63J-1-504](#), the commissioner may establish an
288 annual dollar assessment against the manufacturers of ignition interlock systems distributed in
289 the state for the costs incurred in certifying.

290 (ii) The assessment under Subsection (8)(e)(i) shall be apportioned among the
291 manufacturers on a fair and reasonable basis.

292 (f) The commissioner shall require a provider of an ignition interlock system certified
293 in accordance with this section to comply with the requirements of Title 53, Chapter 3, Part 10,
294 Ignition Interlock System Program Act.

295 (9) There shall be no liability on the part of, and no cause of action of any nature shall
296 arise against, the state or its employees in connection with the installation, use, operation,
297 maintenance, or supervision of an interlock ignition system as required under this section.
