8. **Fiscal Implications:** This bill requires the renaming of adult day care centers to adult day centers in the Code of Virginia. In order to remain consistent with the code, the Department of Social Services (DSS) and/or Department of Aging and Rehabilitative Services will need to update the name on forms and/or websites. This effort should be minimal. According to DSS, in order to change all references to “adult day care center” within the agency, modifications to information systems, websites, forms and other related materials will need to be made. The agency believes that this will cost \$45,000 general fund in fiscal year 2025, which includes one-time costs for systems changes (\$39,000) and other related changes (\$6,000). It is possible that DSS could add systems changes into other, larger ongoing systems changes for economies of scale and the cost for other related costs can be absorbed.

9. **Specific Agency or Political Subdivisions Affected:** Department of Social Services, Department of Aging and Rehabilitative Services, local departments of social services

10. **Technical Amendment Necessary:** No.

11. Other Comments: This bill is identical to SB 173.
