**8. Fiscal Implications:** This substitute bill authorizes the Virginia Economic Development Partnership Authority (VEDP) to categorize a site of at least 50 acres as eligible to receive a site development grant from the Virginia Business Ready Sites Program Fund under certain conditions. The introduced budget bill, HB30/SB30, includes \$150.0 million the first year and \$50.0 million the second year from the general fund for the Virginia Business Ready Sites Program Fund. Budget language associated with this Fund provides that VEDP “consider investing these funds in economic development sites over 1,000 acres (“mega-sites”), and smaller sites of at least 50 acres concentrated in GO Virginia Regions 1 and 2.” This language may need to be amended to achieve the intent of this legislation. The reduction in acreage may increase the number of eligible applicants; the amount of grant payments is limited to the available appropriation of the Fund.

House and Senate approved amendments to HB30/SB30 include language revisions to Item 101 related to site eligibility for the Virginia Business Ready Program.

**9. Specific Agency or Political Subdivisions Affected:** Virginia Economic Development Partnership Authority.
