SHORT FORM

Introduced by Representatives Anthony of Barre City and Mulvaney-Stanak of  
Burlington

Referred to Committee on

Date:

Subject: Labor; unemployment insurance; eligibility; adjunct faculty

Statement of purpose of bill as introduced: This bill proposes to provide that individuals who are teaching at a post-secondary educational institution on an adjunct or contingent basis will be deemed not to have a reasonable assurance of future employment with an educational institution and be eligible for unemployment insurance between academic years or terms if any of the following requirements are met:

- (1) the employer controls whether any contingencies in an offer of future employment with the educational institution will be met;
- (2) under the totality of the circumstances, it is not highly probable that a job will be available for the individual during the next academic year or term;
- or
- (3) the job is contingent on an event that is not very likely to occur or a requirement that is not very likely to be met.
