Each captive insurance company shall report using generally accepted accounting principles, unless the commissioner requires, approves, or accepts the use of statutory accounting principles or other comprehensive basis of accounting, in each case with any appropriate or necessary modifications or adaptations thereof required or approved or accepted by the commissioner for the type of insurance and kinds of insurers to

Sec. 42. STUDY REGARDING THE CONVERSION OF NONPROFIT  
HOSPITALS

(a) The commissioner of banking, insurance, securities, and health care administration, in consultation with the attorney general or designee, a representative from the Vermont Association of Hospitals and Health Systems, and any other interested parties the commissioner deems appropriate, shall conduct a study of Vermont's law pertaining to the conversion of nonprofit hospitals, 18 V.S.A. § 9420. The commissioner shall determine:

(1) whether the definition of "qualifying amount" should be clarified or amended in any manner. For example, the commissioner shall consider whether the "assets" reviewed in making threshold determinations should be further defined or qualified, not only in terms of the amount but also the type of assets subject to jurisdiction under 18 V.S.A. § 9420; or, more broadly, whether a new standard, such as a materiality standard, should apply;

(2) whether the definition of "convert" should be clarified or amended in any manner. For example, the commissioner shall consider whether the sale of securities, bequests, buildings, and equipment, and contracts with physician and management groups should be specifically excluded from the term;

(3) whether the term “related conversions,” as it applies to conversions that must be aggregated for purposes of whether the threshold requirements have been met, should be further defined or clarified in any manner. For example, the commissioner shall consider whether a specific “look back” provision pertaining to prior conversions should be included in the statute and, if so, to what extent;

(4) whether nonprofit hospitals should provide prior written notice to the commissioner and the attorney general of conversions of less than the qualifying amount of assets. In making this determination, the commissioner shall consider the administrative burden and costs that a hospital would incur in complying with such a requirement;

(5) if the conversion also meets the threshold requirements of the certificate of need process, whether parallel investigations are necessary and, if so, whether the investigations can be conducted in a more coordinated manner to diminish the administrative burden on the applicable hospital, while not compromising the state’s existing regulatory objectives;

(6) whether existing or new exemptions are appropriate; and

(7) whether other amendments to the subject law would serve the general good of the state.

(b) The commissioner shall report his or her findings and recommendations to the house committee on commerce and economic development and the senate committee on finance not later than December 1, 2012. If the

commissioner proposes any statutory amendments, he or she shall provide a detailed rationale for each such proposal.

(c) It is the intent of the general assembly that there be sufficient state supervision of and involvement in any work group established under this section, consistent with federal and state antitrust laws.

Sec. 43. EFFECTIVE DATE

This act shall take effect on passage.

Approved: April 2, 2012
