individuals with a serious functional impairment who possess a prescription for a psychotropic medication and whether that prescription was prescribed before or after the individual was incarcerated.

(4) the number of individuals incarcerated in a correctional facility with a serious functional impairment who are in need of mental health services that are not currently available to them; and

(5) opportunities to combine the department of mental health's expertise with that of the department of corrections to improve the mental health services for individuals with a serious functional impairment who are incarcerated in a correctional facility.

Sec. 2. INCARCERATED INDIVIDUALS AND MENTAL HEALTH

The information collected shall include recidivism rates among this population. On or before January 15, 2013, the commissioner shall report this information and make recommendations to the house committee on corrections and institutions, the house committee on human services, the senate committee on health and welfare, and the senate committee on judiciary.
