- 1 Strike everything after the enacting clause and insert the 2 following:
- 3 "Sec. 1. RCW 74.60.005 and 2019 c 318 s 1 are each amended to 4 read as follows:
 - (1) The purpose of this chapter is to provide for a safety net assessment on certain Washington hospitals, which will be used solely to augment funding from all other sources and thereby support additional payments to hospitals for medicaid services as specified in this chapter.
- 10 (2) The legislature finds that federal health care reform will 11 result in an expansion of medicaid enrollment in this state and an 12 increase in federal financial participation.
- 13 (3) In adopting this chapter, it is the intent of the 14 legislature:
- 15 (a) To impose a hospital safety net assessment to be used solely 16 for the purposes specified in this chapter;
 - (b) To generate approximately one billion dollars per state fiscal biennium in new state and federal funds by disbursing all of that amount to pay for medicaid hospital services and grants to certified public expenditure and critical access hospitals, except costs of administration as specified in this chapter, in the form of additional payments to hospitals and managed care plans, which may not be a substitute for payments from other sources, but which include quality improvement incentive payments under RCW 74.09.611;
 - (c) To generate two hundred ninety-two million dollars per biennium during the ((2019-2021 and)) 2021-2023 and 2023-2025 biennia in new funds to be used in lieu of state general fund payments for medicaid hospital services;
- 29 (d) That the total amount assessed not exceed the amount needed, 30 in combination with all other available funds, to support the 31 payments authorized by this chapter;

(e) To condition the assessment on receiving federal approval for receipt of additional federal financial participation and on continuation of other funding sufficient to maintain aggregate payment levels to hospitals for inpatient and outpatient services covered by medicaid, including fee-for-service and managed care, at least at the rates the state paid for those services on July 1, 2015, as adjusted for current enrollment and utilization; and

- (f) For each of the two biennia starting with fiscal year $((\frac{2020}{}))$ 2022 to generate:
 - (i) Four million dollars for new integrated evidence-based psychiatry residency program slots that did not receive state funding prior to 2016 at the integrated psychiatry residency program at the University of Washington; and
- (ii) Eight million two hundred thousand dollars for family medicine residency program slots that did not receive state funding prior to 2016, as directed through the family medicine residency network at the University of Washington, for slots where residents are employed by hospitals.
- **Sec. 2.** RCW 74.60.020 and 2019 c 318 s 3 are each amended to 20 read as follows:
 - (1) A dedicated fund is hereby established within the state treasury to be known as the hospital safety net assessment fund. The purpose and use of the fund shall be to receive and disburse funds, together with accrued interest, in accordance with this chapter. Moneys in the fund, including interest earned, shall not be used or disbursed for any purposes other than those specified in this chapter. Any amounts expended from the fund that are later recouped by the authority on audit or otherwise shall be returned to the fund.
 - (a) Any unexpended balance in the fund at the end of a fiscal year shall carry over into the following fiscal year or that fiscal year and the following fiscal year and shall be applied to reduce the amount of the assessment under RCW 74.60.050(1)(c).
- 33 (b) Any amounts remaining in the fund after July 1, ((2023)) 34 2025, shall be refunded to hospitals, pro rata according to the 35 amount paid by the hospital since July 1, 2013, subject to the 1 limitations of federal law.
- 37 (2) All assessments, interest, and penalties collected by the 38 authority under RCW 74.60.030 and 74.60.050 shall be deposited into 39 the fund.

- (3) Disbursements from the fund are conditioned upon appropriation and the continued availability of other funds sufficient to maintain aggregate payment levels to hospitals for inpatient and outpatient services covered by medicaid, including feefor-service and managed care, at least at the levels the state paid for those services on July 1, 2015, as adjusted for current enrollment and utilization.
 - (4) Disbursements from the fund may be made only:

- 9 (a) To make payments to hospitals and managed care plans as 10 specified in this chapter;
 - (b) To refund erroneous or excessive payments made by hospitals pursuant to this chapter;
 - (c) For one million dollars per biennium for payment of administrative expenses incurred by the authority in performing the activities authorized by this chapter;
 - (d) For two hundred ninety-two million dollars per biennium, to be used in lieu of state general fund payments for medicaid hospital services, provided that if the full amount of the payments required under RCW 74.60.120 and 74.60.130 cannot be distributed in a given fiscal year, this amount must be reduced proportionately;
 - (e) To repay the federal government for any excess payments made to hospitals from the fund if the assessments or payment increases set forth in this chapter are deemed out of compliance with federal statutes and regulations in a final determination by a court of competent jurisdiction with all appeals exhausted. In such a case, the authority may require hospitals receiving excess payments to refund the payments in question to the fund. The state in turn shall return funds to the federal government in the same proportion as the original financing. If a hospital is unable to refund payments, the state shall develop either a payment plan, or deduct moneys from future medicaid payments, or both;
- (f) To pay an amount sufficient, when combined with the maximum available amount of federal funds necessary to provide a one percent increase in medicaid hospital inpatient rates to hospitals eligible for quality improvement incentives under RCW 74.09.611. By May 16, 2018, and by each May 16 thereafter, the authority, in cooperation with the department of health, must verify that each hospital eligible to receive quality improvement incentives under the terms of this chapter is in substantial compliance with the reporting requirements in RCW 43.70.052 and 70.01.040 for the prior period. For Code Rev/MW:lel S-2932.1/21

- the purposes of this subsection, "substantial compliance" means, in the prior period, the hospital has submitted at least nine of the twelve monthly reports by the due date. The authority must distribute quality improvement incentives to hospitals that have met these requirements beginning July 1 of 2018 and each July 1 thereafter; and
