2 following:

3 "NEW SECTION. **Sec. 1.** The legislature finds that good oral
4 health is an integral piece of overall health and well-being. Without
5 treatment, dental disease compromises overall health and requires
6 increasingly costly interventions. However, most dental disease can
7 be prevented at little cost through routine dental care and disease
8 prevention.

9 Dental-related issues are a leading reason that Washingtonians
10 seek care in hospital emergency departments, which has become the
11 source of care for many, especially uninsured and low-income
12 populations.

13 It is the intent of the legislature to expand access to oral
14 health care for all Washingtonians through an evidence-based mid-
15 level dental provider called a dental therapist. Dental therapy is a
16 strategy to address racial and ethnic disparities in health and rural
17 health care access gaps. Dental therapists are also a strategy to
18 increase workforce diversity in health care and expand career
19 opportunities for existing members of the dental care workforce such
20 as dental hygienists.

21 It is the legislature's intent that dental therapists will meet
22 the needs of local communities as they work under the direction of a
23 dentist licensed in accordance with state or federal law. The
24 legislature intends for dental therapists to be incorporated into the
25 dental care workforce and used to effectively treat more patients.

26 It is the intent of the legislature to follow the national
27 commission on dental accreditation's standards for dental therapy
28 education. This will ensure that dental therapists are trained to the
29 highest quality standards and provide state-to-state consistency. It
30 is the intent of the legislature that incorporating the commission on
31 dental accreditation's standards for dental therapy education will

1 pave the way for Washington education institutions to become
2 accredited programs and for students to qualify for financial aid.

3 It is also the intent of the legislature to provide an efficient
4 and reasonable pathway, through a limited license, for federally
5 certified dental health aide therapists or tribally licensed dental
6 therapists to become a Washington state licensed dental therapist.

15 disciplining authority to provide blanket exemptions to broad

29 issues related to imminent harm via lethal means or self-injurious
30 behaviors and that three-hour trainings for pharmacists or dentists

18 standards for advanced training and training in treatment modalities
19 shown to be effective in working with people who are suicidal.
20 Beginning July 1, 2021, all such training on the model list must meet
21 the minimum standards. When adopting the minimum standards, the
22 department must consult with the affected disciplining authorities,
23 public and private institutions of higher education, educators,
24 experts in suicide assessment, treatment, and management, the
25 Washington department of veterans affairs, and affected professional

27 (7) The department shall provide the health profession training
28 standards created in this section to the professional educator
29 standards board as a model in meeting the requirements of RCW
30 28A.410.226 and provide technical assistance, as requested, in the
31 review and evaluation of educator training programs. The educator
32 training programs approved by the professional educator standards
33 board may be included in the department's model list.

34 (8) Nothing in this section may be interpreted to expand or limit
35 the scope of practice of any profession regulated under chapter
36 18.130 RCW.

37 (9) The secretary and the disciplining authorities affected by
38 this section shall adopt any rules necessary to implement this
39 section.

8 training that includes only screening and referral elements if
9 appropriate for the profession in question based on the profession's
10 scope of practice. The board of occupational therapy may also approve
11 training that includes only screening and referral elements if
12 appropriate for occupational therapy practitioners based on practice
13 setting.

14 (11) A state or local government employee is exempt from the
15 requirements of this section if he or she receives a total of at
16 least six hours of training in suicide assessment, treatment, and
17 management from his or her employer every six years. For purposes of
18 this subsection, the training may be provided in one six-hour block
19 or may be spread among shorter training sessions at the employer's
20 discretion.
