By Committee on Ways & Means

1 Strike everything after the enacting clause and insert the
2 following:

3 "NEW SECTION. **Sec. 1.** The legislature finds that Washington
4 ranks poorly among all states in the amount of federal grants
5 received relative to income taxes collected from its residents.

6 The legislature also finds that many of Washington's communities,
7 particularly in slow-growing rural areas, face an economic
8 development "chicken and egg" dilemma in which they need to secure
9 matching dollars in order to obtain federal economic development
10 dollars that would increase the local tax base, local revenue, and
11 local employment and incomes.

12 The legislature further finds that recent federal legislation
13 provides funding for economic development clusters that Washington
14 state has invested in as part of its economic development strategy,
15 including broadband and clean energy, buildings, and transportation.
16 The federal legislation includes the infrastructure investment and
17 jobs act, P.L. 117-58, the creating helpful incentives to produce
18 semiconductors and science act, P.L. 117-167, and the inflation
19 reduction act, P.L. 117-169.

20 The legislature further finds that increasing the availability of
21 federal grant dollars in local communities provides a benefit of a
22 reasonably general character to a significant part of the public.

23 Therefore, the legislature intends to continue and expand its
24 efforts to increase the capacity of the department of commerce to
25 assist local communities in successfully applying for federal grant
26 dollars including through providing local communities with state
27 matching funds for securing federal grants.

28 **Sec. 2.** RCW 43.330.070 and 1993 c 280 s 10 are each amended to

12 efforts to manage growth and provide affordable housing and housing
13 services; providing for the identification and preservation of the
14 state's historical and cultural resources; and expanding employment
15 opportunities.

16 (2) The department shall define a set of services including
17 training and technical assistance that it will make available to
18 local communities, community-based nonprofit organizations, regional
19 areas, or businesses. The department shall simplify access to these
20 programs by providing more centralized and user-friendly information
21 and referral. The department shall coordinate community and economic
22 development efforts to minimize program redundancy and maximize
23 accessibility. The department shall develop a set of criteria for
24 targeting services to local communities. To the extent funding is
25 made available for this purpose, the department shall provide
26 technical assistance or enter into contracts to provide technical
27 assistance to assist local communities in developing competitive
28 applications for federal funding.

29 (3) The department shall develop a coordinated and systematic
30 approach to providing training to community-based nonprofit
31 organizations, local communities, and businesses. The approach shall
32 be designed to increase the economic and community development skills
33 available in local communities by providing training and funding for
34 training for local citizens, nonprofit organizations, and businesses.
35 The department shall emphasize providing training in those
36 communities most in need of state assistance.

39 the department of commerce, the department of agriculture, the

1 department of ecology, as well as private foundations and businesses,
2 on the prospects for obtaining federal and private funds for economic
3 development purposes in Washington state.

4 (3) The department may also facilitate joint efforts between
