    EFFECT: Removes the December 1, 2024, deadline for the Office
of the Superintendent of Public Instruction (OSPI)to develop school
and classroom materials on the lethality of fentanyl and other
opioids and adds that these materials are to be developed in
coordination with the Department of Health's public health campaign.

Extends, from December 1, 2024, to December 1, 2025, the deadline
for the OSPI to adjust the state health and physical education
learning standards for middle and high school students to add
opioids to the list of drugs included in drug-related education.

Directs the OSPI to update the school and classroom materials on the lethality of opioids to reflect the adjusted learning standards, and to make these materials available to school districts and public schools.
