

SENATE BILL REPORT

2SHB 1013

As of March 14, 2023

Title: An act relating to establishing regional apprenticeship programs through educational service districts.

Brief Description: Establishing regional apprenticeship programs.

Sponsors: House Committee on Appropriations (originally sponsored by Representatives Maycumber, Santos, Ybarra, Stonier, Dent, Goodman, Tharinger, Riccelli, Lekanoff, Rude, Walen, Robertson, Mosbrucker, Berry, Stokesbary, Fey, Harris, McClintock, Bronoske, Waters, Duerr, Hackney, Klicker, Kretz, Couture, Barnard, Walsh, Chapman, Griffey, Chopp, Leavitt, Ryu, Low, Barkis, Simmons, Schmidt, Sandlin, Bateman, Reed, Graham, Christian, Timmons, Pollet, Street, Rule, Connors, Cortes, Callan, Doglio, Orwall, Caldier, Reeves, Wylie, Bergquist, Thai, Kloba, Cheney and Ormsby).

Brief History: Passed House: 3/2/23, 97-0.

Committee Activity: Early Learning & K-12 Education: 3/15/23.

Brief Summary of Bill

- Directs the Office of the Superintendent of Public Instruction (OSPI) and educational service districts to establish the Regional Apprenticeship Preparation Pilot Program (Program) with five program sites located statewide.
- Directs OSPI, in collaboration with specified entities, to evaluate the Program and other issues and prepare a report by June 30, 2027.
- Extends the expiration date of the Work-Integrated Learning Advisory Committee from September 1, 2022, to June 30, 2027.

SENATE COMMITTEE ON EARLY LEARNING & K-12 EDUCATION

Staff: Benjamin Omdal (786-7442)

This analysis was prepared by non-partisan legislative staff for the use of legislative members in their deliberations. This analysis is not part of the legislation nor does it constitute a statement of legislative intent.

Background: Washington State Apprenticeship and Training Council. The Washington State Apprenticeship and Training Council (WSATC) regulates apprenticeships for state and federal purposes. The WSATC is administered by the Department of Labor and Industries. Apprenticeship preparation programs that meet the requirements of the WSATC, including having working relationships with one or more registered apprenticeship program sponsors, are designated as officially recognized programs.

Work-Integrated Learning Advisory Committee. Legislation enacted in 2018 directed the Superintendent of Public Instruction, in consultation with the Employment Security Department and the Workforce Training and Education Coordinating Board, to convene a ten-person Work-Integrated Learning Advisory Committee (WILAC) to provide advice to the Legislature and the education and workforce sectors on creating opportunities for students to:

- explore and understand a wide range of career-related opportunities through applied learning;
- engage with industry mentors; and
- plan for career and college success.

WILAC, which consisted of legislators and agency appointees, was tasked with numerous duties, including:

- reviewing certain instructional programs and analyzing barriers to statewide adoption of work-integrated and career-related learning opportunities and instructional programs; and
- recommending policies to implement work-integrated and career-related strategies that increase students' college and career readiness.

Provisions establishing WILAC and directing its duties expired on September 1, 2022.

Summary of Bill: Subject to the appropriation of funding, the Office of the Superintendent of Public Instruction (OSPI) and the educational service districts (ESDs) are directed to establish the Regional Apprenticeship Preparation Pilot Program (Program). The purpose of the Program is to identify common best practices and processes for establishing regional apprenticeship preparation programs that support postsecondary success for students and strengthen community engagement in schools and school districts.

The Program must consist of the following five sites: three located west of the crest of the Cascade Mountains; and two located east of the crest of the Cascade Mountains. OSPI and the ESDs must ensure the sites are geographically dispersed, with one Western Washington site located in a school district with a collaboratively developed regional apprenticeship pathways program, and a second Western Washington site located in a school district with a preapprenticeship program recognized by WSATC after July 1, 2021, but before September 1, 2021. The Eastern Washington sites must also be geographically dispersed and at least one Eastern Washington site must be located in an ESD with rural communities that lack convenient access to skill centers or other workforce development facilities or programs.

When implementing the Program, the ESDs must meet specified requirements, including:

- ensuring the Program is an education-based apprenticeship preparation program recognized by WSATC, and developed as a collaborative partnership involving specified entities;
- providing students with dual credit opportunities to meet high school graduation requirements and earn credit toward a postsecondary degree or industry recognized credential; and
- providing students with preferred or direct entry into an aligned state registered apprenticeship program.

Provisions establishing the Program and its requirements expire June 30, 2027.

OSPI, in collaboration with the State Board for Community and Technical Colleges, WSATC, the Washington Association for Career and Technical Education, and WILAC must evaluate the Program and best practices for increasing:

- awareness about career and technical education, including participation in career and technical student organizations, dual credit opportunities, core plus, and career and technical education course equivalencies;
- awareness about preapprenticeship and postsecondary career opportunities for students and employers;
- the availability and variety of dual credit and industry-related and postsecondary articulation opportunities; and
- community and industry support for preapprenticeships, internships, externships, and all work-integrated learning opportunities.

By June 30, 2027, OSPI must report the results of the evaluation to the Governor, the State Board of Education, the Student Achievement Council, the Workforce Training and Education Coordinating Board, and the appropriate committees of the Legislature. The report must include:

- an analysis of barriers to the establishment and support of recognized apprenticeship preparation programs and work-integrated instructional programs;
- recommended policies to implement recognized apprenticeship preparation programs and work-integrated strategies that increase the college and career readiness of students statewide; and
- recommendations for legislative action to establish common standards for the operations of regional apprenticeship preparation programs and other work-integrated learning opportunities, and authorize additional regional apprenticeship preparation programs and other work-integrated learning opportunities.

The report may also include recommendations for actions to improve the cohesion, coordination, and quality of work-integrated learning opportunities, including regional apprenticeship preparation programs, throughout the state.

The expiration date for provisions establishing the WILAC and directing its duties is extended to June 30, 2027.

Appropriation: The bill contains a section or sections to limit implementation to the availability of amounts appropriated for that specific purpose, and a null and void clause requiring specific funding be provided in an omnibus appropriation act.

Fiscal Note: Available. New fiscal note requested on February 28, 2023.

Creates Committee/Commission/Task Force that includes Legislative members: Yes.

Effective Date: Ninety days after adjournment of session in which bill is passed.
