Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

SHB 2330 relates to wildfire risk.

This substitute bill no longer includes the creation of the strengthen Washington homes account and amending RCW 48.14.020 that was in the original version of the bill.

There is no fiscal impact to the office.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 1 creates a work group to study and make recommendations on wildfire mitigation and resiliency standards. The work group is co-chaired by the Insurance Commissioner and the Commissioner of Public Lands and is required to study and develop recommendations on:

- (a) Coordinating the Department of Natural Resources current wildfire mitigation efforts with IBHS wildfire prepared homes standards;
- (b) Enhancing wildfire mitigation at the community level;
- (c) Sharing of relevant data between appropriate state agencies and the insurance industry with respect to successful implementation of existing wildfire mitigation efforts;
- (d) Increasing transparency with consumers regarding wildfire hazard and risk; and
- (e) Establishing a grant program to provide grants to Washington homeowners for purposes of resisting loss due to wildfire

The work group must submit a report of recommendations to the legislature, the Office of Insurance Commissioner, and the Department of Natural resources by December 1, 2024.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Section 1 creates a work group to study and make recommendations on wildfire mitigation and resiliency standards. The work group is co-chaired by the Insurance Commissioner and the Commissioner of Public Lands and is required to study and develop recommendations on:

- (f) Coordinating the Department of Natural Resources' current wildfire mitigation efforts with IBHS wildfire prepared homes standards;
- (g) Enhancing wildfire mitigation at the community level;
- (h) Sharing of relevant data between appropriate state agencies and the insurance industry with respect to successful implementation of existing wildfire mitigation efforts;
- (i) Increasing transparency with consumers regarding wildfire hazard and risk; and
- (j) Establishing a grant program to provide grants to Washington homeowners for purposes of resisting loss due to wildfire

The work group must submit a report of recommendations to the legislature, the Office of Insurance Commissioner (OIC), and the Department of Natural resources by December 1, 2024.

Co-chairing the workgroup will require the OIC to spend time preparing for and attending the workgroup meetings. The OIC anticipates four work group meetings in FY2025 with each meeting requiring six hours for preparation, attendance, and follow up requiring the equivalent of 24 hours (4 meetings x 6 hours) in FY2025 of a Senior Policy Analyst. In addition, OIC anticipates one-time costs, in FY2025, of 34 hours of a Senior Policy Analyst to draft and review the recommendations report.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This substitute bill removes all provisions from the original bill requiring insurers to make specified consumer disclosures when cancelling, denying or non-renewal of insurance.

This substitute also removes all provisions from the original bill establishing a grant program within the Office of the Insurance Commissioner (OIC).

Additionally, this substitute establishes the Wildfire Mitigation and Resiliency Standards Work Group, chaired by the Insurance Commissioner and the Commissioner of Public Lands for the Department of Natural Resources (DNR), with representatives from the OIC, DNR, the property and casualty insurance industry, and the insurance institute for business and home safety, and 4 ex officio members (1 member from each of the 2 largest caucus from the Senate and House of Representatives).

Section 1: Creates a work group that the Commissioner of Public Lands (CPL) and Insurance Commissioner co-chairs. DNR is also the current lead in the state in wildfire mitigation, which means staff time from the Community Resilience program will be needed as a subject matter expert (SME) and to provide background information.

Section 2: requires the work group to study and make recommendations on wildfire mitigation.

Section 3: requires the work group to submit a final report by December 1, 2024.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

DNR assumes 0.22 FTE of a WMS-Band 2 is required to organize and co-chair the work group, along with following up with partners as needed.

An additional 0.12 FTE of a WMS-Band 2 is needed to serve as a subject matter expert (SME). This WMS 2 will attend meetings and provide expertise on wildfire mitigation for DNR, including information on current programs and standards the agency uses for wildfire mitigation.

0.15 FTE of a Communication Consultant 4 is required to attend work group meetings and to assist with writing the final report due to the legislature on December 1, 2024.

Total salaries and benefits for this bill are \$60,000 in FY 25 (one-time). Total one-time costs are \$89,800 in FY 25.

Goods and services and travel are calculated on actual program averages per person.

Administrative costs are calculated at 31% of staff salary and benefits and staff-related goods and services and travel. For fiscal note purposes, this cost is represented as a Fiscal Analyst 2 position (.15 FTE).

Part III: Expenditure Detail

III. A - Operating Budget Expenditures

Account	Account Title	Type	FY 2024	FY 2025	2023-25	2025-27	2027-29
