## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

Sec. 4 (2) The superintendent of public instruction and the state auditor shall develop an allocation and cost accounting methodology that ensures state general apportionment funding.

### II. B - Cash receipts Impact

*Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.*

The State Auditor's Office (SAO) is unable to determine with any level of accuracy what effort or resources it would take to develop an allocation and cost accounting method with the Office of Superintendent of Public Instruction.

As an additional note – the requirement outlined in this bill would impede our independence if we were to develop a cost allocation methodology that we would later audit.

### II. C - Expenditures

*Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.*

## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

Changes in this second substitute version compared to first substitute: There were no changes that had an impact on OFM's fiscal impact assumptions from the first substitute.

Second Substitute version:

Section 1 amends the formula used by the Superintendent of Public Instruction to submit its programmed budget request for special education programs for students with disabilities. Section 2 amends the average per-pupil expenditure used by the Superintendent of Public Instruction to determine safety net award eligibility. These changes could be incorporated utilizing OFM's current practices and resources, and therefore have no fiscal impact.

### II. B - Cash receipts Impact

Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.*
