Individual State Agency Fiscal Note

Bill Number: 6110 SB	Title: Child fatalities	Agency: 107-Washington State Health Care Authority
-----------------------------	--------------------------------	---

Part I: Estimates

No Fiscal Impact

Estimated Cash Receipts to:

NONE

Estimated Operating Expenditures from:

NONE

Estimated Capital Budget Impact:

NONE

The cash receipts and expenditure estimates on this page represent the most likely fiscal impact. Factors impacting the precision of these estimates, and alternate ranges (if appropriate), are explained in Part II.

Check applicable boxes and follow corresponding instructions:

- If fiscal impact is greater than \$50,000 per fiscal year in the current biennium or in subsequent biennia, complete entire fiscal note form Parts I-V.
- If fiscal impact is less than \$50,000 per fiscal year in the current biennium or in subsequent biennia, complete this page only (Part I).
- Capital budget impact, complete Part IV.
- Requires new rule making, complete Part V.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

See attached.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

See attached.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

See attached.

Part III: Expenditure Detail

III. A - Operating Budget Expenditures

NONE

III. B - Expenditures by Object Or Purpose

NONE

III. C - Operating FTE Detail: *FTEs listed by classification and corresponding annual compensation. Totals agree with total FTEs in Part I and Part IIIA.*

NONE

III. D - Expenditures By Program (optional)

NONE

Part IV: Capital Budget Impact

IV. A - Capital Budget Expenditures

NONE

IV. B - Expenditures by Object Or Purpose

NONE

IV. C - Capital Budget Breakout

Acquisition and construction costs not reflected elsewhere on the fiscal note and description of potential financing methods.

NONE

IV. D - Capital FTE Detail: *FTEs listed by classification and corresponding annual compensation. Totals agree with total FTEs in Part IVB.*

NONE

Part V: New Rule Making Required

Provisions of the bill that require the agency to adopt new administrative rules or repeal/revise existing rules.

HCA Fiscal Note

Bill Number: **6110 SB**

HCA Request #: **24-041**

Title: **Child Fatalities**

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This bill relates to modernizing the child fatality statute. The Washington State Health Care Authority (HCA) assumes this bill will have no fiscal impact.

Section 1 amends RCW 70.05.170 Child mortality review. Local health departments may request and receive data from HCA for specific child fatality reviews.

II. B - Cash Receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguish between one time and ongoing functions.

NONE

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguish between one time and ongoing functions.

NONE

HCA's Data Share Agreements (DSAs)/Business Associate Agreements (BAAs) with local health departments would likely need to be updated. This work could be absorbed within existing resources.

Part III: Expenditure Detail

III. A - Operating Budget Expenditure

NONE

III. B - Expenditures by Object Or Purpose

NONE

III. C - Operating FTE Detail: FTEs listed by classification and corresponding annual compensation. Totals agree with total FTEs in Part I and Part IIIA.

NONE

III. D - Expenditures By Program (optional)

Legislative Contact: Alison Mendiola	Phone: 360-786-7488	Date: 01/09/2024
Agency Preparation: Dan Winkley	Phone: 360-902-8236	Date: 01/23/2024
Agency Approval: Molli Ragsdale	Phone: 360-902-8182	Date: 01/23/2024
OFM Review: Anna Minor	Phone: (360) 790-2951	Date: 01/24/2024

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

SB 6110 amends language under RCW regarding child fatality statutes for infants and children less than 19 years old. The bill would require the Department of Social and Health Services (DSHS) to provide information to the Department of Health (DOH) to investigate child fatalities. The information may include facilities, medical records, autopsy reports, medical examiner reports, and social services records.

This bill has an indeterminate impact on the Department of Social and Health Services (DSHS), Division of Child Support.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

The cash receipts are indeterminate.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

This bill has an indeterminate impact on the Department of Social and Health Services (DSHS), Economic Services Administration - Division of Child Support.

Washington State is required to operate a child support enforcement program in order to receive a Temporary Assistance for Needy Families (TANF) block grant. This bill would create a potential violation of the title IV-D state plan, risking both federal funding for the state's Title VI-D program (approximately \$244m in the 2023-25 Biennium) and the entire Title IV-A TANF block grant.

This bill creates a potential violation as the disclosure is not for child support enforcement purposes under RCW 26.23.120(3)(c), nor is it necessary for the efficient administration of the support enforcement program. Sending information about people on DCS cases outside of DCS for non-child-support-related purposes would be a violation of the Title IV-D state plan.

The bill will also impact indirect costs hitting Title IV-D claim that's using the Title IV-D 66 percent federal match. In Fiscal Year 2023, DCS had approximately \$18.9 million indirect costs hitting the Title IV-D claim. With a 66 percent title IV-D federal match, that's an additional 12.5 million in federal funding loss for the department.

Part III: Expenditure Detail

III. A - Operating Budget Expenditures

Non-zero but indeterminate cost and/or savings. Please see discussion.

III. B - Expenditures by Object Or Purpose

Non-zero but indeterminate cost and/or savings. Please see discussion.

OFM Review: Breann Boggs	Phone: (360) 485-5716	Date: 01/21/2024

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 1 requires the Department of Health (department) to designate a team member of the child fatality review team to make a report to law enforcement and other appropriate agencies when reviews identify suspected child abuse or neglect.

Section 1 (4) states the department may request and receive data for specific child fatalities including but not limited to, medical records, autopsy reports, medical examiner reports, coroner reports, school, criminal justice, law enforcement and social services records.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Section 1: The department will need to compile multiple types of data from multiple sources to perform Child Fatality Reviews, and to retain that information to identify trends and perform analysis. The department assumes a higher demand for customized data and reports, in addition to the creation of a new standard data file to be maintained by the department.

The department requires the following personnel to complete this work:

Health Services Consultant 3 – 0.2 FTE

Provide capacity to strengthen cross-office and cross-agency coordination of fatality review efforts (CDR, OFR, MMR). Coordination activities will also include engagement with community stakeholders to support the development of comprehensive and equitable state-level policy, program, and practice recommendations.

Epidemiologist 2 (Non-Medical) – 0.2 FTE - Epidemiology

Define, prepare, format, and document data needs for development of new standard files for Child Death Review. Work will include on-going maintenance, data quality assessment, working with providers to update records, and modifications to format and content to address database and file changes.

Epidemiologist 3 (Non-Medical) – 0.3 FTE – Data Engineering

Develop new standard file for Child Death Review, including data processing, formatting, and system integration. Develop and maintain automated process for all 35 Local Health Jurisdictions to receive a new standard file specific for Child Death Review. Conduct routine maintenance, programming updates, and troubleshooting.

FY2025: 0.8 FTE with a total cost of \$132,000 (GF-S)

FY2026 – ongoing: 0.8 FTE with a total cost of \$128,000 (GF-S)

Total FY FTE/costs can include staff and associated expenses, including goods and services, travel, intra-agency, and indirect/overhead costs.

Part III: Expenditure Detail

III. A - Operating Budget Expenditures

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

The bill proposes a change in terminology, from "Child mortality" to "Child fatality" in Section 1 (1). The bill also extends this definition to include 19-year-olds. No fiscal impact is expected to the Department of Children, Youth, and Families (DCYF).

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

No cash receipt impact expected on DCYF.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

No expenditure impact expected on DCYF.

Part III: Expenditure Detail

OFM Review: Breann Boggs	Phone: (360) 485-5716	Date: 01/21/2024

Part IV: Analysis

A. SUMMARY OF BILL

Description of the bill with an emphasis on how it impacts local government.

Sec. 1 (Amends RCW 70.05.170):

(2) Adds and removes language that raises the age for a “child fatality review” from “less than 18” to “up to 19”.

(3) (b) Adds language which allows Local Health Departments (LHD) and the Department of Health (DOH) to retain identifiable information and geographic information for the purpose of determining trends, performing analysis over time, and for quality improvement efforts.

(3) (f) Adds language that requires a designated team member to report to law enforcement and appropriate agencies when a review identifies suspected child abuse or neglect. This subsection does not create a mandatory duty for any review team or team member.

(4) Adds a new subsection that outlines how LHD can aid in a child fatality review:

(4) (a) Request and receive data for specific fatalities.

(4) (b) Lists what organizations, agencies, and providers LHD can request and receive data from.

(5) Adds language which requests all listed organizations, agencies, and providers in Sec. (4)(b) to provide all medical records related to the child upon request.

(6) Adds language which establishes that all information submitted to the DOH pursuant to this subsection is not subject to public disclosure, discovery, subpoena, or introduced into evidence.

(7) Adds language which allows LHD to use reports in the development and coordination of statewide child fatality prevention strategies and interventions.

B. SUMMARY OF EXPENDITURE IMPACTS

Expenditure impacts of the legislation on local governments with the expenditure provisions identified by section number and when appropriate, the detail of expenditures. Delineated between city, county and special district impacts.

This bill would not impact local government expenditures.

Child Fatality Reviews are funded via Foundational Public Health Services (FPHS). FPHS are a defined limited statewide set of core public health services which the governmental public health system, with the governor and legislature, are using a long-term, multi-biennium, phased, building block approach to fully fund and implement foundational public health services across the state.

C. SUMMARY OF REVENUE IMPACTS

Revenue impacts of the legislation on local governments, with the revenue provisions identified by section number, and when appropriate, the detail of revenue sources. Delineated between city, county and special district impacts.

This bill would not impact local government revenues.
