## Part II: Narrative Explanation

## II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This bill requires the Secretary of State to add a constitutional amendment to the 2023 General Election.

## II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

## II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Voters' pamphlet
This bill requires OSOS to print the constitutional amendment in the voters' pamphlet. Printing the constitutional amendment, estimated to be 8 pages, has a projected cost of approximately $\$ 59,453$ which is comprised of $\$ 49,476$ for printing, $\$ 5,040$ for composition, and $\$ 4,937$ for language translation. Postage costs are not included for odd-year pamphlets because those costs are fixed for voters' pamphlets below 88 pages (less than 4oz, per the USPS). The additional 8 pages are not expected to push an odd-year voters' pamphlet over 88 pages.

Odd-Year election costs
Adding an additional issue for the state results in increased odd-year election costs of $\$ 64,428$. This amount was calculated by adding an additional issue the state proration for each of the 39 counties 2019 odd-year election costs; the resulting change between the base and the base +1 is the cost seen here. All other factors were held constant.

Legal advertisements
The Office of the Secretary of State operating budget includes funding for the publication of notices in every legal newspaper in the state four times prior to the general election. This fiscal note does not assume additional cost to publish this measure because the notices would be customized such that they remain within the authorized budget for legal advertising.

## Part II: Narrative Explanation

## II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

SJR 8201 creates the public works assistance revolving account.
Assumptions:

- The voters will ratify the constitutional amendment.
- The legislature will address where the earnings from investments are to be credited in subsequent years.
- The office of financial management will assign the department of commerce as the administering agency of the new account.

## II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

Projected cash flows are currently unavailable; therefore, estimated earnings from investments are indeterminable.

## II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.
