HOUSE BILL 1089

State of Washington 68th Legislature 2023 Regular Session

By Representatives Orwall and Ortiz-Self

Prefiled 12/29/22.

AN ACT Relating to supporting adults with lived experience of sex trafficking; adding a new section to chapter 43.280 RCW; and creating a new section.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Sec. 1. (1) As the first state in the nation to 5 6 pass a human trafficking law, Washington has consistently been at the forefront of work to address and prevent human trafficking. 7 The legislature is continuing this leadership by prioritizing the 8 delivery of services for adults with lived experience of sex 9 10 trafficking by developing a long-term, coordinated, and supportive 11 network of services.

12 (2) The legislature finds that numerous sex trafficking victims 13 are moved throughout the state of Washington by their traffickers, 14 established by the following:

15 (a) In 2020, the national human trafficking hotline ranked 16 Washington 11th in the nation for reported cases of human 17 trafficking.

(b) In 2020, 819 survivors of sex trafficking were served byhuman service agencies in Washington.

(c) In 2020, the highest numbers of likely sex trafficking
 victims were identified or served in King, Pierce, Benton, Franklin,
 Clark, Snohomish, Spokane, and Thurston counties.

4 (3) The legislature finds that the trauma of sex trafficking
5 often starts in childhood and continues into adulthood, established
6 by the following:

7 (a) A local study of sex trafficking victims in King county
8 estimated 500-700 youth experiencing exploitation in King county
9 alone.

10 (b) According to data from the national hotline, among likely sex 11 trafficking victims in Washington who reported their age of entry 12 into exploitation, 89 percent reported that they were children when 13 first exploited.

14 (4) The legislature finds that vulnerable black, brown, 15 indigenous, lesbian, gay, bisexual, transgender, queer, questioning, 16 two-spirit, intersex, asexual, and other identities that fall outside 17 of cisgender and heterosexual paradigms are disproportionately 18 trafficked for sex, including that:

(a) While King county's population is seven percent black, 45
 percent of children involved in sex trafficking cases are African
 American;

(b) Black females currently represent about 13 percent of the United States population but represent 40 percent of suspected human trafficking victims;

(c) While King county's population was .9 percent indigenous in
 2020, 10 percent of people receiving services for trafficking and
 sexual exploitation identified as Native American;

(d) One case worker in Pierce county reported that over the past two years, 78 percent of the missing and murdered indigenous women and persons cases she worked on involved missing women who had indicators of human trafficking.

32 (5) In order to reduce the trauma, violence, and disproportionate 33 impact of sex trafficking, the legislature intends to create a 34 network of healing, support, and transition services for adults with 35 lived experience of sex trafficking tailored to the self-determined 36 needs of each individual.

37 <u>NEW SECTION.</u> Sec. 2. A new section is added to chapter 43.280 38 RCW to read as follows:
