## HOUSE BILL 1866

State of Washington 67th Legislature 2022 Regular Session

By Representatives Chopp and Riccelli

Prefiled 01/07/22.

AN ACT Relating to assisting persons receiving community support services through medical assistance programs to receive supportive housing; amending RCW 36.22.176; adding new sections to chapter 74.09 RCW; adding new sections to chapter 43.330 RCW; creating new sections; making appropriations; and declaring an emergency.

6 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

7 <u>NEW SECTION.</u> Sec. 1. (1) The legislature finds that:

epidemic of homelessness apparent in communities 8 The (a) 9 throughout Washington is creating immense suffering. Ιt is 10 threatening the health of homeless families and individuals, sapping 11 their human potential, eroding public confidence, and undermining the 12 shared values that have driven our state's prosperity, including public safety and access to public streets, parks, and facilities; 13

(b) In seeking to identify the causes of this epidemic, a large proportion of those unsheltered also suffer from serious behavioral health or physical health conditions that will inevitably grow worse without timely and effective health care;

(c) Housing is an indispensable element of effective health care.
Stable housing is a prerequisite to addressing behavioral health
needs and lack of housing is a precursor to poor health outcomes;

(d) A home, health care, and wellness are fundamental for
 Washington residents;

3 (e) Reducing homelessness is a priority of the people of 4 Washington state and that reducing homelessness through policy 5 alignment and reform lessens fiscal impact to the state and improves 6 the economic vitality of our businesses;

7 (f) The impact of this epidemic is falling most heavily on those 8 communities that already suffer the most serious health disparities: 9 Black, indigenous, people of color, and historically marginalized and 10 underserved communities. It is a moral imperative to shelter 11 chronically homeless populations; and

12 (g) Washington state has many of the tools needed to address this challenge, including a network of safety net health and behavioral 13 health care providers in both urban and rural areas, an effective 14 system of health care coverage through apple health, and excellent 15 16 public and nonprofit affordable housing providers. Yet far too many 17 homeless families and individuals are going without the housing and 18 health care resources they need because these tools have yet to be 19 combined in an effective way across the state.

20 (2) It is the intent of the legislature to treat chronic 21 homelessness as a medical condition and that the apple health and 22 homes act address the needs of chronically homeless populations by 23 pairing a health care problem with a health care solution.

24 <u>NEW SECTION.</u> Sec. 2. A new section is added to chapter 74.09 25 RCW to read as follows:

The definitions in this section apply throughout sections 3 and 4 of this act unless the context clearly requires otherwise.

(1) "Community support services" means active search and promotion of access to, and choice of, appropriate, safe, and affordable housing. 1 (4) "Housing benefit authorization" means a statement from the 2 coordinating entity to the office that a client receiving community 3 support services has been determined to meet the eligibility 4 standards under section 3 of this act to qualify for supportive 5 housing and includes an assessment of the client's housing needs to 6 assure that a supportive housing placement is appropriate and safe.

Supportive housing is paired with on-site or off-site voluntary services designed to 19 support a person living with a complex and disabling behavioral 20 health or physical health condition who was experiencing homelessness 21 22 or was at imminent risk of homelessness prior to moving into housing 23 to retain their housing and be a successful tenant in a housing arrangement, improve the resident's health status, and connect the 24 25 resident of the housing with community-based health care, treatment, 26 or employment services. Supportive housing is subject to all of the rights and responsibilities defined in chapter 59.18 RCW. 27
