p. 1 HB 1999

(4) For purposes of computing the state expenditure limit for the fiscal year beginning July 1, 2023, the phrase "the previous fiscal year's state expenditure limit" means the total state expenditures from the state general fund and related funds, not including federal funds, for the fiscal year beginning July 1, 2021, plus the fiscal growth factor.

- (5) A state expenditure limit committee is established for the purpose of determining and adjusting the state expenditure limit as provided in this chapter. The members of the state expenditure limit committee are the director of financial management, the state treasurer or treasurer's designee, and the chairs and ranking minority members of the senate committee on ways and means and the house of representatives committee on appropriations, or their successor committees. All actions of the state expenditure limit committee taken pursuant to this chapter require an affirmative vote of at least four members.
- (6) Each November, the state expenditure limit committee shall adjust the expenditure limit for the preceding fiscal year based on actual expenditures and known changes in the fiscal growth factor and then project an expenditure limit for the next two fiscal years. If, by November 30th, the state expenditure limit committee has not adopted the expenditure limit adjustment and projected expenditure limit as provided in subsection (5) of this section, the state treasurer shall adjust or project the expenditure limit, as necessary.
- (7) The definitions in this subsection apply throughout this chapter unless the context clearly requires otherwise.
- (a) "Fiscal growth factor" means ((the average growth in state personal income for the prior ten fiscal years)) the average of the sum of inflation and population change for each of the prior three fiscal years.

  - NEW SECTION. Sec. 2. A new section is added to chapter 43.135 RCW to read as follows:

4 5

If the cost of any state program or function is shifted from the state general fund or related funds on or after January 1, 2021, to another source of funding, or if moneys are transferred from the state general fund or related funds to another fund or account, the state expenditure limit committee, acting pursuant to RCW 43.135.025, shall lower the state expenditure limit to reflect the shift. For the purposes of this section, a transfer of money from the state general fund or related funds to another fund or account includes any state legislative action taken after July 1, 2021, that has the effect of reducing revenues from a particular source, where such revenues would otherwise be deposited into the state general fund or related funds, while increasing the revenues from that particular source to another state or local government account.
