4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

5 **Sec. 1.** RCW 79A.25.260 and 2012 c 128 s 1 are each amended to  
6 read as follows:

7 (1) The habitat and recreation lands coordinating group is

13 stakeholder organizations and local government must also be  
14 considered for participation on the group, but may only be appointed  
15 or invited by the director.

16 (2) To ensure timely completion of the duties assigned to the  
17 group, the director shall submit yearly progress reports to the  
18 office of financial management.

3 recreation land acquisitions and disposals;

4 (b) Produce an interagency, statewide biennial forecast of  
5 habitat and recreation land acquisition and disposal plans;

6 (c) Establish procedures for publishing the biennial forecast of  
7 acquisition and disposal plans on web sites or other centralized,  
8 easily accessible formats;

9 (d) Develop and convene an annual forum for agencies to  
10 coordinate their near-term acquisition and disposal plans;

11 (e) Develop a recommended method for interagency geographic  
12 information system-based documentation of habitat and recreation  
13 lands in cooperation with other state agencies using geographic  
14 information systems;

15 (f) Develop recommendations for standardization of acquisition

17 for centralizing acquisition data;

18 (g) Develop an approach for monitoring the success of  
19 acquisitions;

20 (h) Identify and commence a dialogue with key state and federal  
21 partners to develop an inventory of potential public lands for

23 (i) Review existing and proposed habitat conservation plans on a  
24 regular basis to foster statewide coordination and save costs.

25 (4) If prioritization among the various requirements of  
26 subsection (3) of this section is necessary due to the availability  
27 of resources, the group shall prioritize implementation of subsection  
28 (3)(a) through (d) and (g) of this section.

29 (5) The group shall revisit the planning requirements of relevant  
30 grant programs administered by the office to determine whether  
31 coordination of state agency habitat and recreation land acquisition  
32 and disposal could be improved by modifying those requirements.

33 (6) The group must develop options for centralizing coordination  
34 of habitat and recreation land acquisition made with funds from  
35 federal grants. The advantages and drawbacks of the following  
36 options, at a minimum, must be developed:

39 financial management, or directly to the legislature;

1 (b) Establishing a centralized pass-through agency for federal  
2 funds, where individual agencies would be the primary applicants.

3 (7) This section expires July 31, (~~2017~~) 2027. Prior to January  
4 1, (~~2017~~) 2027, the group shall make a formal recommendation to the  
5 board and the appropriate committees of the legislature as to whether  
6 the existence of the habitat and recreation lands coordinating group  
7 should be continued beyond July 31, (~~2017~~) 2027, and if so, whether  
8 any modifications to its enabling statute should be pursued.
