16 70.128.060 in any case in which the department determines that an
17 adult family home is being relicensed because of exceptional
18 circumstances, such as death or incapacity of a provider, and that to
19 require the full payment of the licensing and processing fees would
20 present a hardship to the applicant. In these situations the
21 department is also granted the authority to waive the required
22 residential administrator training for a period of 120 days if
23 necessary to ensure continuity of care during the relicensing
24 process.

25 (f) Community residential cost reports that are submitted by or

38 child to remain in his or her family home. The department must
39 provide the legislature with a respite utilization report in January

30 to leaving one of the state psychiatric hospitals. The individualized
31 assessment must identify and authorize personal care, nursing care,
32 behavioral health stabilization, physical therapy, or other necessary
33 services to meet the unique needs of each client. It is the
34 expectation that, in most cases, staffing ratios in all community
35 alternative placement options described in (i)(i) of this subsection
36 will need to increase to meet the needs of clients leaving the state
37 psychiatric hospitals. If specialized training is necessary to meet
38 the needs of a client before he or she enters a community placement,

1 then the person centered service plan must also identify and
2 authorize this training.

3 (iii) When reviewing placement options, the department must
4 consider the safety of other residents, as well as the safety of
5 staff, in a facility. An initial evaluation of each placement,
6 including any documented safety concerns, must occur within thirty
7 days of a client leaving one of the state psychiatric hospitals and
8 entering one of the community placement options described in (i)(i)
9 of this subsection. At a minimum, the department must perform two
10 additional evaluations of each placement during the first year that a
11 client has lived in the facility.

12 (iv) In developing bed capacity, the department shall consider

28 receiving services under the basic plus medicaid waiver.

19 follows:

20 **FOR THE STATE HEALTH CARE AUTHORITY**

21 During the 2019-2021 fiscal biennium, the health care authority
22 shall provide support and data as required by the office of the state
23 actuary in providing the legislature with health care actuarial
24 analysis, including providing any information in the possession of
25 the health care authority or available to the health care authority
26 through contracts with providers, plans, insurers, consultants, or
27 any other entities contracting with the health care authority.

28 Information technology projects or investments and proposed
29 projects or investments impacting time capture, payroll and payment
30 processes and systems, eligibility, case management, and
31 authorization systems within the health care authority are subject to
32 technical oversight by the office of the chief information officer.

33 The health care authority shall not initiate any services that
34 require expenditure of state general fund moneys unless expressly
35 authorized in this act or other law. The health care authority may
36 seek, receive, and spend, under RCW 43.79.260 through 43.79.282,
37 federal moneys not anticipated in this act as long as the federal
38 funding does not require expenditure of state moneys for the program

1 in excess of amounts anticipated in this act. If the health care
2 authority receives unanticipated unrestricted federal moneys, those
3 moneys shall be spent for services authorized in this act or in any
4 other legislation providing appropriation authority, and an equal
5 amount of appropriated state general fund moneys shall lapse. Upon
6 the lapsing of any moneys under this subsection, the office of
7 financial management shall notify the legislative fiscal committees.
8 As used in this subsection, "unrestricted federal moneys" includes
9 block grants and other funds that federal law does not require to be
10 spent on specifically defined projects or matched on a formula basis
11 by state funds.

12 The health care authority, the health benefit exchange, the
13 department of social and health services, the department of health,
14 and the department of children, youth, and families shall work
15 together within existing resources to establish the health and human
16 services enterprise coalition (the coalition). The coalition, led by
17 the health care authority, must be a multi-organization collaborative
18 that provides strategic direction and federal funding guidance for
19 projects that have cross-organizational or enterprise impact,
20 including information technology projects that affect organizations
21 within the coalition. By October 31, 2019, the coalition must submit
22 a report to the governor and the legislature that describes the
23 coalition's plan for projects affecting the coalition organizations.
24 The report must include any information technology projects impacting
25 coalition organizations and, in collaboration with the office of the
26 chief information officer, provide: (1) The status of any information
27 technology projects currently being developed or implemented that
28 affect the coalition; (2) funding needs of these current and future
29 information technology projects; and (3) next steps for the
30 coalition's information technology projects. The office of the chief
31 information officer shall maintain a statewide perspective when
32 collaborating with the coalition to ensure that the development of
33 projects identified in this report are planned for in a manner that
34 ensures the efficient use of state resources and maximizes federal
35 financial participation. The work of the coalition is subject to the
36 conditions, limitations, and review provided in section 701 of this
37 act.

38 The appropriations to the health care authority in this act shall
39 be expended for the programs and in the amounts specified in this
40 act. However, after May 1, (~~2020~~) 2021, unless prohibited by this

1 act, the authority may transfer general fund—state appropriations for
2 fiscal year ((2020)) 2021 among programs after approval by the
3 director of the office of financial management. To the extent that
4 appropriations in sections 211 through 215 are insufficient to fund
5 actual expenditures in excess of caseload forecast and utilization
6 assumptions or for expenses in response to the COVID-19 pandemic, the
7 authority may transfer general fund—state appropriations for fiscal
8 year ((2020)) 2021 that are provided solely for a specified purpose.
9 The authority may also transfer general fund—state appropriations for
10 fiscal year 2020 that are provided solely for a specified purpose
11 within section 215 of this act to cover any deficits in section 215
12 of this act resulting from assumptions related to the return of
13 \$35,000,000 in general fund—state behavioral health organization
14 reserves in fiscal year 2020 or for expenses in response to the
15 COVID-19 pandemic in fiscal year 2021. The authority may not transfer
16 funds, and the director of the office of financial management shall
17 not approve the transfer, unless the transfer is consistent with the
18 objective of conserving, to the maximum extent possible, the
19 expenditure of state funds. The director of the office of financial
20 management shall notify the appropriate fiscal committees of the
21 legislature in writing seven days prior to approving any allotment
22 modifications or transfers under this section. The written
23 notification must include a narrative explanation and justification
24 of changes, along with expenditures and allotments by budget unit and
25 appropriation, both before and after any allotment modifications and
26 transfers.

27 **Sec. 211.** 2020 c 357 s 211 (uncodified) is amended to read as

15	TOTAL APPROPRIATION.	(\$18,172,295,000)
16		<u>\$18,852,715,000</u>

17 The appropriations in this section are subject to the following
18 conditions and limitations:

19 (1) The authority shall not accept or expend any federal funds
20 received under a medicaid transformation waiver under healthier
21 Washington except as described in subsections (2) and (3) of this
22 section until specifically approved and appropriated by the
23 legislature. To ensure compliance with legislative directive budget
24 requirements and terms and conditions of the waiver, the authority
25 shall implement the waiver and reporting requirements with oversight
26 from the office of financial management. The legislature finds that
27 appropriate management of the innovation waiver requires better
28 analytic capability, transparency, consistency, timeliness, accuracy,
29 and lack of redundancy with other established measures and that the
30 patient must be considered first and foremost in the implementation
31 and execution of the demonstration waiver. In order to effectuate
32 these goals, the authority shall: (a) Require the Dr. Robert Bree
33 collaborative and the health technology assessment program to reduce
34 the administrative burden upon providers by only requiring
35 performance measures that are nonduplicative of other nationally
36 established measures. The joint select committee on health care
37 oversight will evaluate the measures chosen by the collaborative and
38 the health technology assessment program for effectiveness and
39 appropriateness; (b) develop a patient satisfaction survey with the

1 goal to gather information about whether it was beneficial for the
2 patient to use the center of excellence location in exchange for
3 additional out-of-pocket savings; (c) ensure patients and health care
4 providers have significant input into the implementation of the
5 demonstration waiver, in order to ensure improved patient health
6 outcomes; and (d) in cooperation with the department of social and
7 health services, consult with and provide notification of work on
8 applications for federal waivers, including details on waiver
9 duration, financial implications, and potential future impacts on the
10 state budget, to the joint select committee on health care oversight
11 prior to submitting waivers for federal approval. By federal
12 standard, the medicaid transformation demonstration waiver shall not
13 exceed the duration originally granted by the centers for medicare
14 and medicaid services and any programs created or funded by this
15 waiver do not create an entitlement. Beginning May 15, 2019, and
16 continuing through December 15, 2019, by the 15th of each month, the
17 director in consultation with the secretary shall report to the
18 fiscal chair of the appropriate committees of the legislature in the
19 manner and form requested the status of the medicaid transformation
20 waiver, including any anticipated or proposed changes to accruals or
21 expenditures.

22 (2) No more than (~~(\$153,357,000)~~) \$165,082,000 of the general
23 fund—federal appropriation and no more than (~~(\$86,190,000)~~)
24 \$112,949,000 of the general fund—local appropriation may be expended
25 for transformation through accountable communities of health
26 described in initiative 1 of the medicaid transformation
27 demonstration wavier under healthier Washington, including preventing
28 youth drug use, opioid prevention and treatment, and physical and
29 behavioral health integration. Under this initiative, the authority
30 shall take into account local input regarding community needs. In
31 order to ensure transparency to the appropriate fiscal committees of
32 the legislature, the authority shall provide fiscal staff of the
33 legislature query ability into any database of the fiscal
34 intermediary that authority staff would be authorized to access. The
35 authority shall not increase general fund—state expenditures under
36 this initiative. The director shall also report to the fiscal
37 committees of the legislature all of the expenditures under this
38 subsection and shall provide such fiscal data in the time, manner,
39 and form requested by the legislative fiscal committees. By December

1 15, 2019, the authority in collaboration with each accountable
2 community of health shall demonstrate how it will be self-sustaining
3 by the end of the demonstration waiver period, including sources of
4 outside funding, and provide this reporting to the joint select
5 committee on health care oversight. If by the third year of the
6 demonstration waiver there are not measurable, improved patient
7 outcomes and financial returns, the Washington state institute for
8 public policy will conduct an audit of the accountable communities of
9 health, in addition to the process set in place through the
10 independent evaluation required by the agreement with centers for
11 medicare and medicaid services.

12 (3)(a) No more than \$79,829,000 of the general fund—federal
13 appropriation may be expended for supported housing and employment
14 services described in initiative 3a and 3b of the medicaid
15 transformation demonstration waiver under healthier Washington. Under
16 this initiative, the authority and the department of social and
17 health services shall ensure that allowable and necessary services
18 are provided to eligible clients as identified by the department or
19 its third party administrator. The authority and the department in
20 consultation with the medicaid forecast work group, shall ensure that
21 reasonable reimbursements are established for services deemed
22 necessary within an identified limit per individual. The authority
23 shall not increase general fund—state expenditures under this
24 initiative. The director shall report to the joint select committee
25 on health care oversight no less than quarterly on financial and
26 health outcomes. The director shall also report to the fiscal
27 committees of the legislature all of the expenditures of this
28 subsection and shall provide such fiscal data in the time, manner,
29 and form requested by the legislative fiscal committees.

30 (b) No more than (~~(\$89,476,000)~~) \$105,283,000 of the general fund
31 —federal appropriation and no more than (~~(\$36,548,000)~~) \$43,004,000
32 of the general fund—local appropriation may be expended for the
33 medicaid quality improvement program. Under federal regulations, the
34 medicaid quality improvement program is authorized and allows states
35 to design quality improvement programs for the medicaid population in
36 ways that support the state's quality goals. Medicaid quality
37 improvement program payments will not count against initiative 1 of
38 the medicaid transformation demonstration waiver spending limit and
39 are excluded from the waiver's budget neutrality calculation. Apple

1 health managed care organizations and their partnering providers will
2 receive medicaid quality improvement program payments as they meet
3 designated milestones. Partnering providers and apple health managed
4 care organizations will work together to achieve medicaid quality
5 improvement program goals according to the performance period
6 timelines and reporting deadlines as set forth by the authority. The
7 authority shall only utilize the medicaid quality improvement program
8 to support the transformation waiver and shall not pursue its use for
9 other purposes. Any programs created or funded by the medicaid
10 quality improvement program do not create an entitlement. The
11 authority shall not increase general fund—state, federal, or local
12 expenditures under this program. The director shall report to the
13 joint select committee on health care oversight not less than
14 quarterly on financial and health outcomes. The director shall report
15 to the fiscal committees of the legislature all of the expenditures
16 under this subsection and shall provide such fiscal data in the time,
17 manner, and form requested by the legislative fiscal committees.

18 (4) Annually, no later than November 1st, the authority shall
19 report to the governor and appropriate committees of the legislature:
20 (a) Savings attributed to behavioral and physical integration in
21 areas that are scheduled to integrate in the following calendar year,
22 and (b) savings attributed to behavioral and physical health
23 integration and the level of savings achieved in areas that have
24 integrated behavioral and physical health.

25 (5) Sufficient amounts are appropriated in this subsection to
26 implement the medicaid expansion as defined in the social security
27 act, section 1902(a)(10)(A)(i)(VIII).

28 (6) The legislature finds that medicaid payment rates, as
29 calculated by the health care authority pursuant to the
30 appropriations in this act, bear a reasonable relationship to the
31 costs incurred by efficiently and economically operated facilities
32 for providing quality services and will be sufficient to enlist
33 enough providers so that care and services are available to the
34 extent that such care and services are available to the general
35 population in the geographic area. The legislature finds that the
36 cost reports, payment data from the federal government, historical
37 utilization, economic data, and clinical input constitute reliable
38 data upon which to determine the payment rates.

39 (7) Based on quarterly expenditure reports and caseload
40 forecasts, if the health care authority estimates that expenditures

1 for the medical assistance program will exceed the appropriations,
2 the health care authority shall take steps including but not limited
3 to reduction of rates or elimination of optional services to reduce
4 expenditures so that total program costs do not exceed the annual
5 appropriation authority.

6 (8) In determining financial eligibility for medicaid-funded
7 services, the health care authority is authorized to disregard
8 recoveries by Holocaust survivors of insurance proceeds or other
9 assets, as defined in RCW 48.104.030.

10 (9) The legislature affirms that it is in the state's interest
11 for Harborview medical center to remain an economically viable
12 component of the state's health care system.

13 (10) When a person is ineligible for medicaid solely by reason of
14 residence in an institution for mental diseases, the health care
15 authority shall provide the person with the same benefits as he or
16 she would receive if eligible for medicaid, using state-only funds to
17 the extent necessary.

18 (11) \$4,261,000 of the general fund—state appropriation for
19 fiscal year 2020, \$4,261,000 of the general fund—state appropriation
20 for fiscal year 2021, and \$8,522,000 of the general fund—federal
21 appropriation are provided solely for low-income disproportionate
22 share hospital payments.

23 (12) Within the amounts appropriated in this section, the health
24 care authority shall provide disproportionate share hospital payments
25 to hospitals that provide services to children in the children's
26 health program who are not eligible for services under Title XIX or
27 XXI of the federal social security act due to their citizenship
28 status.

29 (13)(a) \$7,000,000 of the general fund—federal appropriation is
30 provided solely for supplemental payments to nursing homes operated
31 by public hospital districts. The public hospital district shall be
32 responsible for providing the required nonfederal match for the
33 supplemental payment, and the payments shall not exceed the maximum
34 allowable under federal rules. It is the legislature's intent that
35 the payments shall be supplemental to and shall not in any way offset
36 or reduce the payments calculated and provided in accordance with
37 part E of chapter 74.46 RCW. It is the legislature's further intent
38 that costs otherwise allowable for rate-setting and settlement
39 against payments under chapter 74.46 RCW shall not be disallowed

1 solely because such costs have been paid by revenues retained by the
2 nursing home from these supplemental payments. The supplemental
3 payments are subject to retrospective interim and final cost
4 settlements based on the nursing homes' as-filed and final medicare
5 cost reports. The timing of the interim and final cost settlements
6 shall be at the health care authority's discretion. During either the
7 interim cost settlement or the final cost settlement, the health care
8 authority shall recoup from the public hospital districts the
9 supplemental payments that exceed the medicaid cost limit and/or the
10 medicare upper payment limit. The health care authority shall apply
11 federal rules for identifying the eligible incurred medicaid costs
12 and the medicare upper payment limit.

13 (b) The authority, in consultation with the department of social
14 and health services and the nursing homes operated by public
15 hospitals in (a) of this subsection, must develop a plan with
16 recommendations for an upper payment limit calculation and the
17 supplemental payment model for nursing homes operated by a public
18 hospital district. The group must consider how to restructure
19 payments under (a) of this subsection, taking into consideration
20 alternate upper payment limit calculation. If upon completion of the
21 plan, the authority determines it can implement the recommendations
22 of the group within the amounts provided in (a) of this subsection,
23 the authority must submit a state plan amendment, if necessary, and
24 submit a report to the fiscal committees of the legislature no later
25 than September 30, 2020.

26 (c) \$193,000 of the general fund—state appropriation for fiscal
27 year 2020 is provided solely for the authority to provide a one-time
28 grant to a standalone skilled nursing facility operated by a public
29 hospital district in Grant county. This grant is provided as a one-
30 time offset to address the impact of the recoupment requirements of
31 this subsection (13).

32 (14) The health care authority shall continue the inpatient
33 hospital certified public expenditures program for the 2019-2021
34 fiscal biennium. The program shall apply to all public hospitals,
35 including those owned or operated by the state, except those
36 classified as critical access hospitals or state psychiatric
37 institutions. The health care authority shall submit reports to the
38 governor and legislature by November 1, 2020, and by November 1,
39 2021, that evaluate whether savings continue to exceed costs for this
40 program. If the certified public expenditures (CPE) program in its

1 current form is no longer cost-effective to maintain, the health care
2 authority shall submit a report to the governor and legislature
3 detailing cost-effective alternative uses of local, state, and
4 federal resources as a replacement for this program. During fiscal
5 year 2020 and fiscal year 2021, hospitals in the program shall be
6 paid and shall retain one hundred percent of the federal portion of
7 the allowable hospital cost for each medicaid inpatient fee-for-
8 service claim payable by medical assistance and one hundred percent
9 of the federal portion of the maximum disproportionate share hospital
10 payment allowable under federal regulations. Inpatient medicaid
11 payments shall be established using an allowable methodology that
12 approximates the cost of claims submitted by the hospitals. Payments
13 made to each hospital in the program in each fiscal year of the
14 biennium shall be compared to a baseline amount. The baseline amount
15 will be determined by the total of (a) the inpatient claim payment
16 amounts that would have been paid during the fiscal year had the
17 hospital not been in the CPE program based on the reimbursement rates
18 developed, implemented, and consistent with policies approved in the
19 2019-2021 biennial operating appropriations act and in effect on July

23 share hospital payment amounts paid to and retained by each hospital
24 during fiscal year 2005 to the extent the same disproportionate share
25 hospital programs exist in the 2019-2021 fiscal biennium. If payments
26 during the fiscal year exceed the hospital's baseline amount, no
27 additional payments will be made to the hospital except the federal
28 portion of allowable disproportionate share hospital payments for
29 which the hospital can certify allowable match. If payments during
30 the fiscal year are less than the baseline amount, the hospital will
31 be paid a state grant equal to the difference between payments during
32 the fiscal year and the applicable baseline amount. Payment of the
33 state grant shall be made in the applicable fiscal year and
34 distributed in monthly payments. The grants will be recalculated and
35 redistributed as the baseline is updated during the fiscal year. The
36 grant payments are subject to an interim settlement within eleven
37 months after the end of the fiscal year. A final settlement shall be
38 performed. To the extent that either settlement determines that a
39 hospital has received funds in excess of what it would have received
40 as described in this subsection, the hospital must repay the excess

1 amounts to the state when requested. \$759,000 of the general fund—
2 state appropriation for fiscal year 2020 and (~~(\$740,000)~~) \$714,000 of

35 (g) For no more than two of the four quality focus performance
36 measures, the authority may use an alternate methodology to

37 if the authority or department of enterprise services determines that

17 The appropriations in this section are subject to the following
18 conditions and limitations:

19 (1) For the purposes of this section, "behavioral health
20 entities" means managed care organizations and administrative
21 services organizations in regions where the authority is purchasing
22 medical and behavioral health services through fully integrated
23 contracts pursuant to RCW 71.24.380, and behavioral health
24 organizations in regions that have not yet transitioned to fully
25 integrated managed care.

26 (2) Within the amounts appropriated in this section, funding is
27 provided for implementation of the settlement agreement under
28 *Trueblood, et al. v. Department of Social and Health Services, et*
29 *al.*, United States District Court for the Western District of
30 Washington, Cause No. 14-cv-01178-MJP. In addition to amounts
31 provided solely for implementation of the settlement agreement, class
32 members must have access to supports and services funded throughout
33 this section for which they meet eligibility and medical necessity
34 requirements. The authority must include language in contracts that
35 requires regional behavioral health entities to develop and implement
36 plans for improving access to timely and appropriate treatment for
37 individuals with behavioral health needs and current or prior
38 criminal justice involvement who are eligible for services under
39 these contracts.

1 (3) \$15,605,000 of the general fund—state appropriation for
2 fiscal year 2020, \$15,754,000 of the general fund—state appropriation
3 for fiscal year 2021, and \$4,789,000 of the general fund—federal
4 appropriation are provided solely for the phase-in of the settlement
5 agreement under *Trueblood, et al. v. Department of Social and Health*
6 *Services, et al.*, United States District Court for the Western
7 District of Washington, Cause No. 14-cv-01178-MJP. The department, in
8 collaboration with the health care authority and the criminal justice
9 training commission, must implement the provisions of the settlement
10 agreement pursuant to the timeline and implementation plan provided
11 for under the settlement agreement. This includes implementing
12 provisions related to competency evaluations, competency restoration,
13 crisis diversion and supports, education and training, and workforce
14 development.

15 (4) \$7,657,000 of the general fund—state appropriation for fiscal
16 year 2020, \$11,544,000 of the general fund—state appropriation for
17 fiscal year 2021, and \$20,197,000 of the general fund—federal
18 appropriation are provided solely for the authority and behavioral
19 health entities to continue to contract for implementation of high-
20 intensity programs for assertive community treatment (PACT) teams. In
21 determining the proportion of medicaid and nonmedicaid funding
22 provided to behavioral health entities with PACT teams, the authority
23 shall consider the differences between behavioral health entities in
24 the percentages of services and other costs associated with the teams
25 that are not reimbursable under medicaid. The authority may allow
26 behavioral health entities which have nonmedicaid reimbursable costs
27 that are higher than the nonmedicaid allocation they receive under
28 this section to supplement these funds with local dollars or funds
29 received under subsection (7) of this section. The authority and
30 behavioral health entities shall maintain consistency with all
31 essential elements of the PACT evidence-based practice model in
32 programs funded under this section.

33 (5) From the general fund—state appropriations in this section,
34 the authority shall assure that behavioral health entities reimburse
35 the department of social and health services aging and long term
36 support administration for the general fund—state cost of medicaid
37 personal care services that enrolled behavioral health entity
38 consumers use because of their psychiatric disability.

1 (6) \$3,520,000 of the general fund—federal appropriation is
2 provided solely for the authority to maintain a pilot project to
3 incorporate peer bridging staff into behavioral health regional teams
4 that provide transitional services to individuals returning to their
5 communities.

6 (7) \$81,930,000 of the general fund—state appropriation for
7 fiscal year 2020 and \$85,122,000 of the general fund—state
8 appropriation for fiscal year 2021 are provided solely for persons
9 and services not covered by the medicaid program. To the extent
10 possible, levels of behavioral health entity spending must be
11 maintained in the following priority order: Crisis and commitment
12 services; community inpatient services; and residential care
13 services, including personal care and emergency housing assistance.
14 These amounts must be distributed to behavioral health entities as
15 follows:

16 (a) Of the amount provided for fiscal year 2020, seventy percent
17 must be distributed to behavioral health administrative service
18 organizations and thirty percent to managed care organizations. The
19 percentage of funding provided to each behavioral health
20 administrative services organization must be proportionate to the
21 fiscal year 2019 regional allocation of flexible nonmedicaid funds.

22 (b) \$3,939,000 of the fiscal year 2021 amounts must be
23 distributed to behavioral health administrative service
24 organizations. Of the remaining amount for fiscal year 2021, eighty
25 percent must be distributed to behavioral health administrative
26 service organizations and twenty percent to managed care
27 organizations. The percentage of funding provided to each behavioral
28 health administrative services organization must be proportionate to
29 the fiscal year 2020 regional allocation of flexible nonmedicaid
30 funds.

31 (c) The authority must include the following language in medicaid
32 contracts with behavioral health entities unless they are provided
33 formal notification from the center for medicaid and medicare
34 services that the language will result in the loss of federal
35 medicaid participation: "The contractor may voluntarily provide
36 services that are in addition to those covered under the state plan,
37 although the cost of these services cannot be included when
38 determining payment rates unless including these costs are
39 specifically allowed under federal law or an approved waiver."

1 (8) The authority is authorized to continue to contract directly,
2 rather than through contracts with behavioral health entities for
3 children's long-term inpatient facility services.

4 (9) \$1,204,000 of the general fund—state appropriation for fiscal
5 year 2020 and \$1,204,000 of the general fund—state appropriation for
6 fiscal year 2021 are provided solely to reimburse Pierce and Spokane
7 counties for the cost of conducting one hundred eighty-day commitment
8 hearings at the state psychiatric hospitals.

9 (10) Behavioral health entities may use local funds to earn
10 additional federal medicaid match, provided the locally matched rate
11 does not exceed the upper-bound of their federally allowable rate
12 range, and provided that the enhanced funding is used only to provide
13 medicaid state plan or waiver services to medicaid clients.
14 Additionally, behavioral health entities may use a portion of the
15 state funds allocated in accordance with subsection (7) of this
16 section to earn additional medicaid match, but only to the extent
17 that the application of such funds to medicaid services does not
18 diminish the level of crisis and commitment, community inpatient,
19 residential care, and outpatient services presently available to
20 persons not eligible for medicaid.

21 (11) \$2,291,000 of the general fund—state appropriation for
22 fiscal year 2020 and \$2,291,000 of the general fund—state
23 appropriation for fiscal year 2021 are provided solely for mental
24 health services for mentally ill offenders while confined in a county
25 or city jail and for facilitating access to programs that offer
26 mental health services upon release from confinement. The authority
27 must collect information from the behavioral health entities on their
28 plan for using these funds, the numbers of individuals served, and
29 the types of services provided and submit a report to the office of
30 financial management and the appropriate fiscal committees of the
31 legislature by December 1st of each year of the biennium.

32 (12) Within the amounts appropriated in this section, funding is
33 provided for the authority to develop and phase in intensive mental
34 health services for high needs youth consistent with the settlement
35 agreement in *T.R. v. Dreyfus and Porter*.

36 (13) The authority must establish minimum and maximum funding
37 levels for all reserves allowed under behavioral health organization
38 and administrative services organization contracts and include
39 contract language that clearly states the requirements and

1 limitations. The authority must monitor and ensure that behavioral
2 health organization and administrative services organization reserves
3 do not exceed maximum levels. The authority must monitor revenue and
4 expenditure reports and must require a behavioral health organization
5 or administrative services organization to submit a corrective action
6 plan on how it will spend its excess reserves within a reasonable
7 period of time, when its reported reserves exceed maximum levels
8 established under the contract. The authority must review and approve
9 such plans and monitor to ensure compliance. If the authority
10 determines that a behavioral health organization or administrative
11 services organization has failed to provide an adequate excess
12 reserve corrective action plan or is not complying with an approved
13 plan, the authority must reduce payments to the entity in accordance
14 with remedial actions provisions included in the contract. These
15 reductions in payments must continue until the authority determines
16 that the entity has come into substantial compliance with an approved
17 excess reserve corrective action plan.

18 (14) During the 2019-2021 fiscal biennium, any amounts provided
19 in this section that are used for case management services for
20 pregnant and parenting women must be contracted directly between the
21 authority and providers rather than through contracts with behavioral
22 health organizations.

23 (15) Within the amounts appropriated in this section, the
24 authority may contract with the University of Washington and
25 community-based providers for the provision of the parent-child
26 assistance program or other specialized chemical dependency case
27 management providers for pregnant, post-partum, and parenting women.
28 For all contractors: (a) Service and other outcome data must be
29 provided to the authority by request; and (b) indirect charges for
30 administering the program must not exceed ten percent of the total
31 contract amount.

32 (16) \$3,500,000 of the general fund—federal appropriation (from
33 the substance abuse prevention and treatment federal block grant) is
34 provided solely for the continued funding of existing county drug and
35 alcohol use prevention programs.

36 (17) Within the amounts provided in this section, behavioral
37 health entities must provide outpatient chemical dependency treatment
38 for offenders enrolled in the medicaid program who are supervised by
39 the department of corrections pursuant to a term of community
40 supervision. Contracts with behavioral health entities must require

1 that behavioral health entities include in their provider network
2 specialized expertise in the provision of manualized, evidence-based
3 chemical dependency treatment services for offenders. The department
4 of corrections and the authority must develop a memorandum of
5 understanding for department of corrections offenders on active
6 supervision who are medicaid eligible and meet medical necessity for
7 outpatient substance use disorder treatment. The agreement will
8 ensure that treatment services provided are coordinated, do not
9 result in duplication of services, and maintain access and quality of
10 care for the individuals being served. The authority must provide all
11 necessary data, access, and reports to the department of corrections
12 for all department of corrections offenders that receive medicaid
13 paid services.

14 (18) The criminal justice treatment account—state appropriation
15 is provided solely for treatment and treatment support services for
16 offenders with a substance use disorder pursuant to RCW 71.24.580.
17 The authority must offer counties the option to administer their
18 share of the distributions provided for under RCW 71.24.580(5)(a). If
19 a county is not interested in administering the funds, the authority
20 shall contract with behavioral health entities to administer these
21 funds consistent with the plans approved by local panels pursuant to
22 RCW 71.24.580(5)(b). The authority must provide a report to the
23 office of financial management and the appropriate committees of the
24 legislature which identifies the distribution of criminal justice
25 treatment account funds by September 30, 2019.

26 (19) No more than \$27,844,000 of the general fund—federal
27 appropriation may be expended for supported housing and employment
28 services described in initiative 3a and 3b of the medicaid
29 transformation demonstration waiver under healthier Washington. Under
30 this initiative, the authority and the department of social and
31 health services shall ensure that allowable and necessary services
32 are provided to eligible clients as identified by the authority or
33 its providers or third party administrator. The department and the
34 authority in consultation with the medicaid forecast work group,
35 shall ensure that reasonable reimbursements are established for
36 services deemed necessary within an identified limit per individual.
37 The authority shall not increase general fund—state expenditures
38 under this initiative. The secretary in collaboration with the
39 director of the authority shall report to the joint select committee

1 on health care oversight no less than quarterly on financial and
2 health outcomes. The secretary in cooperation with the director shall
3 also report to the fiscal committees of the legislature all of the
4 expenditures of this subsection and shall provide such fiscal data in
5 the time, manner, and form requested by the legislative fiscal
6 committees.

7 (20) \$6,858,000 of the general fund—state appropriation for
8 fiscal year 2020, \$6,858,000 of the general fund—state appropriation
9 for fiscal year 2021, and \$8,046,000 of the general fund—federal
10 appropriation are provided solely to maintain new crisis triage or
11 stabilization centers. Services in these facilities may include
12 crisis stabilization and intervention, individual counseling, peer
13 support, medication management, education, and referral assistance.
14 The authority shall monitor each center's effectiveness at lowering
15 the rate of state psychiatric hospital admissions.

16 (21) \$1,125,000 of the general fund—federal appropriation is
17 provided solely for the authority to develop a memorandum of
18 understanding with the department of health for implementation of
19 chapter 297, Laws of 2017 (opioid treatment programs). The authority
20 must use these amounts to reimburse the department of health for
21 costs incurred through the implementation of the bill.

22 (22) \$6,655,000 of the general fund—state appropriation for
23 fiscal year 2020, (~~(\$10,015,000)~~) \$9,074,000 of the general fund—
24 state appropriation for fiscal year 2021, and (~~(\$12,965,000)~~)
25 \$12,024,000 of the general fund—federal appropriation are provided
26 solely for the operation of secure withdrawal management and
27 stabilization facilities. The authority may not use any of these
28 amounts for services in facilities that are subject to federal
29 funding restrictions that apply to institutions for mental diseases,
30 unless they have received a waiver that allows for full federal
31 participation in these facilities. Within these amounts, funding is
32 provided to increase the fee for service rate for these facilities up
33 to \$650 per day. The authority must require in contracts with
34 behavioral health entities that, beginning in calendar year 2020,
35 they pay no lower than the fee for service rate. The authority must
36 coordinate with regional behavioral health entities to identify and
37 implement purchasing strategies or regulatory changes that increase
38 access to services for individuals with complex behavioral health
39 needs at secure withdrawal management and stabilization facilities.

1 (23) \$23,090,000 of the general fund—state appropriation for
2 fiscal year 2020, \$23,090,000 of the general fund—state appropriation
3 for fiscal year 2021, and \$92,444,000 of the general fund—federal
4 appropriation are provided solely to maintain the enhancement of
5 community-based behavioral health services that was funded in fiscal
6 year 2019. Twenty percent of the general fund—state appropriation
7 amounts for each regional service area must be contracted to the
8 behavioral health administrative services organizations and used to
9 increase their nonmedicaid funding and the remainder must be used to
10 increase medicaid rates above FY 2018 levels. Effective January 2020,
11 the medicaid funding is intended to increase rates for behavioral
12 health services provided by licensed and certified community
13 behavioral health agencies as defined by the department of health.
14 This funding must be allocated to the managed care organizations
15 proportionate to their medicaid enrollees. The authority must require
16 the managed care organizations to provide a report on their
17 implementation of this funding. The authority must submit a report to
18 the legislature by December 1, 2020, summarizing how this funding was
19 used and provide information for future options of increasing
20 behavioral health provider rates through directed payments. The
21 report must identify different mechanisms for implementing directed
22 payment for behavioral health providers including but not limited to
23 minimum fee schedules, across the board percentage increases, and
24 value-based payments. The report must provide a description of each
25 of the mechanisms considered, the timeline that would be required for
26 implementing the mechanism, and whether and how the mechanism is
27 expected to have a differential impact on different providers. The
28 report must also summarize the information provided by managed care
29 organizations in implementing the funding provided under this
30 section.

35 solely for the department to contract with community hospitals or
36 freestanding evaluation and treatment centers to provide long-term
37 inpatient care beds as defined in RCW 71.24.025. Within these
38 amounts, the authority must meet the requirements for reimbursing
39 counties for the judicial services for patients being served in these

1 settings in accordance with RCW 71.05.730. The authority must
2 coordinate with the department of social and health services in
3 developing the contract requirements, selecting contractors, and
4 establishing processes for identifying patients that will be admitted
5 to these facilities.

6 (a) Sufficient amounts are provided in fiscal year 2020 for the
7 authority to reimburse community hospitals serving medicaid clients
8 in long-term inpatient care beds as defined in RCW 71.24.025 at a
9 rate of \$1,171 per day, or the hospital's current psychiatric
10 inpatient per diem rate, whichever is higher. In fiscal year 2020,
11 the rate paid to hospitals in this subsection cannot exceed one-
12 hundred percent of the hospitals eligible costs based on their most
13 recently completed medicare cost report.

14 (b) Sufficient amounts are provided in fiscal year 2021 for the
15 authority to reimburse providers serving medicaid clients in long-
16 term inpatient care beds as defined in RCW 71.24.025 as follows: (i)

18 their most recently filed medicare cost report at one hundred percent
19 of the hospital's eligible costs documented in the most recently
20 filed medicare cost report; (ii) community hospitals that do not have
21 a filed medicare cost report on file with the authority at the
22 statewide average rate based on the average of provider specific
23 long-term inpatient care rates or the provider's current per diem

25 not exceed their current rates based on their most recently filed
26 medicare cost report at a rate of \$940 per day; and (iv) nonhospital
27 residential treatment centers certified to provide long-term
28 inpatient care beds as defined in RCW 71.24.025 at a rate that
29 reflects a five percent increase from their fiscal year 2020 rate for
30 serving medicaid clients in long-term inpatient care beds as defined
31 in RCW 71.24.025.

32 ~~((e))~~ (c) The authority in collaboration with the Washington
33 state hospital association must convene a work group to further
34 refine the methodology for reimbursing community hospitals serving
35 these clients. The authority must provide a report to the appropriate
36 committees of the legislature by December 1, 2020. The report must
37 include options for incorporating additional factors into future rate
38 adjustments and identify where there may be overlap within the
39 different options. The report must include the following areas and

1 provide a description of the option and the methodology and
2 implementation costs associated with each option:

4 higher levels of behavioral health or physical health care needs;

8 payers.

9 (25) \$1,455,000 of the general fund—state appropriation for
10 fiscal year 2020 (~~(, \$1,401,000 of the general fund—state~~
11 ~~appropriation for fiscal year 2021, and \$3,210,000 of the general~~

12 (b) The authority must allocate the amounts provided in (a) of

14 fiscal year 2019 allocation.

15 (28) (a) \$1,125,000 of the general fund—state appropriation for
16 fiscal year 2020 and \$1,125,000 of the general fund—state
17 appropriation for fiscal year 2021 is provided solely for Spokane

38 fiscal year 2020 is provided solely to assist behavioral health
39 entities with the costs of providing services to medicaid clients

2 institutions of mental diseases. The authority must distribute these
3 amounts proportionate to the number of bed days for medicaid clients
4 in institutions for mental diseases that were excluded from
5 behavioral health entity calendar year 2019 capitation rates because
6 they exceeded the amounts allowed under federal regulations. The
7 authority must also use these amounts to directly pay for costs that
8 are ineligible for medicaid reimbursement in institutions of mental
9 disease facilities for American Indian and Alaska Natives who opt to
10 receive behavioral health services on a fee-for-service basis. The
11 amounts used for these individuals must be reduced from the
12 allocation of the behavioral health entities where the individual
13 resides. If a behavioral health entity receives more funding through
14 this subsection than is needed to pay for the cost of their medicaid
15 clients in institutions for mental diseases, they must use the
16 remainder of the amounts to provide other services not covered under
17 the medicaid program. The authority must submit an application for a
18 waiver to allow, by July 1, 2020, for full federal participation for
19 medicaid clients in mental health facilities classified as

17 support services, as identified in RCW 28A.150.260(6)(b) and the
18 increased allocations provided pursuant to subsections (2) and (4) of

24 Calculated benefit units are staff units multiplied by the benefit
25 allocation factors established in the collective bargaining agreement
26 referenced in section 907 of this act. These factors are intended to
27 adjust allocations so that, for the purpose of distributing insurance
28 benefits, full-time equivalent employees may be calculated on the

14 consolidation, the difference between the basic education formula
15 staff units received by the districts for the school year prior to
16 consolidation and the basic education formula staff units after
17 consolidation pursuant to subsection (13) of this section shall be
18 reduced in increments of twenty percent per year. (20)(a) Indirect
19 cost charges by a school district to approved career and technical
20 education middle and secondary programs shall not exceed the lesser

25 funding and financial reporting purposes under this section.

26 (b) Career and technical education program full-time equivalent
27 enrollment shall be reported on the same monthly basis as the
28 enrollment for students eligible for basic support, and payments
29 shall be adjusted for reported career and technical education program
30 enrollments on the same monthly basis as those adjustments for

24 benefits for the 2021-2023 fiscal biennium, any proposal agreed upon
25 must assume the imposition of a twenty-five dollar per month
26 surcharge payment from members who use tobacco products and a
27 surcharge payment of not less than fifty dollars per month from
28 members who cover a spouse or domestic partner where the spouse or

20 shall ensure that special education students as a class receive their
21 full share of the general apportionment allocation accruing through
22 sections 503 and 505 of this act. To the extent a school district

25 allocation, it shall provide services through the special education
26 excess cost allocation funded in this section.

33 rather than individual district units. For purposes of this
34 subsection, the average basic education allocation per full-time
35 equivalent student shall be calculated in the aggregate rather than
36 individual district units.

37 (7) \$63,609,000 of the general fund—state appropriation for
38 fiscal year 2020, (~~(\$91,500,000)~~ \$94,630,000) of the general fund—

27 home and hospital allocation and the special education program.

28 (9) The superintendent shall maintain the percentage of federal
29 flow-through to school districts at 85 percent. In addition to other
30 purposes, school districts may use increased federal funds for high-

19 education, differentiated instruction, and individualized
20 instruction. Funding for mentors must be prioritized to the public
21 schools with the highest percentage of students with individualized
