17 occurrence, of multiple exposures to the chemical or members of a
18 class of chemicals.

19 NEW SECTION. **Sec. 3.** (1) Every five years, and consistent with
20 the timeline established in section 5 of this act, the department, in
21 consultation with the department of health, shall identify priority
22 consumer products that are a significant source of or use of priority
23 chemicals. The department must submit a report to the appropriate
24 committees of the legislature at the time that it identifies a
25 priority consumer product.

26 (2) When identifying priority consumer products under this
27 section, the department must consider, at a minimum, the following
28 criteria:

29 (a) The estimated volume of a priority chemical or priority
30 chemicals added to, used in, or present in the consumer product;

31 (b) The estimated volume or number of units of the consumer
32 product sold or present in the state;

33 (c) The potential for exposure to priority chemicals by sensitive
34 populations or sensitive species when the consumer product is used,
35 disposed of, or has decomposed;

36 (d) The potential for priority chemicals to be found in the
37 outdoor environment, with priority given to surface water,
38 groundwater, marine waters, sediments, and other ecologically

1 sensitive areas, when the consumer product is used, disposed of, or
2 has decomposed;

3 (e) If another state or nation has identified or taken regulatory
4 action to restrict or otherwise regulate the priority chemical in the
5 consumer product;

6 (f) The availability and feasibility of safer alternatives; and

7 (g) Whether the department has already identified the consumer
8 product in a chemical action plan completed under chapter 70.105 RCW
9 as a source of a priority chemical or other reports or information
10 gathered under chapter 70.240, 70.76, 70.95G, 70.280, 70.285, 70.95M,
11 or 70.75A RCW.

12 (3) The department is not required to give equal weight to each
13 of the criteria in subsection (2)(a) through (g) of this section when
14 identifying priority consumer products that use or are a significant
15 source of priority chemicals.

16 (4) To assist with identifying priority consumer products under
17 this section and making determinations as authorized under section 4
18 of this act, the department may request a manufacturer to submit a
19 notice to the department that contains the information specified in
20 RCW 70.240.040 (1) through (6) or other information relevant to
21 subsection (2)(a) through (d) of this section. The manufacturer must
22 provide the notice to the department no later than six months after
23 receipt of such a demand by the department.

24 (5)(a) Except as provided in (b) of this subsection, the
25 department may not identify the following as priority consumer
26 products under this section:

27 (i) Plastic shipping pallets manufactured prior to 2012;

28 (ii) Food or beverages;

29 (iii) Tobacco products;

30 (iv) Drug or biological products regulated by the United States
31 food and drug administration;

32 (v) Finished products certified or regulated by the federal
33 aviation administration or the department of defense, or both, when
34 used in a manner that was certified or regulated by such agencies,
35 including parts, materials, and processes when used to manufacture or
36 maintain such regulated or certified finished products;

37 (vi) Motorized vehicles, including on and off-highway vehicles,
38 such as all-terrain vehicles, motorcycles, side-by-side vehicles,
39 farm equipment, and personal assistive mobility devices; and

1 (vii) Chemical products used to produce an agricultural
2 commodity, as defined in RCW 17.21.020.

3 (b) The department may identify the packaging of products listed
4 in (a) of this subsection as priority consumer products.

5 (6) For an electronic product identified by the department as a
6 priority consumer product under this section, the department may not
7 make a regulatory determination under section 4 of this act to
8 restrict or require the disclosure of a priority chemical in an
9 inaccessible electronic component of the electronic product.

10 NEW SECTION. **Sec. 4.** (1) Every five years, and consistent with
11 the timeline established in section 5 of this act, the department, in
12 consultation with the department of health, must determine regulatory
13 actions to increase transparency and to reduce the use of priority
14 chemicals in priority consumer products. The department must submit a
15 report to the appropriate committees of the legislature at the time
16 that it determines regulatory actions. The department may:

17 (a) Determine that no regulatory action is currently required;

18 (b) Require a manufacturer to provide notice of the use of a
19 priority chemical or class of priority chemicals consistent with RCW
20 70.240.040; or

21 (c) Restrict or prohibit the manufacture, wholesale,
22 distribution, sale, retail sale, or use, or any combination thereof,
23 of a priority chemical or class of priority chemicals in a consumer
24 product.

25 (2) (a) The department may order a manufacturer to submit
26 information consistent with section 3(4) of this act.

27 (b) The department may require a manufacturer to provide:

28 (i) A list of products containing priority chemicals;

29 (ii) Product ingredients;

30 (iii) Information regarding exposure and chemical hazard; and

31 (iv) A description of the amount and the function of the high
32 priority chemical in the product.

33 (3) The department may restrict or prohibit a priority chemical
34 or members of a class of priority chemicals in a priority consumer
35 product when it determines:

36 (a) Safer alternatives are feasible and available; and

37 (b) (i) The restriction will reduce a significant source of or use
38 of a priority chemical; or

1 (ii) The restriction is necessary to protect the health of
2 sensitive populations or sensitive species.

3 (4) When determining regulatory actions under this section, the
4 department may consider, in addition to the criteria pertaining to
5 the selection of priority chemicals and priority consumer products
6 that are specified in sections 2 and 3 of this act, whether:

7 (a) The priority chemical or members of a class of priority
8 chemicals are functionally necessary in the priority consumer
9 product; and

10 (b) A restriction would be consistent with regulatory actions
11 taken by another state or nation on a priority chemical or members of
12 a class of priority chemicals in a product.

13 (5) A restriction or prohibition on a priority chemical in a
14 consumer product may include exemptions or exceptions, including
15 exemptions to address existing stock of a product in commerce at the
16 time that a restriction takes effect.

17 NEW SECTION. **Sec. 5.** (1)(a) By June 1, 2020, and consistent
18 with section 3 of this act, the department shall identify priority
19 consumer products that are a significant source of or use of priority
20 chemicals specified in section 1(10) (a) through (f) of this act.

21 (b) By June 1, 2022, and consistent with section 4 of this act,
22 the department must determine regulatory actions regarding the
23 priority chemicals and priority consumer products identified in (a)
24 of this subsection.

25 (c) By June 1, 2023, the department must adopt rules to implement
26 regulatory actions determined under (b) of this subsection.

27 (2)(a) By June 1, 2024, and every five years thereafter, the
28 department shall select at least five priority chemicals specified in
29 section 1(10) (a) through (g) of this act that are identified
30 consistent with section 2 of this act.

31 (b) By June 1, 2025, and every five years thereafter, the
32 department must identify priority consumer products that contain any
33 new priority chemicals after notifying the appropriate committees of
34 the legislature, consistent with section 3 of this act.

35 (c) By June 1, 2027, and every five years thereafter, the
36 department must determine regulatory actions for any priority
37 chemicals in priority consumer products identified under (b) of this
38 subsection, consistent with section 4 of this act.

1 (d) By June 1, 2028, and every five years thereafter, the
2 department must adopt rules to implement regulatory actions
3 identified under (c) of this subsection.

4 (3) (a) The designation of priority chemicals by the department
5 does not take effect until the adjournment of the regular legislative
6 session immediately following the identification of chemicals, in
7 order to allow an opportunity for the legislature to add to, limit,
8 or otherwise amend the list of priority chemicals to be considered by
9 the department.

10 (b) The designation of priority consumer products by the
11 department does not take effect until the adjournment of the regular
12 legislative session immediately following the identification of
13 priority consumer products, in order to allow an opportunity for the
14 legislature to add to, limit, or otherwise amend the list of priority
15 consumer products to be considered by the department.

16 (c) The determination of regulatory actions by the department
17 does not take effect until the adjournment of the regular legislative
18 session immediately following the determination by the department, in
19 order to allow an opportunity for the legislature to add to, limit,
20 or otherwise amend the regulatory determinations by the department.

21 (d) Nothing in this subsection (3) limits the authority of the
22 department to:

23 (i) Begin to identify priority consumer products for a priority
24 chemical prior to the effective date of the designation of a priority
25 chemical;

26 (ii) Begin to consider possible regulatory actions prior to the
27 effective date of the designation of a priority consumer product; or

28 (iii) Initiate a rule-making process prior to the effective date
29 of a determination of a regulatory action.

30 (4) (a) When identifying priority chemicals and priority consumer
31 products under this chapter, the department must notify the public of
32 the selection, including the identification of the peer-reviewed
33 science and other sources of information that the department relied
34 upon, the basis for the selection, and a draft schedule for making
35 determinations. The notice must be published in the Washington State
36 Register. The department shall provide the public with an opportunity
37 for review and comment on the regulatory determinations.

38 (b) (i) By June 1, 2020, the department must create a stakeholder
39 advisory process to provide expertise, input, and a review of the
40 department's rationale for identifying priority chemicals and

1 priority consumer products and proposed regulatory determinations.
2 The input received from a stakeholder process must be considered and
3 addressed when adopting rules.

4 (ii) The stakeholder process must include, but is not limited to,
5 representatives from: Large and small business sectors; community,
6 environmental, and public health advocacy groups; local governments;
7 affected and interested businesses; an expert in scientific data
8 analysis; and public health agencies.

9 NEW SECTION. **Sec. 6.** (1) A manufacturer that submits
10 information or records to the department under this chapter may
11 request that the information or records be made available only for
12 the confidential use of the department, the director, or the
13 appropriate division of the department. The director shall give
14 consideration to the request and if this action is not detrimental to
15 the public interest and is otherwise within accord with the policies
16 and purposes of chapter 43.21A RCW, the director must grant the
17 request for the information to remain confidential as authorized in
18 RCW 43.21A.160. Under the procedures established under RCW
19 43.21A.160, the director must keep confidential any records furnished
20 by a manufacturer under this chapter that relate to proprietary
21 manufacturing processes or chemical formulations used in products or
22 processes.

23 (2) For records or other information furnished to the department
24 by a federal agency on the condition that the information be afforded
25 the same confidentiality protections as under federal law, the
26 director may determine that the information or records be available
27 only for the confidential use of the director, the department, or the
28 appropriate division of the department. All such records and
29 information are exempt from public disclosure. The director is
30 authorized to enter into an agreement with the federal agency
31 furnishing the records or information to ensure the confidentiality
32 of the records or information.

33 NEW SECTION. **Sec. 7.** (1) A manufacturer violating a requirement
34 of this chapter, a rule adopted under this chapter, or an order
35 issued under this chapter, is subject to a civil penalty not to
36 exceed five thousand dollars for each violation in the case of a
37 first offense. Manufacturers who are repeat violators are subject to

1 a civil penalty not to exceed ten thousand dollars for each repeat
2 offense.

3 (2) Any penalty provided for in this section, and any order
4 issued by the department under this chapter, may be appealed to the
5 pollution control hearings board.

6 (3) All penalties collected under this chapter shall be deposited
7 in the state toxics control account created in RCW 70.105D.070.

9 necessary for the purpose of implementing, administering, and
10 enforcing this chapter.

11 (2) (a) The department must adopt rules to implement the
12 determinations of regulatory actions specified in section 4(1) (b) or
13 (c) of this act. When proposing or adopting rules to implement
14 regulatory determinations specified in this subsection, the
15 department must identify the expected costs and benefits of the
16 proposed or adopted rules to state agencies to administer and enforce
17 the rules and to private persons or businesses, by category of type
18 of person or business affected.

19 (b) A rule adopted to implement a regulatory determination
20 involving a restriction on the manufacture, wholesale, distribution,
21 sale, retail sale, or use of a priority consumer product containing a
22 priority chemical may take effect no sooner than three hundred sixty-
23 five days after the adoption of the rule.

24 (c) Each rule adopted to implement a determination of regulatory
25 action specified in section 4(1) (b) or (c) of this act is a
26 significant legislative rule for purposes of RCW 34.05.328. The
27 department must prepare a small business economic impact statement
28 consistent with the requirements of RCW 19.85.040 for each rule to

34 ~~under section 8(5) of this act,~~) A manufacturer of a children's
35 product or a consumer product containing a priority chemical subject
36 to a rule adopted to implement a determination made consistent with
37 section 4(1)(b) of this act, or a trade organization on behalf of its
38 member manufacturers, shall provide notice to the department that the

1 manufacturer's product contains a high priority chemical or a
2 priority chemical identified under chapter 70.--- RCW (the new
3 chapter created in section 13 of this act). The notice must be filed
