
SENATE BILL 5192

State of Washington

67th Legislature

2021 Regular Session

By Senators Das and Lovelett

1 AN ACT Relating to supporting access to electric vehicle supply
2 equipment; amending RCW 19.94.010, 19.94.175, 19.94.190, 19.94.517,
3 and 46.08.185; and adding new sections to chapter 19.94 RCW.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

5 **Sec. 1.** RCW 19.94.010 and 2019 c 96 s 1 are each amended to read
6 as follows:

7 (1) The definitions in this section apply throughout this chapter
8 and to any rules adopted pursuant to this chapter unless the context
9 clearly requires otherwise.

10 (a) "City" means a first-class city or a code city, as defined in
11 RCW 35A.01.035, with a population of over fifty thousand persons.

12 (b) "City sealer" means the person duly authorized by a city to
13 enforce and administer the weights and measures program within such
14 city and any duly appointed deputy sealer acting under the
15 instructions and at the direction of the city sealer.

16 (c) "Commodity in package form" means a commodity put up or
17 packaged in any manner in advance of sale in units suitable for
18 either wholesale or retail sale, exclusive, however, of an auxiliary
19 shipping container enclosing packages that individually conform to
20 the requirements of this chapter. An individual item or lot of any
21 commodity not in packaged form, but on which there is marked a

1 selling price based on established price per unit of weight or of
2 measure, shall be construed to be a commodity in package form.

3 (d) "Consumer package" or "package of consumer commodity" means a
4 commodity in package form that is customarily produced or distributed
5 for sale through retail sales agencies or instrumentalities for
6 consumption by persons, or used by persons for the purpose of
7 personal care or in the performance of services ordinarily rendered
8 in or about a household or in connection with personal possessions.

9 (e) "Cord" means the measurement of wood intended for fuel or
10 pulp purposes that is contained in a space of one hundred
11 twenty-eight cubic feet, when the wood is ranked and well stowed.

12 (f) "Department" means the department of agriculture of the state
13 of Washington.

14 (g) "Director" means the director of the department or duly
15 authorized representative acting under the instructions and at the
16 direction of the director.

17 (h) "Fish" means any waterbreathing animal, including shellfish,
18 such as, but not limited to, lobster, clam, crab, or other mollusca
19 that is prepared, processed, sold, or intended for sale.

20 (i) "Net weight" means the weight of a commodity excluding any
21 materials, substances, or items not considered to be part of such
22 commodity. Materials, substances, or items not considered to be part
23 of a commodity shall include, but are not limited to, containers,
24 conveyances, bags, wrappers, packaging materials, labels, individual
25 piece coverings, decorative accompaniments, and coupons.

26 (j) "Nonconsumer package" or "package of nonconsumer commodity"
27 means a commodity in package form other than a consumer package and
28 particularly a package designed solely for industrial or
29 institutional use or for wholesale distribution only.

30 (k) "Meat" means and shall include all animal flesh, carcasses,
31 or parts of animals, and shall also include fish, shellfish, game,
32 poultry, and meat food products of every kind and character, whether
33 fresh, frozen, cooked, cured, or processed.

34 (l) "Official seal of approval" means the seal or certificate
35 issued by the director or city sealer which indicates that a
36 secondary weights and measures standard or a weighing or measuring
37 instrument or device conforms with the specifications, tolerances,
38 and other technical requirements adopted in RCW 19.94.190.

39 (m) "Person" means any individual, receiver, administrator,
40 executor, assignee, trustee in bankruptcy, trust, estate, firm,

1 copartnership, joint venture, club, company, business trust,
2 corporation, association, society, or any group of individuals acting
3 as a unit, whether mutual, cooperative, fraternal, nonprofit, or
4 otherwise.

5 (n) "Poultry" means all fowl, domestic or wild, that is prepared,
6 processed, sold, or intended or offered for sale.

7 (o) "Service agent" means a person who for hire, award,
8 commission, or any other payment of any kind, installs, tests,
9 inspects, checks, adjusts, repairs, reconditions, or systematically
10 standardizes the graduations of a weighing or measuring instrument or
11 device.

12 (p) "Ton" means a unit of two thousand pounds avoirdupois weight.

13 (q) "Weighing or measuring instrument or device" means any
14 equipment or apparatus used commercially to establish the size,
15 quantity, capacity, count, extent, area, heaviness, or measurement of
16 quantities, things, produce, or articles for distribution or
17 consumption, that are purchased, offered or submitted for sale, hire,
18 or award on the basis of weight, measure or count, including any
19 accessory attached to or used in connection with a weighing or
20 measuring instrument or device when such accessory is so designed or
21 installed that its operation affects, or may effect, the accuracy or
22 indication of the device. This definition shall be strictly limited
23 to those weighing or measuring instruments or devices governed by
24 Handbook 44 as adopted under RCW 19.94.190.

25 (r) "Weight" means net weight as defined in this section.

26 (s) "Weights and measures" means the recognized standards or
27 units of measure used to indicate the size, quantity, capacity,
28 count, extent, area, heaviness, or measurement of any consumable
29 commodity.

30 (t) "Secondary weights and measures standard" means the physical
31 standards that are traceable to the primary standards through
32 comparisons, used by the director, a city sealer, or a service agent
33 that under specified conditions defines or represents a recognized
34 weight or measure during the inspection, adjustment, testing, or
35 systematic standardization of the graduations of any weighing or
36 measuring instrument or device.

37 (u) "Charging session" means an event starting when a user or a
38 vehicle initiates a refueling event and stops when a user or a
39 vehicle ends a refueling event.

1 (v) "Clearly marked" means, at a minimum, a sign, sticker,
2 plaque, or any other visible marker that is readable, which may
3 include standards from the Americans with disabilities act of 1990,
4 2010 standards for accessible design.

5 (w) "Common interest community" has the same meaning as defined
6 in RCW 64.90.010.

7 (x) "Direct current fast charger" means electric vehicle supply
8 equipment capable of supplying direct current electricity to a
9 vehicle fitted with the appropriate connection to support refueling
10 the vehicle's energy storage battery.

11 (y) "Electric vehicle service provider" means the entity
12 responsible for operating one or more networked or nonnetworked
13 electric vehicle supply equipment. Operating includes, but is not
14 limited to: Sending commands or messages to a networked electric
15 vehicle supply equipment; receiving commands or messages from a
16 networked electric vehicle supply equipment; or providing billing,
17 maintenance, reservations, or other services to a nonnetworked or
18 networked electric vehicle supply equipment. An electric vehicle
19 service provider may designate another entity to act as the electric
20 vehicle service provider for purposes of this chapter. A state
21 agency, an electric utility as defined in RCW 19.405.020, or a
22 municipal corporation as defined in RCW 39.69.010 is considered an
23 electric vehicle service provider when responsible for operating one
24 or more networked or nonnetworked electric vehicle supply equipment.

25 (z) "Electric vehicle supply equipment" means the unit
26 controlling the power supply to one or more vehicles during a
27 charging session including, but not limited to, level 2 electric
28 vehicle supply equipment and direct current fast chargers.

29 (aa) "Installed" means operational and made available for a
30 charging session.

31 (bb) "Kiosk" means a stand-alone physical unit that allows users
32 to pay for and initiate a charging session at one or more electric
33 vehicle supply equipment located at the same site as the kiosk.

34 (cc) "Level 2 electric vehicle supply equipment" means electric
35 vehicle supply equipment capable of supplying 208 to 240 volt
36 alternating current.

37 (dd) "Networked electric vehicle supply equipment" means electric
38 vehicle supply equipment capable of receiving and sending commands or
39 messages remotely from an electric vehicle service provider.

1 (ee) "Nonnetworked electric vehicle supply equipment" means
2 electric vehicle supply equipment incapable of receiving and sending
3 commands or messages remotely from an electric vehicle service
4 provider, including electric vehicle supply equipment with remote
5 communication capabilities that have been disabled or electric
6 vehicle supply equipment with secondary systems that provide remote
7 communication capabilities that have been installed.

8 (ff) "Publicly available electric vehicle supply equipment" means
9 electric vehicle supply equipment and associated parking space or
10 spaces designated by a property owner or lessee to be available to,
11 and accessible by, the public.

12 (2) The director shall prescribe by rule other definitions as may
13 be necessary for the implementation of this chapter.

14 NEW SECTION. Sec. 2. A new section is added to chapter 19.94
15 RCW to read as follows:

16 (1) Except for the applicable exemptions in section 3 of this
17 act, electric vehicle supply equipment is considered publicly
18 available and is subject to the requirements of this chapter if:

19 (a) A lessee or a property owner designates electric vehicle
20 supply equipment to be available only to customers or visitors of a
21 business;

22 (b) Any member of the public can obtain vehicular access to
23 electric vehicle supply equipment and associated parking spaces
24 located in a parking garage or gated facility for free or through
25 payment of a fee;

26 (c) The electric vehicle supply equipment and associated parking
27 spaces are made available to the public for only limited time
28 periods, then the electric vehicle supply equipment and associated
29 parking spaces are considered publicly available electric vehicle
30 supply equipment during those limited time periods only.

31 (2) The director may by rule subject additional types of electric
32 vehicle supply equipment to the requirements of this chapter to
33 benefit the public and provide protections to consumers.

34 NEW SECTION. Sec. 3. A new section is added to chapter 19.94
35 RCW to read as follows:

36 (1) Publicly available electric vehicle supply equipment is
37 exempt from compliance with the requirements of sections 4 and 5 of
38 this act if:

1 (a) Members of the public may use the electric vehicle supply
2 equipment at no cost, including no charges, fees, memberships,
3 minimum balance on an account, and other cost at all times; and

4 (b) It is clearly marked that the electric vehicle supply
5 equipment is available for use at no cost at all times.

6 (2) This chapter does not apply to:

7 (a) Workplace electric vehicle supply equipment and its
8 associated parking spaces if it is clearly marked and operated as
9 available exclusively to employees or contracted drivers, regardless
10 of the physical accessibility of the electric vehicle supply
11 equipment to the public, and that is available for use at no cost;

12 (b) Electric vehicle supply equipment and associated parking
13 spaces reserved exclusively and available for use at no cost for
14 residents, tenants, visitors, or employees of a private residence or
15 common interest community; or a residential building adjacent to a
16 private residence.

17 (3) The director may by rule provide exemptions from compliance
18 with some or all requirements of this chapter to benefit the public
19 and provide protections to consumers, including electric vehicle
20 supply equipment that is not available or intended for use by the
21 public but where charges, fees, or other costs are required to
22 initiate a charging session.

23 NEW SECTION. **Sec. 4.** A new section is added to chapter 19.94
24 RCW to read as follows:

25 (1) By January 1, 2023, the electric vehicle service provider
26 must ensure all publicly available electric vehicle supply equipment
27 is clearly marked and discloses all charges, fees, and costs
28 associated with a charging session at each electric vehicle supply
29 equipment or kiosk used to service that electric vehicle supply
30 equipment. At a minimum, the electric vehicle service provider must
31 disclose to the user the following information at the point of sale,
32 if applicable:

33 (a) A fee for use of the parking space;

34 (b) A nonmember plug-in fee from the electric vehicle service
35 provider;

36 (c) Price to refuel in United States dollars per kilowatt-hour or
37 megajoule;

1 (d) Any potential changes in the price to refuel, in United
2 States dollars per kilowatt-hour or megajoule, due to variable
3 pricing; and

4 (e) Any other fees charged for a charging session.

5 (2) If the charging session or portion of a charging session is
6 offered at no cost, it must be disclosed at the electric vehicle
7 supply equipment or kiosk used to service that electric vehicle
8 supply equipment.

9 NEW SECTION. **Sec. 5.** A new section is added to chapter 19.94
10 RCW to read as follows:

11 (1) By July 1, 2022, the department, in consultation with the
12 department of commerce and the Washington utilities and
13 transportation commission, must adopt rules requiring all electric
14 vehicle service providers make available multiple payment methods at
15 all publicly available level 2 electric vehicle supply equipment or
16 direct current fast charger electric vehicle supply equipment
17 installed in Washington and must review and, if necessary, amend the
18 rules every two years, to maintain consistency with evolving
19 technology. At a minimum, the rules must include:

20 (a) Deadlines for electric vehicle service provider compliance
21 for publicly available level 2 electric vehicle supply equipment and
22 direct current fast charger electric vehicle supply equipment
23 installed prior to a specific date;

24 (b) Deadlines for electric vehicle service provider compliance
25 for publicly available level 2 electric vehicle supply equipment and
26 direct current fast charger electric vehicle supply equipment
27 installed on or after a specific date;

28 (c) Minimum required payment methods that are convenient and
29 reasonably support access for all current and future users at
30 publicly available level 2 electric vehicle supply equipment or
31 direct current fast charger electric vehicle supply equipment
32 installed in Washington. Payment methods may include, but are not
33 limited to:

34 (i) A credit card reader device physically located on either the
35 electric vehicle supply equipment unit or a kiosk used to service
36 that electric vehicle supply equipment;

37 (ii) A toll-free number on each electric vehicle supply equipment
38 and kiosk used to service that electric vehicle supply equipment that
39 provides the user with the option to initiate a charging session and

1 submit payment at any time that the electric vehicle supply equipment
2 is operational and publicly available;

3 (iii) A mobile payment option used to initiate a charging
4 session;

5 (d) Means for conducting a charging session in languages other
6 than English;

7 (e) Means for facilitating charging sessions for consumers who
8 are unbanked, underbanked, or low-moderate income.

9 (2) The electric vehicle service provider may not require a
10 subscription, membership, or account or a minimum balance on an
11 account in order to initiate a charging session at electric vehicle
12 supply equipment subject to this section.

13 (3) If an electric vehicle service provider sells or intends to
14 sell consumer data collected during or associated with a charging
15 session, the electric vehicle service provider shall disclose all
16 types of data collected to the consumer.

17 (4) For the purpose of this section, "mobile payment" means an
18 electronic fund transfer initiated through a mobile phone or device.

19 NEW SECTION. **Sec. 6.** A new section is added to chapter 19.94
20 RCW to read as follows:

21 (1) Interoperability standards provide safeguards to consumers
22 and support access to electric vehicle supply equipment. In order for
23 Washington to have reliable, accessible, and competitive markets for
24 electric vehicle supply equipment that are necessary for the movement
25 of goods and people by electric vehicles, interoperability standards
26 that align with national and international best practices or
27 standards are necessary.

28 (2) By July 1, 2022, the department, in consultation with the
29 department of commerce and the Washington utilities and
30 transportation commission, shall adopt rules establishing
31 requirements for all electric vehicle service providers to, at a
32 minimum, meet and maintain interoperability standards for publicly
33 available level 2 electric vehicle supply equipment and direct
34 current fast charger electric vehicle supply equipment and shall
35 review and, if necessary, amend the rules every two years, to
36 maintain consistency with evolving technology.

37 (3) For the purpose of this section, "interoperability" means the
38 ability of hardware, systems, software, or a communications network
39 provided by one party, vendor, or service provider to interact with

1 or exchange and make use of information, including payment
2 information, between hardware, software, or a communications network
3 provided by a different party, vendor, or service provider.

4 NEW SECTION. **Sec. 7.** A new section is added to chapter 19.94
5 RCW to read as follows:

6 (1) This section applies to all electric vehicle service
7 providers operating one or more publicly available level 2 electric
8 vehicle supply equipment or direct current fast charger electric
9 vehicle supply equipment installed in Washington. If an electric
10 vehicle service provider also operates electric vehicle supply
11 equipment that is not available to the public, the requirements of
12 this section apply only to that electric vehicle service provider's
13 publicly available level 2 electric vehicle supply equipment or
14 direct current fast charger electric vehicle supply equipment
15 installed in Washington.

16 (2) By July 1, 2022, the department of commerce, in consultation
17 with the department and the Washington utilities and transportation
18 commission, must adopt rules establishing inventory, payment, and
19 reliability reporting requirements for electric vehicle service
20 providers and shall review and, if necessary, amend the rules every
21 two years, to maintain consistency with evolving technology. The
22 rules must include requirements for electric vehicle service
23 providers to collect and submit information including, but not
24 limited to:

- 25 (a) Electric vehicle service provider contact information;
- 26 (b) Electric vehicle supply equipment model certification for
27 each electric vehicle supply equipment model operated in Washington;
- 28 (c) Electric vehicle supply equipment inventory for both active
29 and retired, decommissioned, or removed electric vehicle supply
30 equipment in Washington;
- 31 (d) Annual reports detailing electric vehicle supply equipment
32 payment information;
- 33 (e) Specifications for reporting data to the national renewable
34 energy laboratory, alternative fuels data center.

35 **Sec. 8.** RCW 19.94.175 and 2019 c 96 s 3 are each amended to read
36 as follows:

1 (1) Pursuant to RCW 19.94.015, the following annual registration
2 fees shall be charged for each weighing or measuring instrument or
3 device used for commercial purposes in this state:

- 4 (a) Weighing devices:
 - 5 (i) Small scales "zero to four
6 hundred pounds capacity" ... \$ 16.00
 - 7 (ii) Intermediate scales "four
8 hundred one pounds to five
9 thousand pounds capacity" .. \$ 60.00
 - 10 (iii) Large scales "over five
11 thousand pounds capacity" .. \$ 120.00
 - 12 (iv) Railroad track scales \$ 1,200.00
- 13 (b) Liquid fuel metering devices:
 - 14 (i) Motor fuel meters with flows
15 of twenty gallons or less per
16 minute \$ 16.00
 - 17 (ii) Motor fuel meters with flows
18 of more than twenty but not
19 more than one hundred fifty
20 gallons per minute \$ 50.00
 - 21 (iii) Motor fuel meters with flows
22 over one hundred fifty gallons
23 per minute \$ 75.00
- 24 (c) Liquid petroleum gas meters:
 - 25 (i) With one inch diameter or
26 smaller dispensers \$ 40.00
 - 27 (ii) With greater than one inch
28 diameter dispensers \$ 80.00
- 29 (d) Fabric meters \$ 15.00
- 30 (e) Cordage meters \$ 15.00
- 31 (f) Mass flow meters \$ 300.00
- 32 (g) Taxi meters \$ 40.00

33 (2) Pursuant to RCW 19.94.015, a reasonable registration fee for
34 electric vehicle supply equipment may be established through rule
35 making to cover the costs associated with enforcing this chapter on
36 electric vehicle supply equipment.

1 (3) With the exception of subsection (~~((3))~~) (4) of this section,
2 no person shall be required to pay more than the annual registration
3 fee for any weighing or measuring instrument or device in any one
4 year.

5 (~~((3))~~) (4) The department or a city sealer may establish
6 reasonable inspection and testing fees for each type or class of
7 weighing or measuring instrument or device specially requested to be
8 inspected or tested by the device owner. These inspection and testing
9 fees shall be limited to those amounts necessary for the department
10 or city sealer to cover the direct costs associated with such
11 inspection and testing. The fees shall not be set so as to compete
12 with service agents normally engaged in such services.

13 (~~((4))~~) (5) The weights and measures advisory group within the
14 department must review the fees in subsection (1) of this section and
15 report to stakeholders on the financial status of the program
16 supported by the fees by September 1, 2024, and September 1st every
17 five years thereafter.

18 **Sec. 9.** RCW 19.94.190 and 2019 c 96 s 4 are each amended to read
19 as follows:

20 (1) The director and duly appointed city sealers must enforce the
21 provisions of this chapter.

22 (2) The department's enforcement proceedings under this chapter
23 are subject to the requirement to provide technical assistance in
24 chapter 43.05 RCW and the administrative procedure act, chapter 34.05
25 RCW. City sealers undertaking enforcement actions must provide
26 equivalent procedures.

27 (3) In assessing the amount of a civil penalty, the department or
28 city must give due consideration to the gravity of the violation and
29 history of previous violations.

30 (4) The director must adopt rules for enforcing and carrying out
31 the purposes of this chapter including but not limited to the
32 following:

33 (a) Establishing state standards of weight, measure, or count,
34 and reasonable standards of fill for any commodity in package form;

35 (b) The establishment of technical test procedures to be
36 followed, any necessary report and record forms, and marks of
37 rejection to be used by the director and city sealers in the
38 discharge of their official duties as required by this chapter;

1 (c) The establishment of technical test procedures, reporting
2 procedures, and any necessary record and reporting forms to be used
3 by service agents when testing and inspecting instruments or devices
4 under RCW 19.94.255(3) or when otherwise installing, repairing,
5 inspecting, or standardizing the graduations of any weighing or
6 measuring instruments or devices;

7 (d) The establishment of exemptions from the marking or tagging
8 requirements of RCW 19.94.250 with respect to weighing or measuring
9 instruments or devices of such a character or size that the marking
10 or tagging would be inappropriate, impracticable, or damaging to the
11 apparatus in question;

12 (e) The establishment of exemptions from the inspection and
13 testing requirements of RCW 19.94.163 with respect to classes of
14 weighing or measuring instruments or devices found to be of such a
15 character that periodic inspection and testing is unnecessary to
16 ensure continued accuracy;

17 (f) The establishment of inspection and approval techniques, if
18 any, to be used with respect to classes of weighing or measuring
19 instruments or devices that are designed specifically to be used
20 commercially only once and then discarded, or are uniformly
21 mass-produced by means of a mold or die and are not individually
22 adjustable;

23 (g) The establishment of inspection and testing procedures to be
24 used for classes of weighing or measuring instruments or devices
25 found to be few in number, highly complex, and of such character that
26 differential or special inspection and testing is necessary,
27 including railroad track scales. The department's procedures shall
28 include requirements for the provision, maintenance, and transport of
29 any weight or measure necessary for the inspection and testing at no
30 expense to the state;

31 (h) Specifications, tolerances, and other technical requirements
32 for commercial weighing and measuring instruments or devices that
33 must be consistent with the most recent edition of the national
34 institute of standards and technology handbook 44 except where
35 modified to achieve state objectives; and

36 (i) Packaging, labeling, and method of sale of commodities that
37 must be consistent with the most recent edition of the national
38 institute of standards and technology handbook 44 and 130 (for legal
39 metrology and engine fuel quality) except where modified to achieve
40 state objectives.

1 (5) Rules adopted under this section must also include
2 specifications and tolerances for the acceptable range of accuracy
3 required of weighing or measuring instruments or devices and must be
4 designed to eliminate from use, without prejudice to weighing or
5 measuring instruments or devices that conform as closely as
6 practicable to official specifications and tolerances, those that:
7 (a) Are of such construction that they are faulty, that is, that are
8 not reasonably permanent in their adjustment or will not repeat their
9 indications correctly; or (b) facilitate the perpetration of fraud.

10 (6) By January 1, 2023, the director must adopt rules related to
11 the sale of electricity sold as a vehicle fuel and electric vehicle
12 fueling systems consistent with the most recent edition of the
13 national institute of standards and technology handbook 130 and
14 handbook 44, except where modified to achieve state objectives, and
15 must review and, if necessary, amend the rules utilizing a public
16 stakeholder process and providing the public advance notice for any
17 proposed modifications every two years, to maintain consistency with
18 evolving technology. These rules may take effect no earlier than
19 January 1, 2024.

20 **Sec. 10.** RCW 19.94.517 and 2019 c 96 s 19 are each amended to
21 read as follows:

22 (1) Whenever the department or a city sealer tests or inspects a
23 weighing or measuring instrument or device and finds the instrument
24 or device to be incorrect to the economic benefit of the owner/
25 operator of the weighing or measuring instrument or device and to the
26 economic detriment of the customer, the owner of the weighing or
27 measuring instrument or device is subject to the following civil
28 penalties:

29 Device deviations outside the tolerances stated in
30 Handbook 44.

31 Penalty

32 Small weighing or measuring instruments or devices:

33 First violation \$ 200.00
34 Second or subsequent
35 violation within one year
36 of first violation \$ 500.00

37 Medium weighing or measuring instruments or devices:

38 First violation \$ 400.00

1	Second or subsequent		
2	violation within one year		
3	of first violation	\$	1,000.00
4	Large weighing or measuring instruments or devices:		
5	First violation	\$	500.00
6	Second or subsequent		
7	violation within one year		
8	of first violation	\$	2,000.00
9	<u>Electric vehicle fuel measuring instruments or devices:</u>		
10	<u>First violation</u>	<u>\$</u>	<u>200.00</u>
11	<u>Second or subsequent</u>		
12	<u>violation within one year</u>		
13	<u>of first violation</u>	<u>\$</u>	<u>500.00</u>

14 (2) For the purposes of this section:

15 (a) The following are small weighing or measuring instruments or
16 devices: Scales of zero to four hundred pounds capacity, liquid fuel
17 metering devices with flows of not more than twenty gallons per
18 minute, liquid petroleum gas meters with one inch in diameter or
19 smaller dispensers, fabric meters, cordage meters, and taxi meters.

20 (b) The following are medium weighing or measuring instruments or
21 devices: Scales of four hundred one to five thousand pounds capacity,
22 liquid fuel metering devices with flows of more than twenty but not
23 more than one hundred fifty gallons per minute, and mass flow meters.

24 (c) The following are large weighing or measuring instruments or
25 devices: Liquid petroleum gas meters with greater than one inch
26 diameter dispensers, liquid fuel metering devices with flows over one
27 hundred fifty gallons per minute, and scales of more than five
28 thousand pounds capacity and scales of more than five thousand pounds
29 capacity with supplemental devices.

30 (3) The weighing or measuring instrument or device owner may
31 appeal the civil penalty.

32 **Sec. 11.** RCW 46.08.185 and 2013 c 60 s 1 are each amended to
33 read as follows:

34 (1) An electric vehicle charging station must be indicated by
35 vertical signage identifying the station as an electric vehicle
36 charging station and indicating that it is only for electric vehicle
37 charging. The signage must be consistent with the manual on uniform

1 traffic control devices, as adopted by the department of
2 transportation under RCW 47.36.030. Additionally, the electric
3 vehicle charging station must be indicated by green pavement
4 markings. Supplementary signage may be posted to provide additional
5 information including, but not limited to, the amount of the monetary
6 penalty under subsection (2) of this section for parking in the
7 station while not connected to the charging equipment. An electric
8 vehicle charging station must comply with the requirements in
9 sections 2 through 5 of this act.

10 (2) It is a parking infraction, with a monetary penalty of one
11 hundred twenty-four dollars, for any person to park a vehicle in an
12 electric vehicle charging station provided on public or private
13 property if the vehicle is not connected to the charging equipment.
14 The parking infraction must be processed as prescribed under RCW
15 3.50.100, 35.20.220, 46.16A.120, and 46.20.270(~~(+3)~~) (2).

16 (3) For purposes of this section, "electric vehicle charging
17 station" means a public or private parking space that is served by
18 charging equipment that has as its primary purpose the transfer of
19 electric energy to a battery or other energy storage device in an
20 electric vehicle.
