1 AN ACT Relating to requiring reporting, collecting, and
2 publishing information regarding law enforcement interactions with
3 the communities they serve; adding a new chapter to Title 10 RCW; and
4 providing an expiration date.

5 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

6 NEW SECTION. **Sec. 1.** The legislature finds that law enforcement
7 transparency and accountability are vital in maintaining public
8 trust. Data collection is one essential tool to allow the public, law
9 enforcement, and policymakers to analyze the effectiveness of
10 existing police practices, determine which policies and training work
11 and do not work, and avoid unintended consequences by supporting
12 policy decisions with clear and relevant data.

13 The legislature finds that creating a statewide data collection
14 program that creates a publicly accessible database to track metrics
15 will help to promote openness, transparency, and accountability,
16 build stronger police-community relations, improve trust and
17 confidence in policing services, evaluate specific areas of concern
18 such as biased policing and excessive force, and ultimately improve
19 the quality of policing services.

1 NEW SECTION. **Sec. 2.** The definitions in this section apply
2 throughout this chapter unless the context clearly requires
3 otherwise.

4 (1) "Contractor" means the institution of higher education
5 contracted with the office of the attorney general to implement the
6 statewide use of force data program as provided in this chapter.

7 (2) "Great bodily harm" has the same meaning as in RCW 9A.04.110.

8 (3) "Institution of higher education" has the same meaning as in
9 RCW 28B.92.030.

10 (4) "Law enforcement agency" or "agency" means any general
11 authority Washington law enforcement agency and limited authority
12 Washington law enforcement agency as those terms are defined in RCW
13 10.93.020.

14 (5) "Substantial bodily harm" has the same meaning as in RCW
15 9A.04.110.

16 NEW SECTION. **Sec. 3.** (1)(a) Subject to the availability of
17 amounts appropriated for this specific purpose, the attorney
18 general's office shall establish an advisory group to assist with the
19 office's design, development, and implementation of a statewide use
20 of force data program. Members are appointed by the attorney
21 general's office and must consist of:

22 (i) At least three representatives from local nongovernmental
23 organizations or advocacy groups that are focused on the interactions
24 between law enforcement and the community;

25 (ii) At least three representatives from law enforcement agencies
26 or organizations representing the interests of law enforcement by
27 interacting and utilizing this data; and

28 (iii) At least one representative from the private sector or the
29 public sector with experience in data collection programs, preferably
30 law enforcement data collection.

31 (b) To ensure the advisory group has diverse and inclusive
32 representation of those affected by its work, advisory group members
33 whose participation in the advisory group may be hampered by
34 financial hardship may apply for a stipend in an amount not to exceed
35 \$100 for each day during which the member attends an official meeting
36 of the advisory group or performs prescribed duties approved by the
37 attorney general's office.

38 (2) By April 1, 2022, the advisory group shall submit to the
39 attorney general its recommendations on the following elements:

1 (a) How to prioritize the implementation of the reporting,
2 collection, and publication of the use of force data reports required
3 in section 4(2) of this act;

4 (b) Additional incidents and data to be collected from law
5 enforcement agencies on interactions between officers and the public,
6 such as traffic stops, pedestrian stops, calls for services, arrests,
7 vehicle pursuits, and disciplinary actions, as well as demographic
8 information including race, ethnicity, and gender of a crime victim
9 or victims. This recommendation should consider phased
10 implementation, if necessary, based on current practices and
11 available data as compared to additional practices and new data that
12 would need to be implemented by law enforcement agencies;

13 (c) Recommend practices for law enforcement agencies to collect
14 and report data to the contractor. To the greatest extent feasible,
15 the reporting mechanisms for the program must include the opportunity
16 for law enforcement agencies to submit the required data elements
17 through incident reports or any other electronic means. The advisory
18 group may also work to develop a standardized incident report that
19 meets the data and reporting requirements of the statewide use of
20 force data program for voluntary use by law enforcement agencies;

21 (d) Recommend practices for the public to report relevant
22 information to the contractor directly, or its successor, including
23 correcting misreported and otherwise incorrect data;

24 (e) Recommend practices for public, law enforcement, and academic
25 access and use of program data that must include, at a minimum:

26 (i) Public access to deidentified data and analysis in a
27 searchable format published on a website by the contractor, including
28 dashboards produced for agency use and methodologies employed in
29 meeting requirements identified in this section, as long as any
30 publication of those materials does not include personally
31 identifiable information;

32 (ii) Access to deidentified raw and/or refined data for academic
33 research;

34 (iii) Interactive data visualization tools designed for law
35 enforcement agencies and other entities to use the data for research,
36 professional development, training, and management;

37 (iv) The ability to extract data from incident reports, or other
38 electronic means, and officer narratives in order to standardize data
39 across multiple agencies;

1 (v) Ensure protection and removal of all personally identifiable
2 information of officers, subjects, and victims in any data or
3 analyses that are publicly released; and

4 (vi) Semiannual reports, summarizing the data collected and any
5 related analysis, published on the website and submitted to the
6 legislature and governor by June 1st and December 1st of each year;

7 (f) The advisory group may make recommendations in the following
8 areas if time and resources allow:

9 (i) Analytical dashboards with individual officer details for use
10 by law enforcement agencies as a risk management tool;

11 (ii) Agency level comparative dashboards for all law enforcement
12 agencies in the state; and

13 (iii) Incorporating available historical data to identify long-
14 term trends and patterns.

15 (3)(a) The office of the attorney general shall review the
16 recommendations of the advisory group and approve or reject, in whole
17 or in part, the recommendations. In reviewing the program
18 recommendations, the office of the attorney general shall consider:

19 (i) Available funding to achieve the recommendations;

20 (ii) Prioritizing the implementation of the reporting,
21 collection, and publication of the use of force data reports in
22 section 4(2) of this act;

23 (iii) The interests of the public in accessing information in a
24 transparent and expedient manner. In considering the interests of the
25 public, the advisory board shall accept and consider comments from
26 impacted family members or their designees;

27 (iv) The institutional operations and demands of law enforcement
28 agencies through input and comments from the criminal justice
29 training center and local law enforcement agencies.

30 (b) For any recommendation that was rejected, in part or in full,
31 the advisory group may submit revised recommendations for
32 consideration by the office of the attorney general in accordance
33 with any deadlines established by the office. The office of the
34 attorney general may also approve recommendations subject to the
35 legislature appropriating the funding necessary for their
36 implementation.

37 (4) The approved recommendations and the requirements contained
38 in section 4 of this act constitute the statewide use of force data
39 program.

40 (5) This section expires January 1, 2023.
