SENATE BILL 6121

---

State of Washington

66th Legislature

2020 Regular Session

By Senator Takko

Prefiled 12/30/19.

1 AN ACT Relating to designating the Pacific razor clam as the  
2 state clam; adding a new section to chapter 1.20 RCW; and creating a  
3 new section.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

5 NEW SECTION. **Sec. 1.** A new section is added to chapter 1.20 RCW  
6 to read as follows:

7 The Pacific razor clam, *Siliqua patula*, is hereby designated as  
8 the official clam of the state of Washington.

9 NEW SECTION. **Sec. 2.** The Pacific razor clam, *Siliqua patula*, is  
10 endemic to the Pacific Northwest, abundant on Washington's sandy  
11 coastal beaches, and an important part of the cultural identity of  
12 the state. Armed with clam shovels and tubes, Washingtonians in  
13 recent years have harvested as many as eight million clams annually.

14 The oblong shell of the Pacific razor clam is golden-hued,  
15 symmetrical, and especially handsome. The flesh is meaty and makes  
16 for premier table fare and a healthy, organic, wild food source. As  
17 such, digging for razor clams has been a family centric, all-ages,  
18 recreational activity, subsistence activity, and commercial endeavor  
19 for as long as people have been in Washington, beginning with the  
20 many native American tribes. Scientific, sustainable clam management

1 has resulted in safe and bountiful harvests. As a result, razor  
2 clamming is a living tradition that attracts hundreds of thousands to  
3 the seashore every year, providing healthy exercise and outdoor  
4 experiences for Washingtonians while bolstering the local coastal  
5 economy.

6 The legislature therefore finds that the Pacific razor clam is an  
7 icon of the state worthy of the title of official clam of the state  
8 of Washington. Additionally, unlike other Northwest clam species,  
9 razor clams are very mobile, with a powerful foot, providing a  
10 sporting chase!
