

## Fiscal Estimate Narratives

DWD 2/24/2022

LRB Number	21-6110/1	Introduction Number	SB-1005	Estimate Type	Original
<b>Description</b> online clearinghouse of information for small businesses in Wisconsin					

### Assumptions Used in Arriving at Fiscal Estimate

This bill creates an online clearinghouse for small businesses that would be operated by the Department of Administration (DOA). The Department of Workforce Development (DWD) is listed as one of four state agencies with which DOA must coordinate to publish relevant information on the clearinghouse website related to small businesses. DOA is also required to coordinate with local governments and other entities DOA identifies as appropriate.

The Department would work with DOA to determine the materials that meet the criteria listed in the bill. DWD assumes that DOA will accept electronic copies of materials and hyperlinks for the clearinghouse. The Department estimates an annual effort of 10 work hours to provide administrative support and technical assistance to DOA. Therefore the bill has no material fiscal effect to the Department.

It is possible that DOA will incur costs for establishing and maintaining the clearinghouse and that a portion of those costs could be assessed to state agencies, but, for the purposes of this fiscal estimate, it is assumed that DOA will not incur new costs that are assessed to DWD.

### Long-Range Fiscal Implications
