Analysis by the Legislative Reference Bureau

This bill requires the Department of Administration to establish a competitive grant program that is open to public and private schools for grants to improve the safety of school buildings and to provide security training to school personnel. Under the bill, DOA must delegate the administration of the grant program to cooperative educational service agency 6 (CESA 6). In administering the program, CESA 6 must give preference to applicants that have not received a school safety grant from the Department of Justice. The bill provides \$30,000,000 for these grants. Finally, the grant program sunsets on July 1, 2025.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.
