\*\*\*AUTHORS SUBJECT TO CHANGE\*\*\*

1    **AN ACT *to repeal*** 146.905 of the statutes; **relating to:** reducing or eliminating  
2        coinsurance and deductibles for health care expenses.

---

***Analysis by the Legislative Reference Bureau***

Under current law, a health care provider is prohibited from reducing or eliminating, or offering to reduce or eliminate, coinsurance or a deductible of an individual covered under a health insurance policy that is required under the terms of the policy, unless paying the amount would be an undue financial hardship to the individual. This bill eliminates that prohibition.
